**BOSE Amends Class 12 Results** 

# 165 'Failed' **Students Get Distinctions**

Agencies

Srinagar: At least 165 students, who were declared failed to qualify all subjects of 12th standard have been re-declared as distinction holders in the amended an-

nual regular results. Jammu and Kashmir Board of School Education (JKBOSE) on Monday announced the amendment and revised notification of those students who were declared failed due to the 'lackadaisical approach of either from their parental school or the BOSE'.

In a notification BOSE said, "Further to the Higher Secondary Part Two examination results, at least 165 roll numbers' results are amended, revised and declared."

Pertinently, a group of class 12th students Saturday held a demonstration here in press enclave Srinagar against the discrepancy in

results announced by BOSE. The protesting students

had said that scores of students of Government Higher Secondary School Kakapora have been marked absent for practical paper of chemistry subject and subsequently marked as 'reappear.'

"We have scored good marks in the theory paper, and due to the practical discrepancy, the entire subject is shown as 'reappear,' which has left us mentally

disturbed," they said.
On Friday, Jammu and
Kashmir Board of School Education announced annual regular results of 12th standard with an overall pass percentage of 65 percent.

Meanwhile, top officials of BOSE informed that the parental school of those students hadn't updated their

"We got the award roll lately from their respective schools and that's why this issue occurred. There was no fault of BOSE in it," the official said—(KNO)

# RBI Okays Compromise Settlement Of Wilful Defaulters, Fraud Accounts

**Press trust of India** 

Mumbai: In order to ensure maximum recovery from distressed assets, the Reserve Bank of India has allowed banks to go for compromise settlement of fraud accounts and wilful defaults.

All regulated entities (REs) will be required to put in place board-approved policies for undertaking compromise settlements, with the borrowers as well as for technical writeoffs laying down the process to be followed for all compromise settlements and technical write-offs, with specific guidance on the necessary conditions precedent, the RBI has

minimum ageing, deterioration

in collateral value etc, it said. The policies would also put in place a graded framework for the examination of staff accountability in such cases with reasonable thresholds and timelines as may be decided by Conditions would include the board. REs may undertake compromise settlements or

technical write-offs in respect of accounts categorised as wilful defaulters or fraud without prejudice to the criminal proceeding underway against such debtors.

"In respect of compromise settlements, the policy shall inter alia contain provisions relating to permissible sacrifice

for various categories of exposures while arriving at the settlement amount, after prudently reckoning the current realisable value of security/collateral, where available," as per the notification.

The methodology for arriving at the realisable value of the security shall also form part of the policy.

The objective would be to maximise the possible recovery from a distressed borrower at minimum expense, in the best interest of the Regulated Entity (RE).

"The compromise settlements and technical write-offs would be without prejudice to any mutually agreed tual provisions between the RE and the borrower | More on P10

#### **J&K To Receive Light Rains From Today**

**Agencies** 

**Srinagar:** Mainly dry weather has been predicted during next 24 hours and light rain and thunderstorm at scattered places of Jammu and Kashmir from June 13 to 17.

Quoting a meteorological department official, news agency GNS reported that today was expected to be "warmer" than yesterday.

From June 13-17, he said, weather was expected to be "partly to generally cloudy."
"Light rain/thunderstorm was expected at scattered places of Jammu & Kashmir," he said, adding, "Some places in Jammu region are likely to receive moderate to heavy thunder-shower during June 14-15th (60% chance)," he said.

Regarding the temperature, he said, Srinagar recorded a low of 14.6°C | More on P10

#### Injured **Policeman Loses Battle With Life**

**Observer News Service** 

**Srinagar:** A policeman injured in a militant attack in this capital city, succumbed to his injuries at the SK institute of medical sciences (SKIMS) here after battling with life for nearly a year.

Head Constable Fayaz Ahmad Raina of Lohersanzi village of Kokernag breathed his last at the SKIMS, where he was admitted on July 12 after being injured in a militant attack, officials said. Raina had developed serious infection affecting his kidneys and thus dete-

riorating his health condition. On July 12 last year, unknown militants opened fire upon Raina and two of his colleagues ASI Mushtaq Ahmad and SPO Abu Bakar when the trio were seated in their official vehicle near GD Goenka school, Lal Bazar.

The injured cops were removed to the SK institute of medical sciences, Soura for treatment. However, ASI Mushtag succumbed to his injuries.

Meanwhile, | More on P10

### **Evidence Has To Be** Weighed, Not Counted: HC

**Upholds Acquittal Of Men Accused Of Murdering** Sopore Resident Residency Road In 2011

Srinagar: Observing that evidence has to be weighed and not counted, the High Court of J&K and Ladakh has dismissed a petition challenging acquittal of accused persons in connection with murder of a man from Sopore at Residency Road near Pratap Park Lal Chowk here in June 2011.

According to prosecution, one Mohammad Afzal Khan son of Samander Khan of Naharpur Sopore in north Kashmir's Baramulla district, was fired

upon by a person(s) illegal through weapon and he sustained critical injury. Khan was referred to SMHS Hospital where he succumbed to injuries. Subsequently, it said, a case was registered and later a charge sheet filed under section Sections 302, 120-B, 109

RPC and 7/27 of the Arms Act. Subsequently trial started and Principal District and Sessions Judge Srinagar acquitted on 14 May 2016. The prosecution had challenged the judgment on the grounds

that it is against the facts, law and canons of justice. The prosecution stated that the trial court has not applied its mind to the facts and circumstances of the case and that the trial court while acquitting the accused has failed to appreciate the evidence in the proper perspective.

On the other hand, the counsel for the accused (acquitted persons) submits that the finding of trial court does not call for any interference as the Principal District and Sessions Judge has properly appre-

ciated the evidence. He further submits that there was no sufficient evidence to which the trial court could have recorded the order of conviction against the accused.

'The trial court has recorded the entire evidence in its breadth and length in the judgment and the same does not require to be repeated and reiterated here again," a bench of Division Justice Vinod

Chatterji Koul and Mohan Lal. "The trial court, as is clear from the judgment, has, after taking into consideration the entire evidence | More on P10

**Press Trust Of India** Jammu: Nearly 29 CCTV cameras will be installed in and around the main base camp for Amarnath pilgrims in the winter

capital of Jammu and Kashmir, said an official on Monday. The Yatri Niwas Bhagwati Nagar in Jammu serves as the main base camp for pilgrims from across the country before they leave for Kashmir to pay obeisance at the 3,880-metre-high holy cave shrine of Amarnath.

The pilgrimage is scheduled to commence from the twin tracks on July 1.

According to officials, the Yatri Niwas will have nearly 29 CCTV cameras installed in and around the area with two big

360-degree cameras.

To Be Installed For Security

These cameras will monitor the entire area round the clock through an electronic eye, they said, adding that four body scanners will also be deployed at the site.

The Yatri Niwas based at Jammu's Bhagwatinagar area will also have | More on P10

# **NIA Attaches 17 Properties** Of Zahoor Watali

**Press Trust Of India** 

**National** Srinagar: The Investigation Agency (NIA) on Monday attached 17 properties of Kashmiri businessman Zahoor Ahmed Shah Watali in a "terror funding" case, the agency said.

Jammu Kashmir Liberation Front chief Yasin Malik is currently undergoing life imprisonment in the case.

The NIA said the case relates to "terrorist and secessionist activities" in Jammu and Kashmir carried out by proscribed ISI-backed organisations such as Lashkare-Toiba (LeT), JKLF, Jaish-e-Mohammad (JeM), and others.

These outfits were spreading terror and perpetrating violence in the Valley by promoting and conducting attacks on civilians and security forces, it said.

The investigating agency said 17 properties belonging to "financier of terrorism in Jammu and Kashmir" Watali in the Handwara area of Kupwara district were attached on the orders of Special NIA Court,

Patiala House, under section 33(1) of the Unlawful Activities (Prevention) Act (UAPA) (UAPA).

These banned groups were using the Hurriyat Conference. 'which was formed in 1993 as a front for carrying out and supporting secessionist activities" in Kashmir, it said.

Investigations revealed that the secessionists, arraigned as accused in the case, including the Hurriyat, had entered into a criminal conspiracy and adopted a strategy of instigating the general public to create a surcharged | More on P10

### **Mammals During Lockdowns Moved Farther, More Liberally, Study Finds**

**Press Trust Of India** 

During strict Covid lockdowns between January and May 2020, animals had travelled up to 73 per cent longer distances in 10 days and occurred on average 36 per cent closer to roads than the lockdown-free year before, researchers say.

The study findings suggested, they said, that most animals in these locations were exploring more of the landscape when vehicle movement was reduced.

The researchers also suggested that venturing closer to roads was because animals were less fearful of the road traffic or human presence in these regions.

They said their study, published in the journal Science, showed how animals responded directly to human behavioural changes and that it provided valuable insight into future conservation strategies, because it meant that humans making behavioural adjustments could impact animals' lives positively.

Exploiting the unique, natural opportunity afforded by lockdowns to study the effects of abrupt changes in human presence on wildlife, Marlee Tucker from Radboud University, Nijmegen, The Netherlands, and 174 colleagues collated movement data of 43 different land mammal species around the world, tracked using GPS devices.

They then compared the mammals' movements during the first period of lockdowns with movements during the same months a

Altogether, there were more than 2,300 individuals included in the study, from elephants and giraffes to bears and deer.

"There were many media reports that nature was recovering during those first lockdowns. For example, cougars were roaming the streets of Santiago, Chile, but we wanted to know: is there any

evidence of this? Or were people simply paying more attention to everything while being at home?" said Tucker.

There were several explanations for the results, the researchers said. Fewer people outside during lockdowns gave animals the opportunity to explore new areas.

"In contrast, in areas with less strict lockdowns, we saw that animals travelled shorter distances. This may have to do with the fact that during those lockdowns, people were actually encouraged to go into nature.

"As a result, some nature areas were busier than before CO-VID-19," said Thomas Mueller, Goethe University Frankfurt, Germany, who designed the study together with Tucker.

## **Excise Department Seals Mobile Liquor Shop On Boulevard**

**Observer News Service** 

Srinagar: The Excise Department sealed a mobile wine shop on Boulevard Road in Dalgate area of Srinagar city on Monday.

Sources said that a mobile container selling liquor to customers was sealed after the operator failed to produce a registered license

The mobile wine shop, sources said, was sealed during a surprise inspection by the excise department.

Scores of people, mostly tourists, were seen buying liquor from the mobile shop when the container was sealed.

Sources said the customers were being overcharged for every bottle of branded liquor.

There are a couple of liquor shops on picturesque Boulevard Road that witness huge rush of local and non-local

## **Traffic Police Introduces Integrated Technology To Curb Violations**

**Observer News Service** 

Srinagar: Traffic police Srinagar on Monday said they have introduced the integrated hi-tech version technology to curb traffic violations in the city, and also to take the traffic enforcement and surveillance management on modernized lines. Senior Superinten-

dent of Police for City Traffic, Muzaffar Ahmad Shah, said while they already had speed radar guns, now they have integrated the device with a smart card connected to an application on the tablet.

"The traffic violation monitoring has come on modern technology lines now as we have introduced integrated use of speed radar guns fitted with 360° PTZ camera," the SSP traffic Srinagar said, adding that the device will be on move and placed wherever it is needed.

The officer said the device comes fitted with a smart card and has a good number of utilities.

"We can direct live feed access at our control room," he said.

Shah said the technology is an improved version that has become wireless now and it will capture all the violations with proof. "As of now, the device will be on the move and won't be placed permanently at any particular place as we are in its initial phase. So far, it has shown good results," he added.

In its trial phase, the city traffic police authorities earlier in the day carried out its test on the boulevard in Srinagar where a senior traffic official said the technology comes with pre-defined

"These devices have not come for the first time. We already had speed radar guns or cameras, but now they all have been integrated into a one-vehicle. We have named it a smart vehicle that will detect maximum traffic violations and all the feed will be sent to the control room,

# **Himalayan Goral Among 9 Distinct Species Treated, Rehabbed At RCHC Dachigam**

No Case Of Intergroup Animal Clash Reported, Say Officials

Majid Nabi

Srinagar: As many as nine distinct species of wild animals and birds including the Himalayan Goral, porcupine, common leopard and wild bear have been rehabilitated after successful treatment at the newly established Wildlife Research Cum Healthcare Centre, Dachigam wildlife sanctuary here.

Injured in human-animal conflicts at various locations around this hilly region, more than ten common leopards and about four wild bears were brought to the animal healthcare center since December last, wildlife officials told Kashmir Observer.

Similarly two Himalayan Gorals were also rehabilitated after treatment, while more than three porcupines were also brought to the healthcare facility either in a sick or injured state. Dr Mohsin, a wildlife veterinarian

at Dachigam National Park told Kashmir Observer that nine distinct species of wild animals and birds have been successfully treated and rehabilitated at the newly established healthcare facility at the national park.

The wild animals include, macaques a genus (Macaca) of gregarious Old World monkeys, Himalayan Gorals also referred

to as Naemorhedus goral or the gray goral, is a bovid species native to the Himalayas. porcupine, Falcon, wild Kites, common opard, and wild bears,

Dr Mohsin said not a single case of 'intergroup conflict' was reported, as far as the wild animals having been treated at the healthcare facility at Dachigam wildlife sanctuary are concerned.

He said one common leopard which was rescued from frontier Kupwara district in an extremely injured condition undergoes treatment and is doing well.

"Not a single case of intergroup clash was reported to this facility. But the animals which include wild bears and common leopards having received treatment here were the victims of human aggression. Three black bears receive treatment at present," he said, adding, other animals like porcupine, Himalayan Goral or macaque were either sick or injured for other reasons.

The wildlife veterinarian also said that certain wild birds including falcon and wild kites were also treated and rehabilitated at the healthcare facility.

When asked about how the wildlife rescuers learn that an animal is ill or hurt, he responded that the wildlife department has created rescue cells across Kashmir, through which block officers depute teams for the rescue operations.

He said besides common species, civet cats and common snakes too are being treated at the newly established wildlife healthcare facility.

"Among 10 common leopards, one still receives treatment. The leopard spotted in Kupwara district of north Kashmir was brought in an extremely injured state here, its jaws and claws were broken, but now the leopard is doing well and I hope it too will be released soon," Dr Mohsin added.

He said some animals suffer permanent damages like their limbs are broken, eye damaged, skeletal muscle rupture, congenital anomaly, oral cavity or abdominal damage or fracture.

"After receiving successful treatment, wild animals, whether sick or injured, are being released. We have USG machines here and soon have a DNA sampling facility as well," said he.

Regarding common illness among wild animals, he said "not only are those animals which are injured in humananimal conflicts treated here. But sometimes animals having received electric shocks too are being treated here. We put them on IV fluids after administering with tranquilizers," he said, adding animals too experience liver ailments, anorexia and gastrointestinal issues.

#### No power on Earth can change status of Kashmir: Faroog

'I Never Go To Pakistan, Never Ever Play Golf With Hurrivat Leaders'

#### **Observer News Service**

Srinagar - National Conference (NC) Patron Farooq Abdullah today asserted that no power on Earth can change the present status of Jammu and Kashmir, saying it will continue to remain I consider this part of Kashmir as part of India and that part

of Kashmir as part of Pakistan. I cannot see any other solution ever working than this whether Prime Minister Manmohan Singh says anything or Pakistan President Pervez Musharraf, "Dr Abdullah said before the start of the one-day TAG Heuer Golf tournament here.

"We must accept one thing for final and that is Jammu and Kashmir belongs to India and no power on Earth can change it... Nothing is going to change and let us be honest about it,\*' the former Chief Minister added.

About the Hurriyat leaders visit to Pakistan and Pakistanadministered Kashmir (PaK), he said they are welcome to go anywhere, but nothing is going to come out of this visit either. The separatists have also said that they do not expect much

from their visit, he added. The Hurriyat leaders are themselves divided. They blame each other for many things. They will just go. Kha pi ke aa jayentge... Kuch bag bi layenge aur kuch hawala se aa jayega (They will bring some with them and the other will come through

hawala)." Dr Abdullah claimed. Dr Abdullah then NC leader said he did not expect anything substantial coming out of the peace process. "Where is the peace process? Innocent people get killed everyday. India is not going to give up Kashmir and Pakistan will not settle without Kashmir.

So where is the settlement?" he asked. However, Dr Abdullah advocated that borders should be made immaterial so that people can go and come and trade between the two sides promoted.

He also expressed dissatisfaction over the performance of the Mohammad Sayeed government in the state.

(Kashmir Observer, 13 June, 2005)

# **Frequent Jams On Dalgate-Khayam Bridge Irk Commuters**

rinagar: Long queues of vehicles on the busiest Dalgate road in the wake of under construction Dalgate-Khayam Bridge is causing immense hardships to commuters.

Locals said frequent traffic jams along the stretch have hit normal life in the area and demanded immediate completion of the bridge.

"These gridlocks have negatively impacted our lives.

Authorities should address the issue on priority," they added.

Chief Engineer, Roads and Building department (R&B). Mohammad Rafiq said old Dalgate the R&B department concerns and hence traffic from both sides ply through a single tube.

Bridge was sealed by a year ago over safety

"The pending work on the bridge is going on and will be completed in a year," he added.

# **NATO begins** unprecedented air drill in 'show of strength'

**Agencies** 

BERLIN: NATO will begin the largest air force deployment exercise in Europe in the alliance's history on Monday in a display of unity toward partners and potential threats such as Russia

The German-led "Air Defender 23" will run until June 23 and include some 250 military aircraft from 25 NATO and partner countries including Japan and Sweden, which is bidding to join the alliance.

Up to 10,000 people will participate in the drills intended to boost interoperability and preparedness to protect against drones and cruise missiles in the case of an attack on cities, airports or sea ports within NATO territory.

Presenting the plans last week, Lt. Gen. Ingo Gerhartz of the German Luftwaffe said "Air Defender" was conceived in 2018 in part as a response to the Russian annexation of Crimea from Ukraine four years before, though he said it was "not targeted at anyone".

He said that while NATO would defend "every centimeter" of its territory, the exercise would not "send any flights, for example, in the direction of Kaliningrad," the Russian enclave bordering alliance member states Poland and Lithuania.

"We are a defensive alliance and that is how this exercise is planned," he said.

US Ambassador to Germany Amy Gutmann said the drill would show "beyond a shadow of a doubt the agility and the swiftness of our allied force" and was intended to send a message to countries including

"I would be pretty sur-

prised if any world leader was not taking note of what this shows in terms of the spirit of this alliance, which means the strength of this alliance, and that includes

the Rusers, referring to sian president.

"By synchronizing together, we multiply our force."

Russia's war on Ukraine has galvanized the Western military alliance set up almost 75 years ago to face off against the Soviet Union

Finland and Sweden, which long kept an official veneer of neutrality to avoid conflict with Moscow, both sought membership in NATO after Russia's February 2022 invasion.

Under NATO's Article Five, an attack on one member is considered an attack on all.

The exercise will include operational and tactical-level training, primarily in Germany, but also in the Czech Republic, Estonia and Latvia. German Chancellor Olaf Scholz will visit pilots based at the Schleswig-Jagel airfield in northern Germany on Friday.

General Michael Loh, director of the US Air National Guard, said NATO's duties were at an "inflection point".

"A great deal has changed on the strategic landscape throughout the world, especially here in Europe," he said.

# Iran says indirect talks with US continue via Oman

**Agencies** 

TEHRAN: Iran on Monday said it has continued indirect negotiations with the Unites States through the Sultanate of Oman over its nuclear deal and a possible prisoner swap.

Iran's nuclear program has long been the subject of scrutiny from Western powers, resulting in sanctions that have crippled the country's economy.

A 2015 deal granted Tehran much-needed sanctions relief in exchange for curbs on its nuclear program before it was torpedoed by the United States' unilateral pullout in 2018.

In recent days, the two capitals have denied media reports that they were close to reaching an interim deal to replace the 2015 accord.

'We welcome the efforts of Omani officials and we exchanged messages with the other party through this mediator" over the lifting of

US sanctions, Iran's foreign ministry spokesman Nasser Kanani said Monday.

"We have never stopped the diplomatic processes," he added during his weekly press conference, emphasising that the talks "were not secret."

Diplomatic ties between and Washington Tehran soured in 1980 following the 1979 Islamic revolution led by Iran's first supreme leader Ayatollah Ruhollah Khomeini.

Efforts to revive the 2015 nuclear deal have so far failed to yield results.

Iran's supreme leader Ayatollah Ali Khamenei on Sunday reiterated the denial of moves toward acquiring a nuclear weapon.

He also said deals could be reached, provided they do not change "the existing infrastructure of the nuclear industry."

Iran and its arch-nemesis the United States have also been involved in Oman-mediated talks over a possible prisoner swap.

Kanani on Monday said a prisoner exchange could be agreed "in the near future," provided that Washington exhibits "the same level of seriousness" as Tehran.

At least three Iranian-Americans are being held in Iran, including businessman Siamak Namazi, arrested in October 2015 and sentenced to 10 years in prison for espionage.

In the last few weeks, Iran has released six European citizens and recovered an Iranian diplomat, Assadollah Assadi, who was convicted of terrorism and imprisoned in Belgium.

Kanani also denied that Iran had provided Russia with equipment to "build a drone factory."

White House national security spokesman John Kirby on Friday warned that Russia was receiving materials from Iran to build a drone factory on its

# Chechen forces sign contract with Russia after Wagner's refusal

ussia's defence ministry has signed a contract with the Akhmat group of Chechen special forces, a paramilitary group waging the Kremlin's offensive near the town of Mariinka in the Donetsk region of eastern Ukraine.

The announcement came on Monday, a day after Yevgeny Prigozhin, the chief of Russia's Wagner group of private mercenaries, refused to sign such a contract.

The deals are part of a new Russian law aimed at controlling private armies fighting on Moscow's behalf in Ukraine.

by the Institute for the Study of War (ISW), a Washington, DC-based think tank, Chechen fighters have operated in areas behind the front line following their involvement in bloody battles in Ukrainian cities, including Mariupol, Severodonetsk and Lysychanak.

But after fighting in Russia's Belgorod intensified earlier this month, Kadyrov's troops have likely been ordered to take a leading role in the fighting in Ukraine, ISW said.

Over the weekend, Prigozhin said his units "will not sign any contracts with Shoigu".

"Shoigu can't properly control military formations," Prigozhin said in an audio mes-

The order requires all "volunteer units" to sign contracts by July 1, bringing them under the control of the country's Defence Minister Sergei Shoigu.

The Kremlin says volunteer fighters would receive the same benefits as regular troops if they agree to the rules of the defence contract. "I think this is a very good

thing," Akhmat commander Apty Alaudinov said after the group's leader Ramzan Kadyrov accepted the offer. He added that his group has

"prepared and sent tens of thousands of volunteers" to Ukraine in the past 15 months. So far, according to a report sage, published by his press service on Saturday.

The Wagner chief has repeatedly criticised Russia's defence ministry, arguing that it does not provide enough support to his troops in Ukraine.

The Putin ally often unleashes foul-mouthed video tirades, in which he vehemently scoffs at Moscow's military leadership. Kadyrov has refrained from criticising the defence ministry

Russia's deputy chief of the general staff, Colonel General Alexei Kim, said after signing the agreement with the Chechens that he hoped other volunteer units would follow suit.

# Priyanka Gandhi's 5 **Guarantees For Election-Bound Madhya Pradesh**

Agencies

**JABALPUR:** Congress General . Secretary Priyanka Gandhi Vadra on Monday launched the election campaign for the upcoming Madhya Pradesh assembly polls slated later this year and announced five guarantees for people of the state.

She launched the campaign n Jabalour district and also addressed a public gathering on the occasion.

Talking about the five guarantees, Ms Gandhi said, "A monthly aid of ₹1,500 will be given to every woman in the state, an LPG gas cylinder to each household at ₹500, 100 units of electricity free and 200 units at half price, loans of farmers will be waived and will implement old pension scheme in the state." "We have come to the banks of Maa Nar-

mada, we will not lie," she added. Targeting the Bharatiya Janata Party (BJP), the Congress leader said, "They (BJP) come here and make announcements, but do not fulfil them. They talk about double engine and triple engine. They used to say the same in Himachal Pradesh and Karnataka but public has shown them that they should stop talking about the double engine and start

"Whatever promises our party made, we have fulfilled them in Chhattisgarh and Himachal Pradesh. Look at the condition of the Congress-ruled states and you (the public) will realise. When the Congress government came to power in Madhya Pradesh, a lot of work and development were done," she said.

In the last assembly polls, the Congress government came in power, but the BJP broke the government by horse trading and formed their government. The mandate is being crushed on the basis of money power, Priyanka Gandhi said.

# \$10bn investment deals signed at **Arab-China summit**

RIYADH: Saudi Arabia announced on Sunday billions of dollars in investment deals between China and the Arab world, on the first day of the China-Arab business conference in Riyadh.

The meeting comes amid growing commercial and diplomatic ties between Beijing and Middle Eastern countries, including a recent landmark Chinese-brokered rapprochement between powerhouses Iran and Saudi Arabia that has shifted regional relations.

The oil-rich kingdom is hosting the conference, now in its 10th edition, for the first time. Over two days, it brings together more than 3,500 government and business officials from China and Arab countries, the Saudi investment

ministry said in a statement. The event "marked its first day with the signing of \$10 billion in investment agreements", the statement said — the vast majority of which are for projects in Saudi Arabia or by Saudi

firms and government entities.

This figure includes a \$5.6-billion memorandum of understanding between the Saudi investment ministry and Human Horizons, a Chinese maker of electric and self-driving cars.

More than half of the total sum is in the memorandum of understanding, as well as a separate "cooperation agreement" and a "framework agreement" involving other companies, according to the statement.

It detailed agreements in various fields, including technology, agriculture, renewable energy, real estate, natural re-

At the launch of the confer-Saudi Foreign Prince Faisal bin Farhan highlighted the potential in increased trade and economic ties between China and Arab countries.

"(This) meeting is an opportunity... to build a shared future towards a new, beneficial era for our peoples," he said.

According to the Saudi statement, a \$533-million deal was concluded between AMR ALuwlaa Company and Zhonghuan International Group (Hong Kong) for the establishment of an iron factory in Saudi Arabia. (AGENCIES)

# **Jharkhand Man Strangles** 12-Year-Old Son To Death After He Asks For ₹10

CHATRA (JHARKHAND): A 48-year-old man allegedly strangled his 12-year-old son to death for asking for ₹10 in Jharkhand's Chatra district on Monday, police said.

The incident took place in Karailibar village in Bashishtnagar police station area, around 200 km from Ranchi.

"Both parents of the boy, identified as Pappu Kumar, were in an inebriated condition around 9 am and were quarreling when the boy asked for ₹10 from his father, sparking a violent reaction from the accused, Bashishtnagar police station in-charge Ghulam Sarwar said.

Prima facie, it seems the boy was strangled to death by his father, he said, adding that however, it was not yet known why the boy had asked for ₹10.

The incident came to light when the deceased's 15-yearold sister returned home after working in a brick kiln, and she raised an alarm.

The accused was arrested and the body was sent for post-mortem examination, he

# Bandipora's 'Bangladesh' Becomes Overnight Sensation For Selfie Lovers

**BANDIPORA:** Set on the banks of Wular -Asia's second largest fresh lake, the newly constructed boardwalk in a picturesque Zurimanz village here has become a major attraction for youth, especially the selfie lovers in this North Kashmir district.

Known as Bangladesh across North Kashmir, this small hamlet of Zurimanz has all of sudden become a favourite spot for photographers, social-media savvy youth, and the villagers of the neighborhood for the boardwalk constructed by Wular Conservation and Management Authority (WCMA) recently.

The village, according to locals, rose from ashes in a devastative fire during the 1971 India and Pakistan war that ended with the creation of Bangladesh. Since then, this village is popularly known as Bangladesh.

"I saw the picture of the

and I couldn't stop myself from coming here. It's absolutely stunning," Nasir Lone, a resident of Kupwara said.

According to a WCMA official, the length and breadth of the boardwalk is 120 ft x 6 feet and can bear the weight of around 100 persons at a time. However, 15 to 20 persons are allowed at a time under the strict vigil of WCMA officials and Forest Protection Force (FPF) personnel.

"The boardwalk has not been constructed deep inside the lake, it is near the shore of the lake so that even if it collapses, there are very less chances of loss of human lives," said an official.

WCMA, he said, have kept buoys and tubes available to manage any risk arising out of collapse of the boardwalk that has been completed in just two months. Besides, he said, safety audits will be carried out after every quarter.

"It feels so nice to be here.

You can see the full view of Wular lake from here," said Tariq Ahmad, a resident of Sopore.

The Boardwalk provides a breath-taking scene of mount Harmukh overlooking the Wular lake. Apart from it, the visitors can also enjoy a wide range

of activities, including boating, fishing, and bird watching.

Conservator WCMA, Irfan Rasool Wani told Kashmir Observer that the construction of the boardwalk was part of a comprehensive plan for ecotourism in Wular lake and

that the government is keen to bring the lake on tourism map. "The government is taking

various steps to promote the village as a popular destination among tourists," Wani said, adding "The village is the meeting point of two districtsBandipora and Baramulla.

"Some work is still pending for the Boardwalk but there was an overwhelming response from the visitors and we couldn't stop them," he added.

To attract more visitors to the newly created site, Wani said that WCMA has started dredging inside the lake and construction of small parks, riverside beautification, Shikara ghats are also in the offing.

"We are also encouraging the local community for homestays so that they could benefit," he added.

The Wular lake is one of the largest freshwater lakes of Asia having an area of 130 sqkm. The WCMA is working on the conservation, restoration and rehabilitation of Wular lake.

"The lake has a silt and willow infestation problem which is being mitigated by carrying out large scale earth excavation and willow removals," the of-

As per official figures, an area

of 4.5 sq km has been restored out of 27 sq kms. The work on remaining 22 is going on. The project is being executed in a phased manner. The two phases of the dredging have been completed so far.

"The administrative approvals for the other phases are yet to be received. We will float the tenders after approvals and start the work," he added.

In 2018, the UT administration had sanctioned Rs 200-crore Wular Action Plan for the conservation and management of the lake.

The official said that so far one lakh willows have been removed from the lake during restoration works so far which has generated revenue of Rs 24 crore to the government.

The dredging has increased the capacity of the lake. Around 30 villages are dwelling on the banks of the lake. It also supports the livelihood of a huge population and is a habitat for migratory water birds.

#### **RAJOURI ATTACK**

# **Victim Families Block** Jammu-Poonch Highway; **Demand Justice**

**Press Trust Of India** 

JAMMU: Family members of the seven civilians killed in a militant attack in Dangri village of Jammu and Kashmir's Rajouri district in January this year blocked the Jammu-Poonch National Highway on Monday.

Demanding justice, hundreds of villagers marched in a procession from Dangri and blocked the busy highway near Muradpur, half-a-km away from the scene of the militant attack in Rajouri district.

The victim families sought identification and arrest of the culprits behind the attack without any further delay, officials said.

Militants had struck Dhangri village on January 1 and targeted villagers before fleeing the scene, leaving behind an improvised explosive de-

While five people were killed in the firing by militants, two others died in the IED explosion the next morning. As many as 14 villagers were injured in the twin attacks.

On May 6, the army killed a militant during an operation in the forested Kandi area of Rajouri. Some locals later identified the slain militant as one of the Dhangri village attackers.

mar has said.

**President** 

Farooq,

Carrying pictures of the slain civilians and chanting slogans in support of justice, the villagers staged a sit-in on the highway around 9 am on Monday and also burnt tyres, leading to

Senior civil and police officials rushed to the scene and are trying to persuade the protesters to disperse,

Saroj Bala, who lost her two sons in the militant attack, said she had heen waiting for justice for the last six months.

"We have been hearing that the

is no trace of the militants involved in the attack. The militant supporters, who facilitated the attack, are also yet to be identified," Bala, who was leading the protest, said.

She had addressed a press conference in Jammu on June 5 and said "I simply want justice for my children".

Bala's two sons Prince and Deepak were killed in the militant attack, leaving her the only survivor member in the family as she had lost her husband to a disease sometime back

"Six months have passed since the attack happened, but no solid action case has almost been solved, but there has taken place till date," she added.

# 3 Drug Smugglers Held For Shooting At **Locals In Samba**

**Press Trust Of India** 

JAMMU: Three alleged narcotic smugglers from Punjab were arrested after they shot at two local youths in a vil-lage near the International Border in Samba district of Jammu and Kashmir on Monday, police said.

Later, 2.8 kilograms of heroin worth crores of rupees was recovered at the instance of the accused who were identified as Jagdeep Singh (21) and Satinderpal Singh of Tarn Taran and Sunny Kumar (22) of Amritsar, they said.

The three accused were arrested after they shot at two youths during a scuffle between the two sides on the intervening night of Sunday and Monday, Samba Senior Superintendent of Police (SSP) Benam Tosh told reporters.

The youths, both from Ramgarh sector, and one of the smugglers were injured in the firing near Rangnoor bus stand, he said.

"The arrest of the three heroin smugglers is a big achievement for police... no militant link has been established so far. It is a matter of investigation whether the smugglers had come to pick up a consignment or deliver one," the SSP said.

Giving details of the incident, Tosh said when the heroin smugglers from Punjab reached the border village of Rangoor Camp, they got into an argument with a group of eight local youths over letting their car pass

As the argument escalated, Satinderpal opened fire with a pistol, resulting in bullet injuries to two youths Sunil Kumar (21) and Sunil Kumar (23) and his associate Sunny Kumar,

He said the smugglers, including Sunny, abandoned their car and tried

to flee the spot on a motorcycle of one of the locals but were intercepted by police at a nearby checkpoint and arrested.

The injured were provided preliminary treatment at a local medical facility and later referred to Government Medical College and Hospital, Jammu for specialised treatment, the SSP said.

The arrested smugglers later led the police to a spot near the scene of the crime from where 2.8 kilograms of heroin worth crores of rupees in the international market, a pistol with a magazine and some rounds, cash worth Rs 93,200 and four costly mobile phones were recovered, he said.

A case has been registered in the matter under sections of the Indian Penal Code, the Arms Act, and the Narcotic Drugs and Psychotropic Substances (NDPS) Act, Tosh said.

# **Picturesque Bungus Valley** Witnesses Rise In Tourist Footfall

**Agencies** 

**KUPWARA:** With the improvement in weather conditions, the tourist footfall to the fascinating Bungus Valley here is increasing with each passing day.

Located in the higher ranges of the Shamsbari mountains at an altitude of 10.000 ft above sea level in northern district of Kupwara, Bungus Valley as a tourist destination has a lot to offer to visitors with its natural breath-taking beauty. Nested in the border district of Kup-

wara in the northern belt of Kashmir valley. Bungus since the 2021 ceasefire pact has seen a record number of tourist arrival. Apart from the increased footfall

of tourists, small business units have come up in the nearest places. Existing markets are witnessing a rush with an increase in demand for different things from trekkers, hikers, night camping, tourists, and those visiting Bungus for a day of sightseeing.

"This place offers a lot to the eyes and satisfaction level of an individual. The beauty of Bungus is a comfort to the eyes. People leave very relaxed," Irshad Ahmad told a local news agency KNO while expressing his experience of visiting the tourist destination.

He said that even people prefer night stays as well. "Those visiting Bungus never leave disappointed. The place has a lot to offer to fascinate visitors in every manner," he said.

A moto vlogger, who visited the place recently while sharing his experience said that with the passage of time, the place will become the first choice for everyone. "If the natural habitat is not compromised, Bungus in times to come would go on to become a premier tourist destination. Every car, bike, and explorer would drive straight to this place without any doubt," he said.

He also said that his subscribers' on his social media pages often enquire about the place. "If the camera is attracting people to this level imagine wouldn't it drive people crazy who are more into the offbeat destinations,"

With an increasing number of visitors the adjoining and nearest marketplaces are also witnessing a new dawn. "People are coming in numbers and prefer to buy eatables and other materials from here only. Every fresh item is available here. It excites us to serve the tourists," Khazir Mohammad, a shop owner of Chowkibal said.

Abdul Ahad another shop owner said that they are happy with the increasing number. "We are increasing and meeting the demands of tourists. We hope that the weather remains conducive to tourism activities," he said while hoping for a better tomorrow.

Apart from the markets, small business establishments have also come up on the roadsides serving different delicious like Noon Chai, snacks, chips, and many other fast food options.

Sameer, who has set up his business unit along the roadside near Tee Pee (Drangyari) said not only him rather everyone is enjoying the process. "We are completely new to it. We

are enjoying the process, and with time we will also improve our services. Our motive is to provide native delicacies to tourists at affordable rates," Sameer said. "We want to be genuine to them so that more and more people prefer visiting this place thus helping us to earn a livelihood without any difficulties.

Additional Deputy Commissioner (ADC), Kupwara Ghulam Nabi Bhat, who is also heading the Lolab and Bungus Drangyari Development Authority (LBDDA) said that facilities shall be increased there for tourists. —(KNO)

## KASHMIR OBSERVER®

Tuesday | 13-06-2023

# **Diabetes Epidemic**

study published in The Lancet has revealed that over 100 million people in India suffer from diabetes, accounting for 11.4 percent of Lathe population. An additional 136 million individuals are in a pre-diabetic state, putting them at higher risk. The study which involved 113,000 participants, aged 20 and above, from every state in India, represents the first comprehensive assessment of non-communicable diseases across the country.

Around 9 percent of the population of Jammu and Kashmir have diabetes as per the survey conducted by the Union Ministry of Health. The reason for this is our unhealthy lifestyle. A significant number of people don't exercise, nor do we eat balanced food. Ditto for the rest of the country. This is why it is important that people change their lifestyles for the better.

The Lancet findings have significantly surpassed previous estimates by the World Health Organization (WHO), which had approximated 77 million cases of diabetes and 25 million cases of pre-diabetes in India.

Diabetes is a serious condition associated with an increased risk of heart attacks, strokes, vision loss, kidney failure, and limb amputations. While there are various forms of diabetes, type 2 diabetes is the most common and is often linked to lifestyle factors, although genetics and ethnicity also play a role.

The prevalence of diabetes varies across different states, with the highest rates observed in Goa, Puducherry, and Kerala. However, the study warns against a potential surge in diabetes cases in states such as Uttar Pradesh, Madhya Pradesh, Bihar, and Arunachal Pradesh, where the prevalence has been relatively lower but shows an increasing trend. This regional disparity calls for tailored strategies and targeted awareness campaigns.

This is apparent from the study itself. It reveals a higher prevalence of diabetes in urban areas compared to rural regions, indicating the influence of lifestyle factors. This finding underscores the need for interventions focusing on promoting healthier lifestyles in urban settings.

Earlier, last month union minister Dr Jitendra Singh, who is also a diabetologist, highlighted that India is at the forefront of diabetes research worldwide. He stressed the importance of preventing diabetes, not only for healthcare purposes but also for nation-building, given that 70 percent of India's population is under 40 years of age, and the youth will shape the country's future as prime citizens in 2047. Urgent efforts are needed to enhance prevention strategies, prioritize healthier lifestyles, and ensure widespread access to appropriate healthcare and treatment options. Failure to act swiftly will result in severe consequences for the well-being of millions of Indians and strain an already burdened healthcare system.

#### OTHER OPINON

# Lifestyle Disorders

n ICMR-backed study has thrown light on the worrying proportions assumed by lifestyle-related diseases in the country. Published last week in the medical journal, The Lancet Diabetes and Endocrinology, the decade-long study spearheaded by Dr Mohan's Diabetes Specialist Centre is the biggest representative estimate of metabolic disorders in India. It reveals that more than a tenth of the people in the country have diabetes, 35 per cent have hypertension and 28 per cent have high cholesterol levels. The burden of these disorders is higher in urban areas. But people in rural centres are increasingly becoming vulnerable to metabolic diseases, especially diabetes. There is, for instance, almost no rural-urban divide when it comes to pre-diabetes — more than 60 per cent of pre-diabetic people in India end up having the disease. The study's warning that the country's already serious diabetes burden could take a turn for the worst in the next five years should be taken seriously by the country's healthcare sector.

Most non-communicable diseases (NCDs), including diabetes, were earlier associated with older age groups. But unhealthy diets, inadequate physical activity, exposure to tobacco smoke and alcohol abuse mean that raised blood pressure, increased blood glucose and obesity have begun to show up among the relatively young. Several studies have shown that close to 20 per cent of diabetics in the country are below the age of 45 and nearly 45 per cent of the people with the disease are not senior citizens. These studies have pointed out that the lifestyle-related disease is aggravated by poor awareness, especially in rural areas. In 2019, a collaborative study by the Public Health Foundation of India and research institutes in the US, UK and Germany revealed that only half of those ailing from diabetes in the 15-50 age group were aware of their ailment. Last year, the National NCD Monitoring Survey revealed that 45 per cent of the diabetics in the country were aware of their health condition and only 15 per cent had their blood sugar under control.

The National Health Mission does recognise that the country is experiencing a rapid health transition with NCDs, including lifestyle diseases such as diabetes, surpassing the burden of communicable diseases in the past decade. However, the healthcare sector has not always been alive to the task of bringing about behavioural changes. The NCD monitoring survey, for instance, revealed that the country lacks adequate counselling facilities for diabetics. These caveats and the alarm bells rung by the Lancet study should be heeded urgently. Lifestyle diseases carry an economic cost — the WHO estimates they could cost India \$6 trillion by 2030.

Indian Express

# Lost in Misinterpretation

# **Government Officials Reading Orders Wrong**

All the DDOs should be periodically trained to interpret court orders & judgements

Dr Raja Muzaffar Bhat

Legal awareness helps to promote consciousness of legal culture and Government officials especially need to be given periodic training on interpretation of judicial orders and judgements

isinterpretation judicial orders has become a common practice in Jammu & Kashmir especially in the Govt offices. Many public works are not executed on the ground as officials fail to apply their mind while going through court orders. In some cases, this is done deliberately but in many cases this happens because our Govt officials lack legal acumen and they are not given periodic training on the subject. There are instances wherein Govt officials deny information to people under Right to Information Act (RTI) claiming that matter is sub-judice.

Case study 1- Chitroo Ganderpora village Some days back, I got a

chance to visit Chitroo Dangerpora village in district Budgam where the work on a road project had been halted by the officials of Roads & Buildings (R&B) department. The officials according to locals have been made to believe that court had stayed construction of a protection bund (Retaining Wall) as one local landowner had obtained a court order wherein the contractor has been restrained from construction in the area. The local residents had actually invited me to visit their village area to highlight their issue through social media. When I visited the village recently I went through some official land documents issued by the Revenue Department. The local residents had obtained them under the Right to Information Act (RTI). When I keenly saw the Khasra Girdawari I found two survey numbers namely 791 and 792 mentioned in it. Pertinently, the survey number is also referred to as Khasra numbers in Urdu. The disputed site where the protection bund isn't being allowed to be constructed falls under Khasra number 790 and we visited that spot as well. This khasra or survey number is mentioned in the order issued by Munsif Judicial Magistrate Budgam's order dated July 22nd 2022. In the said order there is no mention of khasra 791 or 792 as both these survey numbers are related to state land through which passes a 22 feet road and an irrigation canal. The operative part of the court order reads:

"In the meantime subject to objections from other side, the Non applicant defendant no 5 is temporarily restrained from carving out motorable / link road from the suit property till next date of hearing"

The defendant number 5 is the contractor who has been allotted the work by R&B division Budgam.

When this author spoke to the Junior Engineer of R&B Division Budgam he told me that they can't go ahead with the work . The official was not ready to even understand the case and seemed scared of court order without even understanding what had been written in the order. I told him the road doesn't fall under survey number 790 for which suit has been filed, but the said official seemed confused. He asked me to contact Executive Engineer R&B Division Budgam. I contacted the Executive Engineer Mr Javid Shawal and made him understand the whole case. He assured me that he would visit the site. During my conversation with him I could make out that his Assistant Executive Engineer (AEE) has not been able to understand this case and he stopped the work on protection bund.

Initially, when I was not able

to get any reply from the Executive Engineer and Chief Engineer I had contacted the Principal Secretary of the Public Works Department Mr Shailendra Kumar. This senior bureaucrat is always responsive and quickly forwarded the replies he got from his officers. He was also told that there is a court case and that was the reason work on protecting bund could not be taken up.

#### Case study 2: J&K Housing Board

Former State Chief Information Commissioner (CIC) G R Sufi a week before his retirement gave a landmark judgment on Feb 18th 2016. He made it clear to the Govt Offices about misusing the legal term Sub-Judice. It has become a norm for many Government officials to misuse and misinterpret this legal terminology and under its garb not only the information is denied under Right to Information Act (RTI) but injustice is done with many people who remain silent due to lack of legal knowledge. The then State Chief

under Section 8, which is the provision of law along with Section 9, which exempts certain information from being disclosed. The State Information Commission in its orders said:

"The Commission has gone through relevant provisions of the law and found that there is no concept of sub-judice under Section 8, which is the provision of law along with Section 9, which exempt certain information for being disclosed. Section 8(1)(b) of the J&K State RTI Act, 2009 states that information which has been expressly forbidden to be published by any court of law or tribunal or the disclosure of which may constitute contempt of court shall not be disclosed. The FAA and PIO have not brought anything to the notice of the Commission, wherein, Hon'ble High Court or any other Tribunal has expressly forbidden the disclosure of information or anything which may constitute contempt of the court. As there is no any such expressed direction of any court or tribunal or anything which

in his orders said that there is no mention of word sub-judice in section 8 (exemption clause) of J&K RTI Act 2009.

With an aim of seeking some information from J&K Housing Board one Ashudeep Kohli R/O Channi Himmat Jammu filed an application under J&K RTI Act 2009 in the office of Senior Programmer who is also the designated Public Information Officer (PIO) of J&K Housing Board. The RTI application was received in the office of Senior Programmer (PIO) on June 2nd 2015. Ashudeep Kohli wanted to know the reasons for not considering his bid for allotment of a shop in Sector 1, Channi Himmat, Jammu. In this regard MD J&K, Housing Board had already issued an advertisement on 17-07-2014. The Housing Board Senior Programmer and designated PIO under RTI Act passed an order on June 27th 2015 and provided information under RTI Act to Ashudeep Kohli. After getting the reply Kohli was not satisfied with the reply. On July 11th 2015 he challenged the reply by filing first appeal before the Managing Director who is the First Appellate Authority (FAA) of Housing Board. On August 14th 2015, the MD Housing Board decided the 1st appeal by upholding the PIO's order. Not satisfied again with MD's orders, Ashudeep Kohli went to the then State Information Commission (SIC) by filing 2nd appeal on September 29th 2015. The State Information Commission (SIC) heard this case several times and on February 18th 2016 the commission gave its final judgment. The Commission made it clear that there is no concept of sub-judice

court, therefore, information as sought by the appellant becomes disclosable and PIO to disclose said information within 15 days of the receipt of this order'

#### Conclusion

Legal awareness helps to promote consciousness of legal culture and Government officials especially need to be given periodic training on interpretation of judicial orders and judgements. Government departments too are not able to properly elucidate on court orders and make unnecessary delays in submitting the counter responses to various judicial or quasi judicial institutions and the ultimate sufferers are the citizens. Legal education comprises a range of activities which intend to build public awareness and skills related to law and the justice system. The Govt must at least keep holding refresher courses on interpretation of court orders for its officials, especially the drawing and disbursing officers (DDOs). This will not only help build their skills and capacities but will also make governance more citizen

# Echoes from Fields: Melodic Ode to Agricultural Nostalgia

Peer Mohammad Amir Qureshi

As the first rays of dawn painted the canvas of my Facebook feed, a captivating video unfolded be-fore my eyes. Enchanting and evocative, it portrayed a symphony of women meticulously sowing paddy saplings. In that fleeting moment, I was whisked away to a bygone era when farming pulsated with unbridled passion and boundless zest. It was a season that not only yielded bountiful harvests but also bloomed with artistic grandeur. A time of jubilant celebration, akin to the revelry of religious and artistic carnivals. Alas! Those cherished memories now reside in the realm of nostalgia. The towering significance of agriculture in Kashmir, where it serves as the veritable lifeblood, employing a staggering 64 percent of the populace. The backbone of Kashmir's economy, agriculture weaves an immense potential of abundance and opportunity. Ah, how vividly I recall those early mornings, roused by the thunderous roar of tractors! My brother and I, drawn like moths to a flame, would flock to the fields, entranced by the ballet of those mighty machines tilling the soil. The mynas, charming little guardians of the land, would flock in droves, savoring the veritable feast of insects and pests, unfurled from the fields. Alas, the grand assembly of these feathered heroes has ebbed to naught, for they were once stalwart defenders, masterfully vanquishing vile intruders that menaced our crops.Oh, the enchantment that stirred within the hearts of children, beckoning them to the fields during the sacred ritual of tilling! Such was their insatiable hunger to claim a seat upon the majestic tractors, consumed by a greed that knew no bounds. And lo, as if destiny itself conspired, I too

partook in the kaleidoscope of childhood adventures, my spirit buoyed by the camaraderie of treasured companions. Together, we danced amidst the symphony of tillage, soaring on the wings of elation, basking in the glorious rapture of tractor rides across the resplendent, furrowed canvas of the earth.

Yet, over the past decade, the landscape of agricultural practices has metamorphosed. No longer do individuals immerse themselves wholeheartedly in the noble craft of husbandry. What was once a revered responsibility, ardently embraced by our forebears, has been reduced to a mere formality. Outsourced laborers now shoulder the burden, from tilling the earth to planting paddy saplings. Cast your gaze upon the yesteryears, when the denizens of Kashmir infused the land

with their indomitable spirit. With zeal aplenty, they personally placed each paddy sapling in the fertile soil, their harmonious voices echoing through the fields. Inviting their kin and kindred souls, they forged bonds of love and camaraderie, extending a helping hand while reaping a shared fiscal harvest. A choreography of roles unfolded, as children scattered the saplings with laughter, while women

remained behind to concoct teas, lemoninfused elixirs, and tantalizing repasts. Amidst the scintillating sun, the intermittent respite brought sips of lemon nectar and succulent slices of melons. The land bore witness to a grand feast, as women gracefully carried wicker baskets brimming with delicacies, accompanied by eager children lugging pots filled with mouth-watering culinary Kashmiri delights.But alas, those blessings have dimmed, eclipsed by covetousness, envy, and a lamentable shadow of authenticity. In the realm of agrarian metamorphosis, where migrant labourers from Bihar and surrounding regions have taken the reins, resides an underprivileged and impoverished community battling to secure their livelihood. Yet, their susceptibility becomes a fertile breeding ground for deceit, as nefarious elements exploit their vulnerability, cunningly portraying their toil as trifling, thereby diminishing their rightful wages. Interestingly, it is noteworthy that these very non-local labourers now demand higher compensation for their services, reversing the tides of fortune. Our hearts yearn for the revival of our agrarian heritage, for within it lies the very essence of our communal tapestry. Let us not succumb to idleness, for it is our grandparents who beseech us to tend to the fields of prosperity. Should we falter in our commitment, we shall witness the tragic transformation of lush landscapes into desolate barrenness. Let us awaken to the irrefutable truth that agriculture is a legacy, a priceless gift for generations yet unborn.

# How Arguments Can Help Strengthen a Relationship

Bruce Y. Lee M.D., M.B.A.

relationship without arguments may seem ideal. And indeed, I once went through years in a relationship without having a single major argument with my then significant other. But I would argue that such a situation is not good. While not arguing may have left the superficial impression of everything being hunky dory, in reality it wasn't. Not arguing allowed a lot of R&R to build—resentment and "arrrgh." Eventually, and not surprisingly, the whole relationship exploded in a very messy breakup.

There were certainly times throughout the relationship when we could have had arguments. For example, when I felt that one of her family members was being nasty toward me, I raised the issue with her. But when she appeared reluctant to do anything about it. I didn't continue pushing the issue. That was a mistake, leading more to harm than harmony. Deep down, the unresolved issue continued to build resentment in me. I became less and less affectionate towards her, which was not very fair to her. She undoubtedly noticed but didn't really bring it up until the very end.

Not to say that having arguments would have fixed everything in that relationship. But at least, arguments would have exposed sooner what could and could not have been fixed. Arguments would have more quickly revealed fundamental incompatibilities, which could have ended up saving both of us a lot of

When two human beings are close in any way, it's completely unrealistic to expect no disagreements regardless of how compatible they may be. Heck, assuming that you are not a full-blown narcissist, you're sure to get fed up with even yourself every now and then. No two people are always going to fit together like hand in glove. Sometimes it's going to be more

like hands in boxing gloves.

Arguments can be an important way to communicate. When done constructively, arguing can help you better understand each other and any issues that may be coming between you. It can provide a release valve for pent-up frustrations. It can help reveal problems to which you can design and implement solutions. As a result, it can actually help both parties grow and even greatly strengthen the relationship.

The key, then, is not to avoid arguments as if they were sweater vests but rather to accept and even embrace them.

Arguments are not necessarily a sign that you two are incompatible. More important are the answers to the following three questions:

#### 1. What are you arguing about?

Are you constantly arguing about things that are not very significant, such as, Which is more important: chocolate or cheese?" when the answer should be "Yes"? If the argument is about something that doesn't really matter in the long run, it may be best to table the argument by agreeing to disagree. Arguing

about little stuff all the time can become tiring and erode the bond between you.

However, make sure that the topic of the argument doesn't actually represent a deeper unspoken issue. Never feel afraid to bring up an important issue more directly simply because you don't want to have an argument. In fact, it's better to have an argument as soon as an important point of contention arises.

#### 2. How are you arguing with each other?

Arguing doesn't mean that you can

mel the other person. Don't target the other person's trigger points or try to manipulate or gaslight the other person just to "win" or have the satisfaction of seeing him or her squirm. Instead, fight fairly with the intention of finding solutions rather than winning over the other person. The only way to win the argument is if your relationship is better off in the end.

#### 3. What results from the argument?

Having an argument is like holding a business meeting. Don't have it for the sake of having it. Don't stop arguing without first solving the problem or at least discussing concrete next steps on how you are going to truly resolve the disagreement. And even after you think you've resolved the conflict, continue to check in with each other in the days after the argument to make sure that there aren't any lingering hard feelings.

All in all, don't view arguments as an oh-my-goodness-is-this-a-sign-that-we-aren't-compatible-what-am-I-going-to-do-maybe-I-need-to-get-back-on-Tinder-or-the-equivalent type of situation. Instead, view arguments as another form of communication, a very important form of communication.

İdeally, you and your partner, whether the relationship is personal or professional, should discuss and agree upon ground rules on how you are going to argue in general. And these ground rules should include not trying to run each other into the ground. The ability to constructively argue is an important sign of a healthy relationship. And if you can't seem to argue fairly with each other at all, then I would argue that maybe, just maybe, it's not the right relationship for you.

### **Govt Imposes Stock Limit On** Wheat Till Mar 2024; To Offload 15 Lakh Via Omss To Check Prices

**Press Trust Of India** 

**NEW DELHI-** For the first time in 15 years, the government on Monday imposed stock limits on wheat with immediate effect till March 2024 in a bid to check hoarding and contain rising prices of the key com-

The government also decided to offload 15 lakh tonnes of wheat to bulk consumers and traders from the central pool from month-end under the Open Market Sale Scheme (OMSS). Apart from wheat, rice will be offloaded to bulk buyers under the OMSS and the quantity will be decided in due course of time.

The government made it clear that it has no plans to tweak the wheat import policy as the country has ample stock. It further said the ban on wheat export would continue and further export of sugar will be not permitted as of now.

The stock limit on wheat has been imposed until March 2024 just before the commencement of General Elections to control prices. Last time, the stock limit was imposed in 2008.

Briefing media, Food Secretary Sanjeev Chopra said the stock limit has been imposed on wheat because some "unscrupulous elements are holding the stock and creating artificial scarcity" driving mandi prices up by almost 8 per cent

in the past month. "The wholesale and retail prices have not gone up to that much. With the lag, we expect

the wholesale and retail prices will also go up as modal mandi prices are showing upswing. The government has imposed stock limit on wheat..." he said.

Wheat prices in mandi rose to Rs 2,302 per quintal on June 7 from Rs 2,129 per quintal a

A stock holding limit of 3,000 tonnes has been imposed on wheat traders/wholesalers; 10 tonnes on retailers, 10 tonnes for each outlet of big chain retailer and 3,000 tonnes at all their depots. In the case of processors, 75 per cent of annual installed capacity, he said.

They have been directed to declare the stock position and update them regularly on the portal of the Department of Food and Public Distribution.

In case, the stocks held by them are higher than the prescribed limit, then they have to bring the same to the prescribed stock limits within 30 days of the issue of this notification.

To improve domestic availability and check prices, Additional Secretary of the Food Ministry Subhod Kumar Singh said the government has decided to offload both wheat and rice under the OMSS to bulk buyers and traders.

About 15 lakh tonnes of wheat from the central pool stock will be offloaded in the first phase to bulk buyers, flour mills, private traders and manufacturers of wheat products through e-auction. The lot size will be 10-100 tonnes per entity, he said.

### **JKEDI Hosts Investor Meet & Pitching Session With Angel Investor Mahavir Pratap Sharma**

**Observer News Service** 

**SRINAGAR:** The Jammu and Kashmir Entrepreneurship Development Institute (ÎKEDI) today organized a successful Investor Meet and Pitching Session, aimed at fostering the growth and development of startups in the UT of J&K at Sempora campus of the Institute.

The event brought together Mahavir Pratap Sharma, a renowned Angel Investor and a motivational speaker, aspiring entrepreneurs and industry experts to explore innovative business ideas and facilitate meaningful connections.

The event was held under the guidance of Ajaz Ahmad Bhat, Director JKEDI and served as a platform for startups from J&K to showcase their innovative ideas, business models, and growth potential in front of the investor.

The event witnessed a meaningful turnout of enthusiastic entrepreneurs, reflecting the growing entrepreneurial spirit in the region. Sheikh Ashiq, a leading entrepreneur of J&K

and former President of Kashmir Chamber of Commerce and Industry (KCCI) among other Industry experts was also present on the occasion.

Mahavir Pratap Sharma, a serial entrepreneur who also served as the chair of TIE Global Angel Investors, brought his vast experience and expertise to the event.

As a renowned angel investor and mentor, Sharma shared valuable insights into the startup ecosystem, investment strategies, and the qualities that investors seek in potential ventures. His presence added immense value to the event, inspiring and guiding the participating entrepreneurs.

"There is no dearth of talent here and I want all of you to think of solutions that have a global appeal and can be scalable. I will be available to all the aspiring startups and will share my experience and knowledge. Some of the ideas presented today have immense potential and I will work with them and help them to scale up. Government support and grants are also important," said Mahavir Sharma.

# **Retail Inflation Dips To Over 2-Year Low** Of 4.25% In May

RBI likely to hold rates steady in FY'24

**Press Trust Of India** 

**NEW DELHI:** Retail inflation declined to a 25-month low of 4.25 per cent in May mainly on account of softening prices of food and fuel items, with experts saying that RBI is expected to hold interest rates steady in the current fiscal.

This is the fourth straight month when retail inflation has declined and the third straight month of Consumer Price Index (CPI) based inflation remaining within the RBI's comfort zone of below 6 per cent.

CPI-based inflation stood at 4.7 per cent in April and 7.04 per cent in May 2022.

At 4.25 per cent, retail inflation is the lowest since April 2021 when it was 4.23 per cent.

Inflation for the food basket was at 2.91 per cent in May, lower than 3.84 per cent in April. The food basket accounts for nearly half of the CPI.

Inflation in fuel and light eased to 4.64 per cent, from 5.52 per cent in April.

CPI inflation print for May

eased more than expected, with the positive surprise chiefly driven by the food and beverages segment. Nevertheless, concerns loom on the horizon regarding the potential impact of a sub-par monsoon on food inflation in the second half of this fiscal.

ICRA Chief Economist and Head of Research and Outreach Aditi Nayar said the headline CPI inflation may rise mildly to 4.5-4.7 per cent in June 2023 based on the early uptrend in the prices of most of the food items, barring edible oils.

ICRA expects an extended pause by RBI through FY2024, and the stance to remain unchanged over the next couple

of policy meetings, Nayar said. Barclays, MD & Head of EM Asia (ex-China) Economics, Rahul Bajoria said inflation moderated further in May, given the high base and some sequential easing in energy costs. The RBI is likely to watch for the persistence of core inflation and the impact of El Nino on food prices in the coming months.

The decline in inflation was mainly driven by food items led by 'oils and fats' and vegetables where inflation fell by 16 per cent and 8.18 per cent respectively.

However, inflation in cereals and pulses came in higher at 12.65 per cent and 6.56 per cent respectively.

Experts said the monsoon forecast and performance will hold clues to future movements in food inflation, and pulses will be more vulnerable in this context.

India Ratings and Research (Ind-Ra) said going forward inflation is expected to remain in the 4.4-5.4 per cent range for the rest of this fiscal. It expects RBI to maintain a pause on interest rates for the rest of the current fiscal.

Last week, the Reserve Bank kept policy rates unchanged at 6.5 per cent and projected retail inflation for the current fiscal to average 5.1 per cent. June quarter inflation was projected at 4.6 per cent.

# Airfare In India Spiked By 41% Since Covid: Report

**ANI** 

NEW DELHI: Airfares in key markets in Asia-Pacific and the Middle East rose sharply even as airport charges have remained steady since the pandemic. A study conducted by Airports Council International Asia-Pacific in collaboration with Flare Aviation Consulting on airfare trends in the region found highest airfare increase was in India (41 per cent), followed by the United Arab Emirates (34 per cent), Singapore (30 per cent) and Australia (23

The study found domestic airfares have continued to increase in several of these markets, including India, Indonesia, Saudi Arabia, South Korea and Japan in the first quarter of 2023 and only decreased marginally on international routes.

ACI Asia-Pacific argues airlines are capitalising on low competition and pent-up demand to increase profits and recover losses incurred during the pandemic, while airports continue to provide enhanced services to passengers despite incurring heavy operational and capital expenditures.

Airports freezed or reduced airport charges, including landing, parking, and passenger fees, and provided incentives at the peak of the pandemic despite the fact that airports have made significant investments in capital expansion and technology, it said.

"These excessive airfares

threaten the industry's longterm recovery and may have a far-reaching influence on the associated industry by reducing demand for air travel and increasing the financial burden on the already stressed sector," said Stefano Baronci, Director General of ACI Asia-Pacific.

Baronci suggested airlines should exercise fair pricing that supports recovery and safeguards consumers' interests.

"A supply-demand imbalance should not be exploited by airlines at the expense of customers by restricting the capacity, especially international one which is a key driver of social and economic growth and a major source of revenues for the airport sector. We urge airlines to carefully consider the long-term impacts of their pricing decisions. At the same time, governments must consider liberalising markets through policies such as open skies, which will allow competition while keeping airfares under control."

Fuel prices and inflation are responsible for a significant portion of airfare increase. Fuel prices went up 76 per cent in 2022 compared to 2019. The airlines' costs increased as the retail inflation saw an average 10 per cent increase over the same period.

Congress leader KC Venugopal and Union civil aviation Jyotiraditya Scindia had a Twitter battle over the rise in airfares and other affairs involving India's civil aviation sector.

# **UAE Emerges As Fourth Largest Investor In India In FY23**

**Press Trust Of India** 

**NEW DELHI:** The United Arab Emirates (UAE), with which India implemented a comprehensive free trade agreement in May last year, has emerged as the fourth largest investor in India during 2022-23, according to government data.

In the last fiscal, foreign diinvestment (FDI) from the UAE to India jumped over three-fold to \$3.35 billion from \$1.03 billion in 2021-22, the data of the Department for Promotion of Industry and Internal Trade (DPIIT) showed.

The UAE was the fourth largest investor in India in 2022-23 compared to the seventh in

Singapore was the largest investor in India with \$17.2 billion investment in FY23, followed by Mauritius (\$6.1 billion) and the US (\$6 billion).

"The rapidly strengthening of bilateral ties and investment cooperation between India and United Arab Emirates (UAE) can be chiefly attributed to the strong bilateral relations between India and UAE, growth in investment commitments from UAE, and the policy reforms to further ease of doing businesses between the two countries," Rudra Kumar Pandey, Partner, Shardul Amarchand Mangaldas & Co, said.

UAE's investments in India are mainly in sectors like services, sea transport, power and construction activities.

One of the crucial factors for the increase in foreign direct investment (FDI) from UAE is the signing of the Comprehensive Economic Partnership Agreement (CEPA) between India and UAE on February 18, 2022 (effective from May 1, 2022), Pandey added.

"Apart from CEPA, another growth engine of FDI from UAE in India is the investment commitment from UAE. UAE has committed to invest USD 75 billion in the Indian infrastructure sector over a period of time. It has also committed to partner with India in the renewable energy sector," Pandey noted.

India and the UAE have operationalised a comprehensive free trade agreement since May 1 last year. Under the pact, a number of goods from both countries are getting zero-duty access to each other's markets, besides eased norms for promoting investments.

The country accounts for about 2.5 per cent of the total FDI India received between April 2000 and March 2023. During this period, India has attracted \$15.6 billion worth of overseas inflows from the UAE. the data showed.

According to experts, the trade agreement has helped significantly increase the import and export between the countries and consequently increased the investments from UAE in Indian companies.

# **Industrial Production Grows 4.2% In April**

**Press Trust Of India** 

**NEW DELHI:** India's industrial production growth rose to 4.2 per cent in April from 1.7 per cent in March 2023, mainly due to good performance by the manufacturing and mining sectors, according to official data released on Monday.

The factory output growth measured in terms of the Index of Industrial Production (IIP) stood at 6.7 per cent in April 2022.

As per the IIP data released by the National Statistical Office (NSO), the manufacturing sector's output grew 4.9 per cent in April 2023 against a 5.6

per cent expansion a year ago. Power generation declined 1.1 per cent in April 2023 compared to a growth of 11.8 per cent.

Mining output, however, rose by 5.1 per cent during the month under review against a growth of 8.4 in the year-ago period. As per use-based classifica-

tion, the capital goods segment recorded a 6.2 per cent growth in April compared to a 12 per cent expansion a year ago.

Consumer durables output during the month declined by 3.5 per cent against a 7.2 per cent growth a year ago.

non-durable Consumer goods output grew 10.7 per

cent against a contraction of

0.8 per cent a year earlier. Infrastructure/construction goods posted a growth of

12.8 per cent compared to a four per cent expansion in the same period a year ago. The data also showed that the output of primary goods logged 1.9 per cent growth

in the month against 10.3 per

cent in the year-ago period.

The intermediate goods output in April grew by 0.8 per cent compared to a 7.1 per cent growth during the corresponding month last year.

For fiscal 2022-23, the growth in IIP works out to be 5.2 per cent, down from 11.4 per cent in the preceding year.

While Bargarh recorded 44.9

#### **Press Trust of India**

Bhubaneswar: Odisha's capital Bhubaneswar on Monday sizzled at 44.3 degrees Celsius which is more than 8.3 degrees than the normal temperature while as many as 31 places across the state recorded temperature of 40 degrees Celsius or more, MeT office said.

Temperature above 5 degrees Celsius than the normal temperature in the coastal area is considered a severe heatwave

The weather office issued an orange warning (be prepared) for heatwave to severe heat wave conditions at a few places over the district of Jharsuguda, Sambalpur, Bargarh, Sonepur, Boudh and Bolangir on Tuesday and Wednesday.

It also issued a yellow warning (be updated) and said heatwave condition is very likely to prevail at one or two places over the district of Sundergarh, Keonjhar, Mayurbhanj, Angul, Dhenkanal, Deogarh, Kandhamal, Nuapada, Kalahandi, Nayagarh, Khurda, Cuttack, Ganjam and Jajpur, dur-

ing the same period. The normal life across the state including the twin cities of Bhubaneswar and Cuttack (43.2) were severely affected due to

heatwave condition and there seems to be no respite as the

NIA seeks help from public in identifying those involved in violent protest at Indian Mission in London

PRESS TRUST OF INDIA

New Delhi: Broadening its probe into attempts to vandalise the Indian Mission premises in London, the National Investigation Agency (NIA) on Monday released five videos and sought the help of the general public in identifying individuals involved in the violent protests there in March this year.

The nearly two-hour-long footage from CCTVs was posted by the NIA on its website and the link shared on its official Twitter handle while urging people to provide any information regarding the persons seen in the videos to the

The NIA said in a statement that the CCTV footage of the attack by anti-national elements on the High Commission of India in London on March 19 this year has been uploaded.

"All the members of public are requested to provide any information regarding the persons seen in the footage to the NIA in public interest,' the statement said, adding the information would be kept

The agency also provided a WhatsApp number +917290009373 for conveying the information.

This comes after a team of the NIA visited London to get details of the case besides interacting with officials of the Scotland Yard, officials in know of the developments said.

The agency took over the probe from the Special Cell of the Delhi Police which had registered a case un-der the Unlawful Activities (Prevention) Act and the Prevention of Damage to Public Property Act as it involves

illegal activities carried out by certain people holding Indian nationality abroad.

Pro-Khalistani protestors tried to vandalise the Indian High Commission in London and pulled down the national flag while holding protests outside the High Commission complex on March 19. It happened a day after Punjab Police launched a crackdown against radical preacher Amritpal Singh in Punjab.

The Counter-Terrorism and Counter Radicalisation unit of the Ministry of Home Affairs had handed over the case to the NIA and the decision was taken after Union Home Secretary Ajay Bhalla held a meeting with representatives of the British government in April this year.

In the London incident, the tricolour flying atop the Indian High Commission was grabbed at by a group of protesters waving separatist Khalistani flags and chanting pro-Khalistani slogans, leading to an

Officials from the Mission had said the "attempted but failed" attack was foiled and that the tricolour was flying "grander". The

Metropolitan Police said that two members of security staff sustained minor injuries which did not require hospital treatment.

India had summoned the British deputy high commissioner based in New Delhi and demanded an explanation over the complete "absence of security".

strongly-worded statement, the Ministry of External Affairs had said India finds "unacceptable" the indifference of the UK government to the security of Indian diplomatic premises and personnel.

Union Earlier, Secretary Bhalla had flagged the issue with a UK delegation which was led by Permanent Secretary, Home Office, Sir Matthew Rycroft. He had "specifically" conveyed New Delhi's concerns on the misuse of the UK's asylum status by pro-Kh-alistani elements to abet terrorist activities and requested better cooperation, increased monitoring of extremists and proactive action.

India's concerns over the breach of security at the Indian High Commission were also emphasised in that meeting.

### Cyclone 'Biparjoy': Western **Railway short-terminates 56** trains heading to coastal Gujarat

PRESS TRUST OF INDIA

Mumbai: The Western Railway on Monday short-terminated more than 50 trains heading to coastal areas of Gujarat in view of powerful cyclone 'Biparjoy' and is considering cancellation of several trains over the next three days, a release said.

The WR is taking various measures including setting up disaster management rooms, help desks, and keeping relief trains ready.

The wind speed is being monitored at five locations in Bhavnagar division, at eight sites in Rajkot and at three spots in Ahmedabad division on an hourly basis and station masters have been instructed to regulate or stop trains when the wind velocity exceeds 50 kmph, as per the release.

According to IMD, 'Biparjoy' is likely to make landfall near the Jakhau port in Kutch district on Thursday afternoon as a 'very severe cyclonic storm' with maximum wind speed reaching up to 150 kilometres per hour.

"As many as 56 trains heading to Gandhidham, Veraval, Okha, Porbandar in coastal Gujarat have been short-terminated at Ahmedabad, Rajkot and Surendranagar. Around 95 trains are being proposed for cancellation between June 13 to lune 15." the release said.

Sumit Thakur, chief public relations officer (CPRO), WR, said passenger trains scheduled from June 12 onwards in the vulnerable sections are being reviewed and necessary decisions will be taken. "Several trains have been can-

celled and short-terminated as a precautionary measure in view of the safety of passengers and train operations," Thakur said.

Cyclone Biparjoy is likely to hit the Saurashtra and Kutch regions of Gujarat, covering Bhavnagar, Rajkot and Ahmedabad divisions of the Western Railway.

Veraval-Junagad, Porbandar-Kanalus, Rajkot-Okha and Viramgam Gandhidham-Bhuj sections are most vulnerable to this cyclone, the WR has taken various safety and security precautions, the release said.

WR general manager Ashok Kumar Misra convened a virtual meeting with senior officials to review the cyclone preparations and gave necessary directives regarding arrangements of various logistics, and train movement including speed restrictions and cancellation of trains as a safety and precautionary measure.

"Restriction has been imposed on inward and outward traffic of Double Stack Container (DSC) movement as well as on inward traffic for all terminals of Ahmedabad, Rajkot and Bhavnagar divisions till June 16, with immediate effect," the WR said.

A disaster management room has been made operational at the Western Railway headquarters in Mumbai and at divisional headquarters at Bhavnagar, Rajkot and Ahmedabad. Additionally, hotlines between them have been ensured for smooth functioning. The concerned divisions have been put on alert to tackle the situation with arrangements for tree-cutting equipment, DG sets, diesel-driven pumps, earthmoving equipment, Poclain, JCBs, utility vehicles, adequate fuel resources, etc, the release said.

Relief trains have equipped with adequate medicines and are kept on alert. Help Desks have been opened at Bhavnagar, Porbandar, Veraval and Junagadh in Bhavnagar Division, Okha, Dwarka, Khambhaliya, Jamnagar, Hapa, Surendranagar and Morbi in Rajkot Division, while at Gandhidham and Bhuj in Ahmedabad Division, the re-

#### **Evidence Has**

adduced by the prosecution, come to the conclusion that the accused have not committed the crime imputed to them.

The Division Bench said that the well settled law is that the function of the Court in a criminal trial is to find out whether a person arraigned before it as accused is guilty of the offence with which he is charged.

..as a general rule the court can and may act on the testimony of a single witness provided he is wholly reliable and there is no legal impediment in acquitting a person on the sole testimony of a single witness, but if there are doubts about the testimony, the court will insist on corroboration," the division bench said, adding, "It is not number or quantity, but quality that is material and time-honoured principle is that evidence has to be weighed and not counted."

So, the test is whether the evidence has a ring of truth, is cogent, credible and trustworthy or otherwise, the court said. "The legal system has laid emphasis on value, weight and quality of evidence, rather than on quantity, multiplicity or plurality of witnesses," the court said, adding, "Thus it is open to a competent court to fully and completely rely on a solitary witness and record acquittal and conversely it may acquit the accused in spite of testimony of several witnesses if it is not satisfied about the quality of evidence."

#### **RBI Okays Compromise**

relating to future contingent realisations or recovery by the RE, subject to such claims not being recognised in any manner on the balance sheet of REs at the time of the settlement or subsequently till actual realisation of such receivables," it said.

Any such claims recognised on the balance sheet of the RE would render the arrangement to be treated as restructured as per the extant guidelines, it added.

In respect of borrowers subject to compromise settlements, the notification said, there would be a cooling period as determined by the respective board-approved policies before the REs can assume fresh exposures to such borrowers.

The cooling period in respect of exposures other than farm credit exposures would be subject to a floor of 12 months.

However, it said, REs are free to stipulate higher cooling periods in terms of their Board approved policies. The cooling period for farm credit exposures would be determined by the REs as per their respective Board approved policies.

Banihal recorded a low of 12.1°C (0.4°C below normal), Batote 14.7°C (1.2°C below normal), Katra 20.5°C (1.6°C below normal) and Bhaderwah 10.5°C (below normal by 3.0°C). Ladakh's Leh and Kargil recorded a low of 6.0°C, he said.

#### **Iniured Policeman**

hundreds of people participated in the funeral prayers of Raina at his native village. Senior police officers also attended his last rites.

A wreath laying ceremony was also held at his native village in which officers of Police led by DIG Kashmir, Commandant IRP-Bn, Commandant IRP-13th Bn, Commandant IRP-17th Bn, Dy. Commandants of IRP-10th Bn, 13th Bn, DvSsP of IRP-10th & 11th Bns, SDPO Kokernag and SHO Kokernag, other senior police officers participated.

ADGP Kashmir Vijay Kumar has also conveyed heartfelt sympathies and condolences to the family of the martyr for his supreme sacrifice made in the line of duty.

#### 29 CCTV Cams

close-circuited fire hydrant systems in all the buildings and setups of the basecamp besides an air-conditioned community kitchen halls for the first

The repair, renovation, and facelifting work is also going on here at a fast pace to ensure that the basecamp is ready before June 20.

"The work on the repair and renovation of the Yatri Niwas is going on smoothly. The facelifting is going at a fast pace. We expect that Yatri Niwas will be ready by June 20", an officer

He said this time facilities have been further improved with the introduction of close-circuited fire hydrants and air conditions eating halls.

"We have installed six ACs each to make two eating halls fully air-conditioned so that pilgrims get better facilities. We have also installed close circuited fire hydrant systems," he said.

The first batch of pilgrims is expected to leave the Jammu base camp one day prior to the start of the yatra on July 1.

#### **Yatra A Symbol**

Talking to reporters on the sidelines of a public rally organised by the BJP here to highlight the achievements of over the past nine years, the minister, who is also the local MP, expressed confidence that a large number of dev-

otees will join the pilgrimage this year. "Amarnath Yatra is not a political issue. It is a symbol of collective culture of the country and Jammu and Kashmir. The Hindu devotees join the yatra in large numbers and are welcomed by Muslims of Kashmir who also made arrangements for them," the minister said.

He said the tradition needs to be further strengthened instead of playing politics over it and dividing society. I am fully confident that the yatra

will attract pilgrims in large numbers from across the country," Singh said. Besides the Union minister, I&K BIP president Ravinder Raina and several other senior leaders, including former legislators, addressed the rally and highlighted the achievements of the

Modi-led government. Singh along with Raina released a booklet, giving a briefing on some of the major works carried out by the government in Udhampur parliamen-

tary constituency.

The yatra to the 3,880-meter-high holy cave in south Kashmir Himalayas is scheduled to commence on July 1 from two tracks -- the traditional 48-km Nunwan-Pahalgam route in Anantnag district and 14-km shorter but steep Baltal route in Ganderbal district.

#### **Preps On For 'Swachh**

Himalayas, the Union Housing and Urban Affairs Ministry said on Monday. The preparations include acquir-

ing more prefabricated toilets, disinfectants, hiring extra sanitation staff, engaging more "Swachhagrahis", pre-yatra sanitation of lodging areas and the vatra route and de-sludging septic tanks, forming sanitation teams and appointing nodal officers, among other initiatives, a statement by the ministry said.

It said through the "Swachh Amarnath Yatra" initiative, the Swachh Bharat Mission (Urban) 2.0 has not only improved the overall pilgrimage experience but also reinforced the values of cleanliness and hygiene among

The 62-day-long annual pilgrimage to the cave shrine of Amarnath, located at a height of 3.880 metres in south Kashmir Himalayas, will begin on July 1 and continue till August 31.

Under the SBM (U) 2.0, initiatives are taken to ensure a clean and wastefree environment for the yatris, the ministry said, adding robust waste management systems are implemented along with clean sanitation facilities and awareness campaigns promoting cleanliness and responsible waste disposal.

During last year's vatra, the urban local bodies had installed and maintained a total of 127 toilet seats, 119 urinals and 40 bathing units along the route to improve sanitation, the statement said.

Additionally, the ULBs maintained over 780 toilets installed for the vatra. To achieve 100 per cent waste collection, the ULBs utilised 10 twin compartment vehicles on a daily basis, it added.

They also installed 145 twin bins at all camps to facilitate waste segregation.

To handle the generated waste, the ULBs deployed 14 de-sludging vehicles daily during the yatra with additional vehicles on standby for emergencies, the statement said.

"With an aim to ensure efficient waste processing, nine solid waste management facilities have been inaugurated on May 12, 2023 in 10 ULBs located in Jammu and Kashmir.

"Notably, three of these ULBs, Qazigund, Sumbal, and Ganderbal, fall along the yatra route. These facilities will process 40 tonnes of waste daily," the HUA ministry said in the statement.

Each centre has a material recovery facility for dry waste which includes segregation, bailing and shredding facilities. Compost pits are also provided for processing of wet waste, it added. On Friday, Union Home Minister

Amit Shah said the Narendra Modi government's priority is to ensure that Amarnath pilgrims have a comfortable visit and directed officials to make adequate security arrangements along the entire pilgrimage route in Jammu and Kashmir.

He said this while chairing a highlevel meeting where he took stock of the preparations for the annual pilgrimage with top officials of the central government, Army and the Jammu and Kashmir administration.

#### **NIA Attaches**

atmosphere in the Kashmir valley and also to resort to violence, the NIA

Watali had been sending the funds raised by him from various sources to the Hurriyat leaders to promote the secessionism of J-K from the Union of India, it added.

Investigations have revealed that

Watali was a "hawala conduit", who was receiving money from "Amir" of Jammat-ud-Dawah and top commander of Lashkar-e-Taiba, Hafiz Saeed, a 'specially-designated global terrorist' of the United States and a 'listed global terrorist' of the UN, the NIA said.

Saeed had masterminded the 2001 Parliament attack and the 2008 Mumbai attacks.

Watali had received foreign remittances into his bank account running into crores between 2011 and 2013 from various sources. Besides, he had received foreign remittances in his proprietorship firm named M/s 'Trisson International', Srinagar and unexplained remittances were also found in his NRE bank accounts, the NIA said.

The investigating agency said Watali had shown the sale of a plot of land measuring 20 kanals, purportedly owned by Watali's company, M/s 'Trison Farms and Constructions Pvt Ltd' to one Naval Kishore Kapoor, a coaccused in the case. However, it said, the investigations

found that neither Watali, nor his above-mentioned company was the owner of this plot of land in the revenue records.

Watali was arrested by the NIA in 2017 under various sections of the stringent Unlawful Activities (Prevention) Act (UAPA).

A trial court had in May last year framed charges against Watali and others in a case related to alleged terrorism and secessionist activities in Jammu and Kashmir in 2017.

Watali was moved out of jail in February last year and placed under house arrest on medical grounds. He is presently facing trial before

the Special NIA Court in Delhi. Besides JKLF chief Malik, 17 others, including Saeed, top commander of Hizb-ul-Mujahideen Mohammad Yusuf Shah alias Syed Salahuddin,

by the NIA on May 30, 2017. Malik was convicted in all the charges against him and sentenced to life imprisonment in May 2022.

**66TH NATIONAL SCHOOL GAMES** 

# **J&K Wins Shooting Gold, Reaches Quarters** In Football

**Observer News Service** 

Srinagar: J&K athletes continued to shine in the ongoing 66th National School Games. In Shooting, Aneesha Sharma bagged gold with an impressive score of 400/400 (418), while Himanshu Gupta won silver with a decent score of 396 (413.7) at Chandro Tomar Shooting Range, Delhi.

Secretary to Government Department of Youth Services and Sports J&K Sarmad Hafeez, Director of the Department Subash C Chibber and other senior officers of the Department congratulated the duo for their brilliant performances.

In other news, J&K Under-19 Football Boys team have reached the quarterfinals of NSG Football Championship, which is currently underway in Bhopal. In their first match, J&K won by narrow margin of 1-0 against IBSO, scoring in the last minute of the game.

J&K played their second match against Daman & Diu and secured a resounding victory with a final score of 2-0. Sajid Fayaz headed the first goal, while Athar Malik scored

the second. To secure a place in the group playoffs, the J&K team played their third match against Karnataka. The match ended 0-0, allowing J&K to qualify for the pre-quarterfinals.

In the pre-quarterfinal match against Football Hub Tripora, the J&K boys displayed their determination and resilience. Despite playing their earlier match at 5:30 AM, leaving them physically exhausted, they did not let their spirits waver. The match went into a tiebreaker, and the J&K team emerged victorious with a scoreline of 4-3.

Goalkeeper Wajid Yousuf's saved two penalty shots. Sayam, Kashif, Muneer, and Aditya were the scorers for J&K.

Having already played two matches earlier in the day, the J&K team was gearing up for their third match when this report was filed.

Mohammad Hadi, trainee of Sports Council Judo Academy, won bronze in the Judo tournament of the National School Games.

# **DYSS Holds Inter School Sports Events In Dooru**

**Observer News Service** 

**ANANTNAG:** The Department of Youth Services and Sports on Monday organised competitions in sports disciplines of Kho-Kho, Kabaddi, Tug of War and Volleyball for U-17 Boys & Girls at HS Shankarpora in Zone Dooru on Monday. Semi-final and final matches for U-14 boys

and girls were also held at the same venue.

The competitions were inaugurated by the ZEO Dooru Bashir Ahmed Dar in presence of field officials of the department. A 'Pledge Ceremony" against drug addiction was held at the inauguration. Government as well as private schools participated in these competitions.

# KIC Wushu Open **Selection Trials Today**

The selection trials will be held for Under-14 (Sub Junior), Under-18 (Junior) and Above-18 (Senior) categories. The selected candidates will receive training

at Khelo India Wushu Centre. For further details, call 9622595953.

# **ODI WC: India To Play** Pakistan On Oct 15

**Press Trust of India** 

**NEW DELHI:** India will open their ODI World Cup campaign against Australia in Chennai on October 8 while Ahmedabad will host their muchanticipated match against arch-rivals Pakistan a week later, according to BCCI's draft schedule for the tournament.

"The BCCI shared the draft schedule with the ICC, which then sent it to the participating countries for feedback before a final schedule is put out early next week," ESPNCricinfo reported on Monday.

According to PTI sources, the two semifinals will be held in Mumbai and Chennai.

As per the initial draft, the tournament will begin on October 5 with reigning champions England taking on last edition's runner-up side New Zealand in Ahmedabad, which will also host the final on No-

Eleven venues, namely Del-

hi, Mumbai, Chennai, Kolkata, Bengaluru, Hyderabad, Thiruvananthapuram, Guwahati, Pune, Lucknow and Dharamsala have been shortlisted.

Hosts India, who last won the ODI World Cup in 2011 at home, will play their league phase matches across nine cities, including, Kolkata, Mumbai. New Delhi and Bengaluru. They will take on Pakistan on October 15. Pakistan, meanwhile, will play their league matches across five cities.

"Pakistan are slotted to meet the two teams progressing from the Qualifier on October 6 and 12 in Hyderabad, and then Australia in Bengaluru (October 20), Afghanistan (October 23) and South Africa (October 27) in Chennai, Bangladesh in Kolkata (October 31), New Zealand in Bengaluru (November 5, day match) and England in Kolkata (November 12)," the report read.

Australia's match against Trans-Tasman rivals New Zealand in Dharamsala on October 29 and against England in Ahmedabad on November 4 are some of the other big fixtures.

A total of 10 teams will participate in the tournament. Out of these, eight teams have already been decided and while two other teams will qualify for the main tournament via the qualifiers. With a little over four months left for the marquee event to begin, there has been an unprecedented delay in releasing the schedule.

The schedule of the last two editions of the tournament --2015 and 2019 -- was finalised over a year in advance.

India's tentative schedule: India vs Australia, Oct 8 Chennai India vs Afghanistan, Oct 11, Delhi India vs Pakistan, Oct 15, Ahmedabad India vs Bangladesh, Oct 19, Pune India vs New Zealand, Oct 22, Dharamsala India vs England, Oct 29, Lucknow India vs Qualifier, Nov 2, Mumbai India

# **WTC Final: Team India Lose 100% Match** Fees; Gill Penalised Additional 15%

**DUBAI:** Indian players have been fined their entire match fees for maintaining a slow over rate while opener Shubman Gill was docked an additional 15 per cent for criticising the umpire's decision to rule him out in a debatable call during the World Test Championship final.

The Australian players were also fined 80 per cent of their fees for maintaining a slow over rate during the marquee-clash, which they won by 209 run in London on Sunday.

"It was confirmed shortly after the conclusion of the match on Sunday's final day that India will lose all of their

fees for their slow over rate, with Australia also docked 80 percent of their match fees.

"In accordance with Article 2.22 of the ICC Code of Conduct for Players and Player Support Personnel, players are fined 20 per cent of their match fee for every over their side fails to bowl in the allotted time," the ICC said in a statement on Monday.

The fines were imposed after India were ruled to be five overs short of the target after time allowances were taken into consideration, while Australia were found to be four overs short.

Indian players, who are part of the playing XI earn Rs 15 lakh per Test, while the reserve

Gill was found guilty of "breaching article 2.7 which relates to public criticism or inappropriate comment in relation to an incident occurring in an international match." During India's second innings, television umpire Richard Kettleborough had adjudged a catch by Cameron Green to remove Gill

had been taken cleanly. However after the day's play, the youngster had posted a TV screen grab of the replay in which the ball seemed to be touching the ground.

Chasing a mammoth 444 in the second innings, a lacklustre India lost seven wickets before lunch on the fifth and final day on Sunday to suffer the crushing defeat.

# **Lionel Messi Will Increase MLS Popularity: Neymar**

PARIS: Paris St Germain striker Neymar Jr said he already knew Lionel Messi was going to join MLS side Inter Miami and predicted the U.S. top flight is set to change because of the popularity the Argentine will attract.

Messi, 35, announced on Wednesday that he plans to take his talents to South Beach after his contract with French champions expires at the end of this month.

"I already knew... Messi is one of my best friends, it's a gift that football has given me to have the opportunity to meet him, play with him and then establish such a beautiful friendship," Neymar said in an interview with ESPN Brazil on

"I told him he's going to be very happy for the city, for the lifestyle and for the opportunity to live and play here in Miami.

"I'm sure Leo is going to change the league in the United States. I think the league is going to be much more popular, so everybody has to take advantage and enjoy watching him play, because unfortunately nothing lasts forever," he added.

The Brazil international and Messi's former Barcelona and PSG team mate visited basketball player Jimmy Butler in Florida ahead of Friday's Game 4 in the NBA Finals.

Butler, a six-time NBA All-Star, also said he is excited about Messi's move to Inter Miami and that the Argentine World Cup champion will do a lot of good for U.S. soccer.

"Now that he's here, I think all the football fans around the world are going to come and get a chance to see him compete. I'm glad he's here," he told re-

### **McGregor Knocks Out Heat Mascot At NBA Finals**

**Agencies** 

MIAMI: Former UFC champion Conor McGregor knocked out the Miami Heat mascot in a midgame bit that went wrong.

Burnie – more specifically, the man who occupies Burnie's costume - briefly sought medical attention Friday night after taking two punches from Mc-Gregor during a third-quarter stoppage of Game 4 of the NBA Finals between the Heat and the

The Heat said Saturday that the employee, who was not identified, received pain medication and was resting at home. McGregor was there as a promotional gimmick for a pain-relief

spray - and was booed by many in the Miami crowd even before the bit started. The flame mascot was wearing oversized boxing gloves and a robe akin to what a fighter would wear entering the ring for a bout. McGregor hit Burnie with a left hook, knocking him down, then punched the mascot again after he hit the floor.

McGregor then tried to 'spray" the mascot with the pain-relief product, while several members of the Heat's promotional dragged Burnie off the court.

McGregor hasn't fought since injuring his left leg in a loss to Dustin Poirier at UFC 264 in July 2021. His last win came in January 2020.

### **Djokovic Returns To ATP** No. 1 With 23rd Slam

**Agencies** 

PARIS: Novak Djokovic returned to No. 1 in the ATP rankings on Monday, replacing Carlos Alcaraz there, after winning the French Open for a men's-record 23rd Grand Slam title.

Djokovic now will add to the record he already held for the most weeks leading the tennis rankings

- men's or women's - since the computerised system was set up a half-century ago.

"So, of course, when vou talk about history, people mostly talk about the Grand Slams won or the amount of time you spent at the No. 1 rankings," Djokovic said.

"I have managed to break the records in both of these statistics, which is amazing.'

# U-20 World Cup Prospects Could Be Bargains For The Next Transfer Window

**SAO PAULO:** Many young players caught the eye of scouts from major clubs during the Under-20 World Cup, which ended with Uruguay's first title in the tournament's history. They could be bargains of the next transfer window before they start playing for their senior national teams in the path to the next World Cup in 2026.

Here are five among the best performers of the competition in Argentina, all of them hoping to receive better opportunities or transfers to top leagues next season.

#### **SEBASTIAN BOSELLI**

The 19-year-old Uruguay defender is one of the reasons why the South American team conceded only three goals in

its title winning campaign. Boselli's best asset is his positioning, which makes him look like a veteran on the pitch. He plays for Defensor, a club of Uruguay's first division. At home, he has been compared to Atletico Madrid's José Maria Gimenez, who also has average height for a defender. Website Transfermarkt estimates his value at 900,000 euros.

#### **CESARE CASADEI**

Chelsea's 20-year-old Italian midfielder was arguably the best player of the tournament. Casadei is a box-to-box player who likes to operate on the right flank, which has earned him comparisons with both Frank Lampard and Kaká. He scored seven goals that carried his team to the final, and will hope to be used at Chelsea.

Reading in the Championship division. He has a contract with

This season, he was loaned to the Blues until 2028. Transfermarkt raised his market value from 6 million to 12 million eu-

ros during the tournament. **MARCOS LEONARDO** 

tre forward was one of the top goal scorers of the tournament with five goals despite his team's elimination in the quarterfinals. Leonardo likes to play on the left and is effective in holding the ball up front. At home, he has been compared to Argentina's Sergio Aguero. He is currently one of the main sources of goals for Santos, and the club expects to sell him for a high price. Earlier this year, Santos reportedly rejected an 11-million euro offer from West Ham for the striker.

#### **OR ISRAELOV**

The 18-year-old Israel defender is one of the reasons why his team reached the third place in the tournament in its debut participation. Nearly perfect in the air throughout

The 20-year-old Brazil cen- the U-20 World Cup, Israelov can also break lines and work as a team leader. Israelov is also a strong passer with either foot, which surely makes him an interesting asset for modern coaches. He plays for Hapoel Tel Aviv and Transfermarkt believes he is worth 300,000

#### **KIM JOON-HONG** The 20-year-old South Ko-

rea goalkeeper was a star in his team's 1-0 victory against Nigeria in the quarterfinals and kept his team in contention with a series of stunning saves in the semifinal against Italy. The 1.90-meter tall (6'2 feet) Kim plays for Gimcheon Sangmu, a second-division team of his home country. Transfermarkt estimates he is worth 150,000 euros. (AP)
