'Naya Kashmir' To Have Flyovers, Expressways, 100 Ropeway Projects Airports To Be Upgraded To International Standards, Rail Service To The Last Corner Of UT

Auqib Javeed

Srinagar: The Union Territory administration has set an ambitious target to expand road connectivity across the erstwhile state by constructing expressways, thousands of new roads and over 100 ropeways projects across Jammu and Kashmir over the next two decades, official documents reveal.

According to UT administration's "Vision Document 2047-Jammu and Kashmir", for the five years from 2022-27,

the Public Work R&B department will construct 500 kilometer new expressways/Access Controlled Corridor (ACC)/ national highways in J&K for faster communication in the Union Territory, exploring rich natural wealth, new markets for farmed products, development of indigenous industries and to promote tourism.

Over 2,265 kilometers of new expressways, 2,900 kilometers of major district roads and 14,150 kilometers of other district roads/village roads are

planned for construction in Jammu and Kashmir. the department will construct

Roads to connect every village with the district headquarters and capital cities for their economic, social, and cultural development. The department will also construct 2500 km of roads in districts and villages to provide decent road connectivity to the Rural Population under the NABARD/PMGSY scheme.

300-kilometer major district

The department will construct 300 km of major district roads to connect every village with the district headquarters and capital cities for their economic, social

and cultural development. The department of central government announced "Parvatmala: national ropeway

development programme" to be taken as a preferred ecologically sustainable alternative to conventional roads in difficult hilly areas. "The aim is to improve con-

nectivity and convenience for commuters, besides promoting tourism. This may also cover congested urban areas, where conventional mass transit systems are not → More On P10

HC Upholds Life Sentence To Hizb Activist

CIVILIAN'S KILLING

Observer News Service

Srinagar: The High Court of J&K and Ladakh on Wednesday upheld the life sentence awarded to a Hizb-ul-Mujahideen terrorist in connection with the murder of a 25-year-old civilian in Kulgam district of south Kashmir in 2002.

Abdul Hameed Teeli, son of Mohammad Ramzan Teeli of Kokerhama Kulgam, had filed an appeal against the conviction and life sentence awarded to him by Principal Sessions Judge Kulgam in 2016 for mur-der of one Nazir Ahmed Wagay (25) of Raghal D.H. Pora area of the district.

According to the prosecution, Wagay was killed inside his house on 22 February 2002.

Upholding the conviction and sentence order, a division bench of Justices Vinod Chatterji Koul and Mohan Lal observed that once the genesis of the occurrence has been proved by the prosecution evidence in the case, the defence evidence "which does not dispute the occurrence", would not be sufficient to dispel the entire prosecution case.

"After churning the entire prosecution evidence once again by us being the First Court of Appeal, we are of the considered view, that the prosecution has been able to prove the charges punishable u/s 302/452/34 RPC r/w 7/25 of Arms Act against appellant (Teeli) beyond any reasonable doubt, and therefore, his conviction for the charges deserves to be upheld," the court said, adding, "The net result now surfaces is, that instant appeal stands dismissed, while the conviction and sentence rendered by the trial court for commission of offence u/s 302/452/34 RPC r/w 7/25 of Arms act against → More On P10

Ex Cop Gives Last Salute to Slain DySP Son

Himayun Became Father A Month Ago, Joy Turns Into Distress

Srinagar: Amid tears and sobs, Ghulam Hassan Bhat, who also served as a senior police officer in Jammu & Kashmir till 2018, gave a final salute to his slain son—Deputy Superintendent of Police (DySP) Himayun Bhat, who was killed in a gunfight today in Kokernag area of South Kashmir's Anantnag district.

A fierce gun battle broke out in Kokernag village today in which three top officers including Army Colonel, Army Major and DySP of J&K Police were killed.

According to Kashmir News Observer, one among the slain in the Kokernag gunfight was the son of Ghulam Hassan Bhat, who served as Deputy Inspector General of Police (DIG) till 2018.

Bhat got superannuation in 2018. His son, Humayun, who was a 2018 batch IKAS officer lost his life during the gun battle today.

My First Duty Is Health Of Common Man: LG

Says The Most Valuable Investment Is To Ensure Health For All

Observer News Service

Srinagar: Asserting that his first duty and highest obligation is the health of the common man, the Union Territory, Lieutenant Governor Manoj Sinha said on Wednesday that his administration is making earnest efforts to provide accessible, affordable and quality healthcare to every citizen of Jammu and Kashmir.

Addressing the 'Ayushman Bhav' campaign and launch of 'Ayushman Bhav' portal by President of India Droupadi Murmu on Wednesday, Sinha also observed that the most valuable investment is to ensure

health for all. In his virtual address from Raj Bhawan here, the LG talked about the unprecedented progress registered by the country in the health sector over the last few years.

"Despite the challenges of Covid, Conflict and Climate Change, India has achieved several milestones in health parameters for all the citizens. The reflection of the country's achievements is also visible in the transformation taking place in the health sector of UT of Jammu Kashmir," he said.

"My first duty and highest obligation is the health of the common man", he added.

The LG said that his administration is making earnest efforts to provide accessible, affordable and quality >> More On P10

Encounter In Anantnag: Army Colonel, 2 Soldiers; DySp Killed

LG Sinha, FM Sitharaman; Former J&K CM's Express Grief

Press Trust Of India

Srinagar: Three Army personnel, including a Colonel commanding a battalion and a Major, and a Deputy Superintendent of Jammu and Kashmir Police were killed in a gunfight with terrorists in the higher reaches of Kokorenag area in the valley while one soldier was missing, officials said here on Wednesday.

Colonel Manpreet Singh, Commanding Officer of 19 Rashtriya Rifles, Major Ashish Dhonack, and Deputy Superintendent Humayun Bhat were critically injured in the gunfight with terrorists that ensued in the Garol area of Anantnag district in the morning hours of Wednesday.

The officers succumbed to their injuries during the

adding a jawan also died. The whereabouts of another soldier was not immediately known and it is feared he might have been seriously wounded.

DGP Dilbag Singh condoled the death of the braveheart

officers of police and army. In a message, he said every loss of life is unfortunate and asserted that the perpetrators of the crime would be

brought to justice soon. He extended his sympathies to the

Second Terrorist Killed In Rajouri Encounter

second terrorist was killed in an encounter with security forces on Wednesday, raising the death toll during the ongoing three-day search operation in a remote village in Rajouri district to three, officials said. A suspected Pakistani terrorist was killed in an encounter in the remote Narla village on Tuesday. An Army personnel and Kent, a six-year-old female Labrador of the Army's dog unit, also died while three security personnel were injured in the gunfight. Additional Director General of

Police (Jammu Zone) Mukesh Singh said >> More On P10

Pak Pushing Foreign J&K: Army

Dakistan is making full efforts to infiltrate foreign terrorists into Jammu and Kashmir to hinder the progress being made in internal security conditions in the region, Northern Army Commander Lieutenant General Upendra Dwivedi said on Wednesday. He said that the army has tried to neutralise foreign terrorists along the Line of Control (LoC) in Rajouri and Poonch. "The biggest thing is that Pakistan is trying to make efforts from **Terrorists Into** its side to send foreign terrorists here, despite the better internal conditions (security situation), so that they can create some kind of obstacle. "This is because of the progress that we are making in Jammu and Kashmir", Lt Gen Dwivedi told reporters on the sidelines of the North Tech Symposium at the IIT campus >> More On P10

SI Recruitment Scam

HC Again Refuses Bail To Accused BSF Officer

Press Trust Of India

Jammu: The Jammu and Kashmir and Ladakh High Court has rejected a fresh bail application of a BSF officer, who is alleged to be the main accused in a scam related to recruitment of police sub-inspectors, junior engineers and finance account assistants.

Fifty-eight-year-old Karnail Singh, Commandant (Medical) in the Border Security Force (BSF), was arrested by the Central Bureau of Investigation (CBI) in October last year. The alleged scam led to the cancellation of a list of candidates selected for the posts.

Singh, who was recently granted a short-term bail of one month by a sessions court, moved the high court, seeking bail on medical grounds.

directly or indirectly involved

The UT has been declared as

and walnuts.

"The bail application moved by the petitioner for grant of short bail for a period of two months on medical ground is found to be devoid of any merit and substance and is li-able to be rejected," Justice M A Chowdhary said after hearing defence lawyer Sunil Sethi and senior CBI counsel Monika Kohli.

"Bail application along with pending interim application(s) is thus dismissed," the judge said in his eight-page order.

Singh has moved about halfa-dozen bail applications since his arrest on October 18, 2022 by the CBI for allegedly using touts to get his son the question paper of the police sub-inspectors recruitment examination conducted by the Jammu and Kashmir Services Selection Board (JKSSB) in March that year. He was among 24 people >> More On P10

Traders Upset Over Relaxation Of Custom Duty On US Apples

Auqib Javeed

Srinagar: The decision of the Union government to relax 20% customs duty on apples imported from the United States has come as a shocker for the fruit traders in Jammu and Kashmir amidst the apple harvesting season in full swing.

In June, the U.S and India agreed to terminate six outstanding disputes at the World Trade Organization. Also, India agreed to reduce tariffs on certain US products, including chickpeas, lentils, almonds,

walnuts, apples, boric acid, and diagnostic reagents. The announcement was made by GOI a few days after the G-20 summit in the national capital.

The apple growers argue that they have faced a lot of problems due to the 2019 shutdown and the covid-19 lockdown, and now the further reduction of import duties from U.S products will hit their business hard.

The horticulture sector plays an important role in the Union Territory and contributes significantly to its economy. In 2019, Kashmir produced about

1.9 million metric tons of apples the highest in the country.

According to government figures, horticulture is a source of

MAJID NABI he valley based apple

growers on Wednesday claimed that Jammu and Kashmir Lieutenant

livelihood for 33 lakh people.

About seven lakh families are

losses the farmers will suffer. "This will not only hit apple growers of Kashmir but those

from Himachal, Uttarakhand and other states as well," Bashir said. He further said "Allowing free entry for into the Indian market

will be catastrophic for apple growers in Kashmir" Earlier, the apple growers maintained that a large quantity

of Iranian apples would flood Indian markets, which ultimately was hitting the Kashmiri apple's market share. The growers claim that the

free trade agreement (FTA) was being misused under the trade name of Afghan apple.

IUST Organizes Workshop On "Revisiting Srinagar - A Critical **Approach To Smart City"**

Observer News Service

Srinagar: The Department of Architecture in collaboration with the Dean of Students, IUST organized a workshop focusing on Sustainable Goal -11 concerning Sustainable Cities and Communities. The Chief Guest on the occasion was Chief Engineer, Srinagar Smart City Ltd.,

Iftikhar Ahmad Kakroo. Addressing the inaugural function, Vice Chancellor IUST, Prof. Shakil Ahmad Romshoo emphasized the importance of constructing cities that are resilient, sustainable, and dedicated to preserving their cultural heritage, as these aspects are crucial for achieving inclusive development. Professor Romshoo also stressed that institutions educational must actively demonstrate their support and actively engage in government ef-ITMS etc. forts to transform the vi-During the event, Anui sion of building sustainable cities and communities

into a tangible reality. Romshoo Professor further highlighted the significance of community and stakeholder engagement, emphasizing that involving these key players greatly aids in the successful execution of projects. He also expressed his belief that

the Srinagar Smart City authorities should forge partnerships with academic institutions to facilitate knowledge exchange. This collaboration would enable the effective utilization of data generated by smart city technologies, thereby addressing the challenges associated with efficiently delivering smart city services.

In his address, Iftikhar Ahmad Kakroo talked about different projects completed as well as undergoing under the Srinagar Smart City. He discussed in detail about objectives of the projects, challenges faced in implementation, success projects such as Jhelum Riverfront, Polo-'Gantaghar' etc. that have reinvigorated the urban infrastructure. He also listed different projects being undertaken to strengthen the IT ecosystem of Srinagar such as Srinagar Data Network,

Malhotra, the General Manager of Planning and Urban Development, delivered a presentation that focused on the urban transformation of Srinagar as part of the Smart City Mission. Additionally, Sheikh Intekhab Alam conducted a session that provided a critical appraisal of the Srinagar Smart City project.

Arya Samaj Trust Run School Reopens In Srinagar After 32 Years

Majid Nabi

Srinagar: After prolonged legal battle, the Arya Samaj Trust has reopened its school at Saraf Kadal area in the old city after 32 years. The school, locals said, was closed in the aftermath of the 'armed uprising' in Kashmir in early 90's.

The Arya Samaj Trust run DAV Public School in downtown was renamed as Naqshbandi Public School, after a local resident illegally occupied the building in

"After a prolonged legal battle, the trust finally got the possession of the building and the DAV school which was closed in the year 1991 was reopened after 32 years. I have been appointed as a head of the school serving 35 students from poor families. a Calcutta based woman posted as a principal of the Arya Samaj School told Kashmir Observer.

The school, which she said, was primarily founded to help the

underprivileged, was reopened much to the delight of the parents and students.

A local resident said the Arya Samaj Trust with the help of some prominent businessmen from Srinagar, eventually regained control of the property, following years of legal wrangling.

They said the school, which is housed in a rundown building at Saraf Kadal, does not charge any fee from the students belonging to poor families.

It Takes Years To Fill Up Posts

Observer News Service

rinagar- Believe it or not. It takes years for the State Government to fill up vaccant posts after advertising them.

The J&K Government had advertised the posts of Range Officers in 1995 and all the formalities were completed during these three years.

However, the selection is yet to be done. Over 17 candidates who have done two years State Forest Service Post Graduation Diploma in Forestry and allied subjects have not been absorbed in the forest department as Assistant Conservator Forests despite most of them about to cross the upper age limit. Some of these candidates have completed their courses way back in 1991. Despite clear vacancies in the department the Government has not referred the posts to the Public Service Commission. Most of these candidates may not be able to apply for such posts in future as they are about to cross the upper age limit. One of the candidates, Imtiyaz Ahmad Zargar, 33, said that they should be appointed by the Government on adhoc basis so that they may not loose the chances of the Government job. After the appointments the posts should be referred to the Public Service Commission, he added.

These candidates are trained for the job as they have done State Forest Service courses at SFS college Dehradun and Coimbatore under the Ministry of Environment and Forests. As per the Schedule-II of the Jammu and Kashmir Forest Service (Gazetted) Recruitment rules, 1970, 50 per cent quota has been kept for direct recruitment of the forest officers and rest for the in-service candidates. The inservice candidates had prayed for the stay of the recruitment to the posts of Assistant Conservator of Forests last year. The High Court (Single Bench) vacated the interim order of the stay on 11-03-1998 and gave liberty to the state to go ahead with the appointments as per the recruitment norms. The inservice forest officers who were not satisfied with the decision of the single bench took the matter to the double bench. The double bench not only held that the 50:50 share of the recruitment as reasonable but also justified their appointment by saying that they are the young blood with better qualification and deserve to be put into the service for better and quicker understanding of the complex scientific problems necessary for the development of Forestry in the State.

(Kashmir Observer, September 14, 1998)

Observer News Service

Srinagar: As the heatwave and dry weather continue in Kashmir, health experts have advised people, especially those who are exposed to direct sunlight, to take precautions.

Several doctors who spoke to the news agency—Kashmir News Observer (KNO) said people need to increase their water intake even if they aren't feeling thirsty to remain hydrated.

Dr Fayaz Ahmad Bhat, Assistant Profes-

sor, Department of General Medicine at SKIMS Soura, said people must try to avoid direct sunlight as much as they can and keep themselves hydrated, especially those working in open air

like agricultural workers and labourers. "People need to consume enough water multiple times every day. They should prioritise their working hours - morning and evening – and avoid working during midday. They must also take fruits and vegetables besides electrolyte-rich fluids like coconut water and fruit juice," he said.

Police Officer Killed, Two Village Defence Volunteers Injured By Armed Attackers In Manipur

Agencies

Apolice sub-inspector was killed and two Village Defence Volunteers (VDV) injured by unidentified armed attackers at Chingphei in Manipur's Churachandpur district on Wednesday, police said.

The police sub-inspector, identified as Onkhomang, was shot in the head and succumbed to his injuries at the Churachandpur district hospital while two VDVs sustained bullet injuries and are undergoing treatment at the same

Also Read: Manipur: Village in Imphal West attacked by gunmen, bombs hurled, no one

According to police, the SI, after his duty, was talking with the VDVs at the Chingphei village when the unidentified attackers opened fire on them.

Senior police officials with reinforcement along have rushed to the area and launched a combing operation to nab the assailants

Airport Authority Gets Nod To Install Full-Body Scanners At 4 Airports

Agencies

NEW DELHI: To make security checks quicker and error-free at India's hypersensitive airports, the Airport Authority of India (AAI) received clearance from the Public Investment Board (PIB) to install full-body scanners that will cut down the passenger frisking time by half.

These full-body scanners will be installed at four airports in the country including Kolkata, Chennai, Pune and Goa.

In July, the government had floated a tender to procure 131 full-body scanners- that cut down the average passenger frisking time to 15 seconds from the current 30 and 600 new hand baggage scanners at over ₹1,000 crore at airports run by the Airports Authority of India (AAI) but it was later withdrawn as it needed clearance from PIB.

Given that all the investment plans with an estimated cost of ₹500 crores and more fall under the purview of PIB, the initial proposal was to install 131 full-body scanners and 600 new hand-baggage scanner machines at 43 airports that include Amritsar, Goa, Srinagar, Jammu, Leh, Varanasi, Chenna Pune, Kolkata, Raipur, Tirupati, Bhopal, among others at over ₹1,000 crore at airports run by

the AAI. However, in a recent meeting between stakeholders involved in the safety and security of airports, it was decided that instead of going for the installation in one go as per the original plan, the PIB gave its nod for the installation of full-body scanners in the four airports that witness maximum footfall among all airports owned

and managed by the Airport Authority of India (AAI). The meeting was attended by senior officials of the Ministry of Civil Aviation, Bureau of Civil Aviation, Ministry of Home Affairs and others.

"After evaluating the success report of full-body scanners at these four airports, other airports in the queue will get the facility at the earliest. In the meeting, various aspects like procurement, installation, training of security personnel and operations were discussed," said a senior official.

According to officials, these millimetre-wave technologybased full-body scanners work on the principle of body contours, i.e. these are designed to detect objects that could be

"As the proposal needs approval of PIB, it was reviewed and now full-body scanners will be installed at four airports including thirteen scanners at Kolkata, twelve at Chennai, eight at Goa and five at Pune airport. These airports fall under the hypersensitive category as per BCAS", added the official.

The AAI manages 137 airports in India, which include 24 international airports, 10 customs airports, and 103 domestic airports.

NHRC Sends Notice To Union Health Ministry, DGCI Over Reported Circulation Of Falsified Drugs

Press Trust of India

NEW DELHI: The NHRC has issued notices to the Union health ministry and the Drugs Controller General of India over the reported circulation of falsified liver drug Defitalio and cancer drug Adcetris, officials said on Wednesday.

The National Human Rights Commission, in a statement, observed that the content of the news report, if true, raises a serious issue of violation of human rights, which is a matter of concern, it said.

The NHRC has taken "suo motu cognisance of a media report that after the alert from the World Health Organization (WHO), the Central Drugs Standard Control Organization (CDSCO) has asked the state regulators, doctors and patients to remain vigilant about two medicines liver drug Defitalio and cancer drug Adcetris, as the falsified versions of these drugs are circulating in four countries, including India", it said.

"Reportedly, the falsified versions of Adcetris injection 50 mg, detected in four countries,

including India, are most often found to be available at the patient level and distributed in unregulated supply chains (mainly online)," it added.

Accordingly, it has issued direct issuance notices to the secretary, Union Ministry of Health and Family Welfare and the Drugs Controller General of India calling for a detailed report, the statement said.

The report should include the present status of the implementation of the relevant laws to check the supply and sale of the falsified versions of life-saving drugs, including Defitalio and Adcetris, if any, as mentioned in the news report. The response is expected within four weeks, it added.

According to the media report, carried on September 11, "The product does not have marketing authorisation" in India and Turkiye.

However, the falsified versions of the liver medicine Defitalio were detected in India and Turkiye, which were supplied outside of regulated and authorised channels, the statement said

India Bloc's First Joint Public Rally In Bhopal Early Next Month, **Seat-Sharing To Be Finalised Soon**

Press Trust of India

NEW DELHI: Taking another step in its strategic plan to take on the BJP in the 2024 Lok Sabha polls, Opposition bloc INDIA on Wednesday decided to hold their first joint public meeting in Bhopal in pollbound Madhya Pradesh in the first week of October, and said the constituent parties will start seat-sharing talks "at the earliest." The opposition alliance also said it will raise issues related to rising prices, unemployment, corruption and caste census.

The decisions were taken at the first meeting of the coordination committee of the INDIA the residence of NCP supremo Sharad Pawar here.

Twelve leaders of the 14-member panel, the highest decision making body of the alliance, were present at the meeting that took place against the backdrop of a raging row over DMK leader Udhayanidhi Stalin's controversial remark on the Sanatan Dharma.

Congress General Secretary K C Venugopal, who is a member of the panel, said Abhishek Banerjee of the TMC could not

attend the meeting due to the summons issued by the Enforcement Directorate(ED). The CPI(M) is yet to nominate its member.

He alleged that the mons was a result of the "vendetta politics" of the BJP and the prime minister.

"The coordination committee decided to start the process of determining the seatsharing. It was decided that the member parties will hold the talks and decide (seatsharing) at the earliest," Venugopal said, reading out from a ioint statement.

He said the committee also decided that the opposition bloc's leaders will hold joint public meetings in different parts of the country. "The first public meeting

will be held at Bhopal in the first week of October on the ployment and corruption of the BJP government. The parties present in the meeting agreed to take up the issue of the caste census," the Congress leader said.

Meanwhile, West Bengal Chief Minister Mamata Banerjee had an awkward moment when a smiling Sri Lanka President Ranil Wickremesinghe asked the TMC chief in a lighter vein, whether she is going to lead the INDIA bloc at a chance meeting in Dubai.

Expenditure Of Holding Synchronised Polls Nearly ₹10 lakh Crore: Study

Press Trust of India

NEW DELHI: Amid a debate over simultaneous polls, a new study on Tuesday pegged the total expenditure on all elections from Lok Sabha to local bodies at ₹10 lakh crore which could be brought down by ₹3-5 lakh crore if the voting period is reduced to just a week and parties strictly follow the model

The study said the 2024 Lok Sabha polls will involve an expenditure of around ₹1.20 lakh crore of which the Election Commission is estimated to spend "hardly 20 per cent" and this does not include expenditure on new electronic voting machines

According to N Bhaskara Rao, a research-based analyst of public policies, ₹10 lakh crore is the estimate for holding Lok Sabha, assembly and local body polls (panchayats, zila parishad, municipalities) together.

But the total amount in elections is not necessarily spent by the central and the state governments. Parties too incur expenditure on candidates and campaigning. Campaigning often begins even before the election schedule is announced.

But parties are only mandated to share election expenditure with the EC from the date polls are announced till the election process is completed.

While there is ceiling on how much candidates can spend on campaigning, there is no such

bar on parties

For the 2019 Lok Sabha polls, parties had collected ₹6,400 crore, they had spent ₹2,600 crore.

According to Rao, while ₹1.20 lakh crore is estimated to be spent on Lok Sabha polls in 2024, ₹3 lakh crore could be spent if all assembly polls are held together. There are a total of nearly 4,500 assembly seats in the country.

He has pegged the cost of holding all municipal elections together at ₹one lakh crore. There are nearly 500 municipal seats across the country.

Similarly for zila parishads (650 seats), mandals (7000 seats) and village (gram) panchayats (2,50,000 seats), the cost of holding polls has been pegged at ₹4.30 lakh crore).

Rao said holding simultaneous polls itself was not enough to reduce poll expenditure significantly substantially.

He said the present practice followed by parties on campaigning, effectiveness of the poll panel and strict adherence by parties to the model code of conduct will play an important role in reducing expenditure.

SC Seeks Centre's Response On Change In Driving Licence Law

Press Trust of India

NEW DELHI: Sep 13 The Supreme Court on Wednesday asked the Union government if a change in law is warranted on the legal question of whether a person holding a driving licence for a light motor vehicle is entitled to legally drive a transport vehicle of a particular weight.

Observing that these are policy issues impacting the livelihood of lakhs of people, a five-judge constitution bench headed by Chief Justice D Y Chandrachud said the government needs to take a "fresh look" at the matter while that asserting needs to be taken up at the policy level.

The top court asked the Centre to wrap up the exercise within two months and apprise it about the decision taken.

It said any interpretation of the law must duly take into account valid concerns of road safety and the safety of other users of public transport.

The top court had earlier sought the assistance of Attorney General R Venkataramani in dealing with a legal question about whether a person holding a driving licence for a light motor vehicle is entitled to legally drive a transport vehicle of a particular weight.

The constitution bench had said knowing the position of the Ministry of Road Transport and Highways will be necessary after it was argued that the top court's 2017 verdict in the case of Mukund Dewangan versus

Oriental Insurance Company Limited was accepted by the Centre and rules were amended to align them

In the Mukund Dewangan case, a threeindge bench of the top court had held that transport vehicles, the gross weight of which does not exceed 7,500 kg, are not excluded from the defini-

"There may be lakhs of drivers across the country who are working on the basis of Dewangan judgment. This is not a constitutional issue. It is purely a statutory issue." the bench, also comprising Justices Hrishikesh Roy, P S Narasimha, Pankaj Mithal and Manoj Misra, said.

PM To Host Dinner For About 450 Delhi Police **Personnel Deployed During G20 Summit**

Press Trust of India

Prime Minister Narendra Modi has invited around 450 personnel of the Delhi Police for a dinner on Saturday as a thanksgiving gesture for their contribution in providing impeccable security during the G20 Leaders' Summit, officials

They said all zonal in-charges including of the Bharat Mandapam area -- the venue for the G20 Summit -- have been requested to send the names of five-six personnel each from their teams.

The names of personnel who performed their duties despite personal hardships and family issues may be specially included, they added.

A total of around 450 personnel, from constable to inspector ranks, are likely to have a dinner with the prime minister, the officials added.

Earlier on Monday, Delhi Police Commissioner Sanjay Arora awarded the CP's spe-

cial commendation disc and certificate to the officers and personnel for their contribution to the G20 Leaders' Sum-

mit arrangements. The two-day summit held on September 9 and 10 was attended by more than 30 heads of state and top officials from the European Union, delegates from guest countries and 14 heads of international organisations.

During the period, the national capital, especially the New Delhi district, was under a heavy security ring.

A multi-layer security cover was put in place around the Pragati Maidan area in central Delhi where the summit took place. Over 50,000 personnel along with dog squads and mounted police were deployed on security duty during the summit.

Maharashtra Woman **Marries Facebook** Friend, He Cheats Her Of ₹45 Lakh

Press Trust of India

THANE: A man allegedly cheated a 56-year-old woman from Navi Mumbai of cash and jewellery worth ₹45 lakh after befriending her on a social media platform, police said on Wednesday.

The woman, who has a son and is a resident of Sanpada area, separated from her husband in 2020. Later, she met the 42-year-old accused, who is from Cuffe Parade in neighbouring Mumbai and also married, on Facebook and they became friends. The accused did not inform the woman that he was married, an official from Sanpada police station said.

The accused started visiting the woman's house frequently and both of them got married, as per the FIR.

Later, the accused allegedly started beating and abusing the victim and also threatened to kill her son. He also allegedly took from her money and gold jewellery collectively worth ₹45 lakh, including ₹36 lakh in cash, the police stated quoting the complaint filed by the woman.

Based on the complaint, the Sanpada police on Tuesday registered a case against the accused under Indian Penal Code sections 406 (criminal breach of trust), 323 (voluntarily causing hurt), 494 (marrying again during lifetime of husband or wife), 504 (intentional insult with intent to provoke breach of peace) and 506 (criminal intimidation), he said.

Indore Teacher Stripped, By People For 'Obscene Acts

Press Trust of India

INDORE: A teacher of a private coaching institute in Madhya Pradesh's Indore was stripped and beaten up on Wednesday by a group of people, who later took him to a police station for allegedly indulging in obscene acts with a 17-yearold girl preparing for NEET exam, an official said.

A video of the teacher being thrashed by the group has gone viral on social media.

"The teacher of the private coaching institute allegedly called the teenage girl, preparing for National Eligibility-cum-Entrance Test (NEET), to a cafe on the pretext of helping her in her studies. But when she reached the place, he indulged in obscene acts with her," Tukoganj police station in-charge Jitendra Yaday said.

The accused teacher has been detained, he said.

After what happened at the cafe, a fellow teacher of the accused allegedly threatened the victim over the phone that if she told anyone about the incident, she would have to face serious consequences, the police official said.

A case is being registered against both the teachers under relevant provisions of the Indian Penal Code (IPC), he added.

The video of a group of people beating up the stripped teacher has come to our notice and appropriate legal action will be taken," Yadav said.

Govt Rubbishes allegations of Scam In JJM Implementation

Observer News Service

SRINAGAR: The Jammu and Kashmir administration on Wednesday rubbished allegations of a major scam in the implementation of the Jal Jeevan Mission across the Union Territory.

Addressing a press conference here at DIPR Auditorium, the Additional Chief Secretary (ACS) Jal Shakti Department, Shaleen Kabra said that like all other States and UTs of the country Jal Jeevan Mission—a flagship program of Govt of India is being implemented in the UT of J&K with an aim to connect each and every rural household with Functional Household Tap Connections (FHTC).

He said that from last few weeks, some incorrect and malafide information has been propagated in respect of the implementation of the Jal Jeevan Mission in the UT of J&K and in this backdrop, it is imperative to make few points clear to the general public and to all the stakeholders:

"A scam of 13000 crore has been alleged when on the other hand it has been stated that only 800 Crore have been spent till August, 2023. But the public is being misled in both these aspects as neither any scam has taken place nor the figures given in respect of the expenditure are correct as the total expenditure in JJM as on 31st August is Rs.3088.30 Crores and every allotment/ contract has been awarded strictly following the process laid down in the GFR. Such allegations are complete nonsense

understanding," Kabra said He said all the works have been awarded through a transparent and competitive e-tendering system after accord of Administrative Approvals, Technical Sanctions (wherever required before tendering).

"The works have been allotted strictly as per the Financial Powers delegated vide S.0 15 of 2020 dated: 09-01-2020 and on the approvals of SBD and rates from the . UT level Committee headed by the Development Commissioner Works, the senior most engineer in the UT, and with the consent of the District Jal Jeevan Missions (DJJMs) headed by the respective District Development Commissioners it may be noted that no contract has been awarded without e-tendering," he added.

He further said that the PHE used to allot all works departmentally, against the law laid down by the Constitution and the instructions, GFR, etc.

During 2019, Kabra said, etendering was made mandatory. Initial attempt was made to allot these works on composite tender

"Since there was very poor response due to limited capabilities in the UT, a revision was made in consultation with experts/ in accordance with guidelines. The results are there for everyone to see in terms of progress on ground. This fact has been acknowledged in the letter dated: 20th July 2022 when the person was heading the department," he said.

with regard to progress in implementation of the jai Jeevan Mission is being reported by the field Divisions on the IMIS and which is being captured and displayed on the said portal/dashboard on a real-time basis.

"All these details viz; physical progress, financial progress, water quality monitoring reports etc. are available on the respective portals which are in public domain. The releases and expenditure by the UT, scheme wise, is available in public domain on Jan-bhagidari, as the same is made through BEAMS," Kabra said

"The progress is being monitored through IMIS only and no physical communication is being made in this regard. Any household tap connection provided is reported on IMIS portal with Aadhar based identification. The Pani Samitis monitor the progress in addition to the engineering officials, third party monitoring agencies and DPMUs," he added.

The ACS further said that the schemes ongoing under different other heads are also being completed and an expenditure of about Rs. 210 Crore has been made under erstwhile NRDWP, NABARD and JKIDFC Schemes.

All these schemes, he said, shall be completed within the mission period. Due diligence has improved execution of schemes under JKIDFC funding and a much less quantum is likely to be shifted from that estimated in June, 2022 - 459 schemes costing about Rs.

"All the advisories received from the Anti-Corruption Bureau J&K have been circulated to the filed officers including Deputy Commissioners for strict adherence and for corrective actions, if needed to be taken. None pointed out any malpractices or allotment of tenders without following due process," Kabra said

He also clarified that all types of pipes (GI, DI & HDPE) are being procured through transparent and competitive e-tendering and as per the provisions of GFR/ manual for procurement of Goods 2017 A dedicated UT level Purchase Committee has been constituted under the chairmanship of Development Commissioner Works, the senior most engineer in the UT, for approving the SBD and the rates before the supply orders are made by the competent authority as per SO 15 of 2020, dated 09-01-2020.

"In case of GI pipes, the purchases have been made under the existing rate contract within the provisions of Manual for Procurement of Goods 2017 after higher rates were quoted by the bidders in the fresh tender issued in this regard and to save time required for fresh tendering process, the existing rate contract has been operated by the CE PHE Kashmir on the approval of the UT Level Purchase Committee and after the decision of 6th Apex Committee Meeting within the provisions of Manual for Procurement of Goods. It is estimated to have saved about Rs. 72crores besides timely availability of GI pipes," he said.

Reconsider Apple **Import Duty Cuts**

he Union government's decision to relax 20% customs duty on apples imported from the United States threatens to drastically reduce the profitability of Kashmiri apple. The timing couldn't have been worse, as it coincides with a troubling dip in apple prices this year. The Kashmiri apple industry, already grappling with multiple challenges, now faces an additional hurdle.

Farmers in the region have long advocated for a 100 percent duty on apple imports to safeguard the interests of local growers. The higher import duties would ensure better returns for those who toil in Kashmir's orchards.

The predicament faced by apple growers in Kashmir is indeed dire. They have suffered substantial losses due to rising input costs while having to sell their produce at depressingly low rates. A significant portion of the apple crop, classified as C-grade fruit, is deemed unsuitable for the regular market and could potentially be diverted for juice production. However, this option has been hampered by the inactivity of the Jammu and Kashmir Horticulture Producing and Marketing Corporation in Sopore.

The opposition, comprising the National Conference (NC), Peoples Democratic Party (PDP), and the Congress, has promptly voiced their concerns and demanded a reversal of the government's decision. They assert that the move to appease international interests, particularly those of the United States, is putting the livelihoods of local Kashmiri apple growers at risk.

Omar Abdullah, the Vice President of the NC, has pointed out that the Centre should prioritize local producers' well-being over international trade considerations, stressing that there is no need for external imports when it comes to apples, walnuts, and almonds. Similarly, the PDP president Mehbooba Mufti expressed grave concerns over the potential devastating consequences for local growers already reeling from significant losses incurred since 2019. She urged the union government to reconsider the decision in light of its profound impact on the region.

Kashmir produces over 73 percent of the total apples grown in India. Official data reveals that apple production in the region exceeded 20 lakh tonnes in 2022 and is projected to reach 22 lakh tonnes in 2023. In Kashmir, horticulture is spread across 1.87 lakh acres of land and employs more than three million people, earning over Rs 10000 crore for the region. This is all in danger now if the authorities do nothing to protect the fruit from the imports made cheaper by the government. But the J&K administration and the central government should know that their responsibility is foremost to the fruit produced in our own country. So, it is time that they intervene before it is too late.

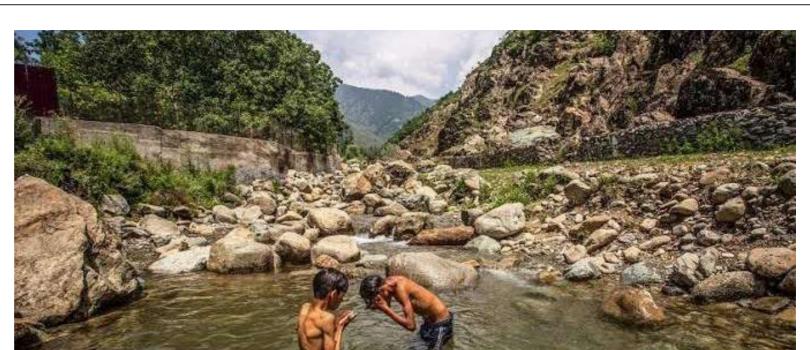

OTHER OPINON

The old and the young: at the US Open

he axiom that there are limits to human ability often faces its stiffest resistance in elite sport. Novak Djokovic's men's record-extending 24th Major singles title might set him on a path towards immortality. The straight-set victory over Russia's Daniil Medvedev in the US Open final drew him level with Margaret Court's all-time record of 24 crowns and made him the first man to win three Slams in a single year four times. Two years ago in New York, Medvedev had stopped Djokovic from completing the Grand Slam, the onerous feat of winning all four Majors in a single year. Coming into Sunday, the 27-year-old was fresh off a terrific semifinal win over tournament-favourite and top seed Carlos Alcaraz. But even at the age of 36, Djokovic showed he still had space to evolve and grow, rejigging his tactics by employing the serve-and-volley and mining every last reserve of his energy.

While generational battles are not new to men's tennis, the fight is on in the women's game among this era's finest to establish a firm pecking order. Coco Gauff, the 19-yearold from the United States, threw her hat into the ring with a come-from-behind three-set victory over Aryna Sabalenka for her maiden Slam triumph. Gauff first shot to the limelight at Wimbledon 2019 when she upset Venus Williams on her main draw debut. She made good on that early promise by reaching the 2022 French Open final and subsequently breaking into the top-10. But in July this year, she appeared to have hit a trough, exiting in the first round at Wimbledon. However, with a spruced-up game and a new coach in tow (former player Brad Gilbert), she secured three of her biggest titles — Washington WTA 500, Cincinnati WTA 1000 and the US Open - in a six-week span. What stood out at Flushing Meadows was the way Gauff handled Sabalenka's baseline barrage with her attritional play. For India, Rohan Bopanna, 43, partnering Australia's Matthew Ebden, became the oldest man to reach a Major final (Open Era). A close loss notwithstanding, he is up to World No.7, untouched by Father Time.

The Hindu

What Kashmir's Unprecedented September Heatwave Means

Faizan Arif

ashmir is currently grappling with an unprecedented heatwave September. shattering long-standing temperature records due to an ongoing dry spell that has persisted for the last 45 days.

Srinagar, on September 12th, recorded a scorching maximum temperature of 34.2°C, a staggering 6.0°C above the normal seasonal average. This marks the second-highest maximum temperature ever recorded in September since the establishment of the weather observatory in 1891. The previous record of 33.8°C dated back to September 1, 1970, with an all-time high of 35.0°C set on September 18, 1934.

Qazigund has also witnessed record-breaking temperatures, with a maximum of 33.2°C, a deviation of 6.7°C from the norm. This new all-time record surpasses the previous record of 32.8°C from September 12, 2019, and stands as the highest since the observatory's inception in 1956

Kokernag reached a sweltering 0°C, establishing an all-time record, the highest since 1977 when the observatory was established. This came with a substantial departure from the normal temperature, 6.6°C above average. The previous record of 31.8°C was also set earlier this month on September 2.

If climate change is real, why have temperature records been broken in the past? What's different this time around?

While it's true that there have been historical maximum temperature records set in the past, including some dating back a century, the crucial distinction lies in their frequency and recurrence. In the past, these extreme temperature events were exceedingly rare, occurring once in several decades. However, today, we are witnessing a troubling shift. Heatwaves have become far more frequent, and their occurrence has surged. It's no longer something that surprises us once in a while; rather, it's a monthly occurrence. Previously, temperature records used to compete with those established 50 or even 100 years ago. Now, they are competing with records set just last year, a clear indicator of the growing trend.

The Intergovernmental Panel on Climate Change's (IPCC) 6th Assessment Report, titled 'Climate Change 2021: The Physical Science Basis, a comprehensive 3,949-page document based on over 14,000 scientific papers and authored by 234 scientists, provides a compelling narrative. It underscores that hot extreme temperature events, which used to be infrequent, now occur 2.8 times more frequently. Events that were once considered happening every half-century, are now happening 4.8 times more often. Moreover, extreme precipita-

tion events and significant agricultural and ecological disruptions, which were previously rare with a decade-long interval, now occur 1.3 and 1.7 times more frequently, respectively. These distressing trends are only set to worsen as temperatures continue to rise.

The report goes on to highlight a sobering prediction: once global temperatures surpass the 1.5 degrees Celsius threshold, a milestone we are very likely to reach within the next 15 years, the frequency of hot temperature extremes that used to occur once every decade and every half-century will skyrocket. Specifically, these events will occur 4.1 and 8.6 times more frequently, respectively, exacerbating the cli-

This mounting evidence leaves no room for doubt: climate change is undeniably real, and its impacts Ahmad, a resident of Pargochi Shopian. "Every year, Kashmir experi-

ences a prolonged period of dry weather, and the disappearance of glaciers due to global warming has worsened the situation. The Mawar stream, which was once the primary source of irrigation of our lands, now dries up during the spring and summer months. Consequently, some farmers in our area have shifted from growing paddy crops to cultivating apples for the past three years. Although their profits have decreased, this change has proven to be a better alternative given the circumstances," according to Muzaffar Ahmad. a resident of Vailoo Anantnag.

To gain insights into the current situation, it was necessary to turn to experts for their perspectives. Professor Rehana Habib

Shakir Ahmad, a resident of Shopian, displaying the discoloration of Apples

While it's true that there have been historical maximum temperature records set in the past, including some dating back a century, the crucial distinction lies in their frequency and recurrence. In the past, these extreme temperature events were exceedingly rare, occurring once in several decades. However, today, we are witnessing a troubling shift. Heatwaves have become far more frequent

are becoming increasingly pervasive and severe.

Kashmir's Horticulture and Agriculture Sectors in Dire Straits as Heatwave Continues

The ongoing heatwave in Kashmir is having a profound impact on daily life, specifically in the horticulture and agriculture sectors. These sectors are particularly vulnerable to the effects of climate change, and the current dry spell and severe heatwave are exacerbating the challenges they face.

"Water scarcity has become a pressing issue and everyone in our area is in search of water. Our apple crops have suffered greatly as a result. The heatwave has caused the apples to lose their color, become less juicy, and experience a decrease in weight," says Shakir

Kant, Dean Faculty of Agriculture at SKUAST Kashmir, elaborates, "The dry weather in August has affected paddy crops in areas without irrigation supply. Adequate moisture is crucial during the flowering stage; its absence stunts growth and reduces yields. However, the above-average temperatures and dry weather in September may enhance crop maturity for this particular crop. For Rabi crops, the ongoing dry spell is less favorable due to low soil moisture. Crops like turnips, radishes, and beetroots may suffer due to reduced soil moisture.'

Syed Tafazul Hussain, Chief Agriculture Officer Budgam, expresses, "Crops dependent on irrigation are facing challenges. Although paddy crops are near

Kashmir Observer

The ongoing heatwave in Kashmir is having a profound impact on daily life, specifically in the horticulture and agriculture sectors. These sectors are particularly vulnerable to the effects of climate change, and the current dry spell and severe heatwave are exacerbating the challenges they face

harvest and may not be severely impacted, the moisture content in grains might be lower due to the prolonged dry weather since August. Fruit cultivation, especially apples, may suffer due to reduced moisture supply, leading to discoloration and reduced fruit weight, among other issues.

Amid these challenges, Mr. Hussain offers a valuable piece of advice for the future. He encourages people not to panic but instead to invest in long-term solutions like constructing tubewells, borewells, water harvesting tanks, or dugwells. These investments promise to secure water availability for crops, ensuring productivity remains stable and even flourishes in the face of climate uncertainties. Weather Outlook for The Next 10 Days

As we look ahead, the weather forecast for Kashmir presents a mix of hope and concern. The region is expected to experience mostly dry weather until Friday. However, the plains of the Jammu region, including some higher elevations, may enjoy monsoon showers in the mornings. Towards the weekend, there is a 50% chance of rainfall in the Kashmir region as well, although any significant precipitation remains uncertain.

Looking further ahead, the next week is likely to remain predominantly dry in the Kashmir region, while some parts of the Jammu region may benefit from occasional rain showers.

Mechanised Incarceration of Man

Mushtaq Hurra

Modernly mechanised labyrinth of industries and machines has entangled and entrapped Ibni-Adam in the deadly maze to leave him awry and bewildered. He is wandering bizarrely to alleviate his miseries and pains, but his outlandish bargain is sure to impede his search for peace, progress and tranquility. Sagacious and wise have called it " the cry in wilderness" . Technology is sucking the life out of us, we are burned out, we are tired, but; we can't see beyond the glare, because it has chained us so terribly that we rely on it for everything. Technology is not a peril, but an absolute enslavement to it, is the catalyst which incites all the trouble.

The technology has undoubtedly reduced the hard toil of man, but has miserably failed to solace him. He has diverged from the essence of joyful living, by succumbing to its hegemony. Though digital revolution coupled with popularly growing social networking sites, has brought people of distant lands togather, but the virtual affinity has hollowed our connections to the extent that they collapse even by a slightly louder voice. Adhesion and glue of love and sympathy that would bind the relationships togather, has evaporated into the thin air. The gadgets and gizmos have enslaved our nerves, and have exhausted basic human values and ethics from our lives. Kinships have fallen casualties to its charm. Connecting with dear ones beyond the realms of the digital world, is an antidote for our miseries, because man by nature enjoys and relishes in the company of his own people. Solitude suits Allah SWT alone. But, our prioritised solipsism has thinned our blood ties and familial bonds.

The hackneyed pursuit of happiness

has landed Ibni-Adam into a rat race where like an ambitious tyrant, he tramples everything under his feet. Delicate human feelings fall prey to the oblivion caused by absolute lust of awe-full monopoly to rise above all. Accumulating surplus wealth with the help of gadgets, has become the ambition of contemporary man, and in the hunt, he tumbles beyond set standards of humanity. Consequently, solitude and reclusion has become his fate. He is alone despite having hundreds and thousands around him. He is busy in accumulating physical comforts at the cost of his inner peace and happiness.

Likewise, he has chosen to purchase depression, anxiety and insomnia for himself. Just like a desperate sailor, he craves for drops because oceans never help man to quench his thirst, given the bitterness caused by excessive salts in it. A big house, luxury car, hefty bank

balance and precious outfits are not the truest parameters of happiness. Pursual of material comforts is not a sin, but hankering only after it, kills the real joy of life. Our ancestors had not all that we have, but they had blissful, exhilarated and contented lives, because they were not greedy. We have been fiddling with our palm lines to store agony, affliction and perturbation in our fates.

Though the entire world has shrunk to a digital village, but, contrarily, the distances between human bonds have widened swiftly. The digital connectivity has badly failed to connect hearts, rather has been detrimental in our deteriorating social and familial ties. The advent of smartphones has proven the last nail in the coffin. None has time because everyone is busy over nothing. Scroll up and down the digital stuff on the smartphone screens, consumes our bulk of time. We don't have

OUR FATHERS AND FOREFATHERS HAD NO BIG DEGREES AND CERTIFICATES

TO THEIR credit, but they were the embodiments of empathy, love, loyalty and compassion. Their hearts were fountains of sympathy which would irrigate entire villages and towns, leaving behind none. But, now, the tech-savy netizens have divorced that essence of life.

time for our own children and parents. Relationships have suffered terribly to digital deluge. Unheard and unseen human feelings are crushed to death.

Man has become the prisoner of the gadgets and digital systems. Excessive screentime has not only proven hazardous for his familial and social bonds, but has effected his physical, spiritual , mental and emotional health. Obesity like ailments are growing rapidly. People have become sluggish, slothful and somnolent. Our young generation is highly vulnerable to different health issue because they spend most of their time on browsing and surfing. It is not only pernicious for our individual health, but it is hindering our academic pursuits, scientific works, research projects and developmental progression. Our fertile brains are devoured by the serpent of social media and other digital platforms. Our youngsters tragically waste their productive years of life in trivial issues, while as great nations never let it happen. They make it sure that their youth spend time in

laboratories and libraries, though internet is a great supplementary source of knowledge and information

knowledge and information.

Another side of the picture is darker and distressing. Technology has dried out cherished values from our lives. Glorification of violence by different social media platforms has unleashed a reign of terror in our society. Stabbing incidents by juveniles is increasing. Crime against women is on rise, because the latent criminal stuff in youth is scratched by provocative content on internet. Consequently, the crime

curve is moving up.

Our fathers and forefathers had no big degrees and certificates to their credit, but they were the embodiments of empathy, love, loyalty and compassion. Their hearts were fountains of sympathy which would irrigate entire villages and towns, leaving behind none. But, now, the tech-savy netizens have divorced that essence of life. We hardly pay a visit to our sister's in-laws home, we rarely visit our ailing relatives and friends, rather text a message "Get well soon". With the result, saccharinity in relationships is gone. People are no longer connected to their dear ones though they have virtual connectivity.

Integrating technology with life is quite important and inevitable, but, succumbing to its pitfalls is distressing. Judicious use of it will help us to strike a fine balance between subtle human feelings and the technological brunt. Allama Iqbal AR has summed it up very beautifully: Hai Dil Kay Liyay Mout Masheenu Ki Hukumat, Ehsaasi Murawat Ko Kuchal Daytay Hai'n Aalat (Death to the heart, machines stand sovereign, Machines that crush all sense of human kindness).

The importance of talent development for our economic future

By Khulood Al Mazrouei

We are living in an age of disruption, with fast-paced technological change creating new economic opportunities daily. As such, technical fields, such as engineering, are globally viewed as key to securing future-proof careers with a high growth trajectory.

In the UAE, our leaders recognise

In the UAE, our leaders recognise this fact and have set targets to improve educational attainment in STEM (Science, Technology, Engineering, and Mathematics) subjects at schools. This is the foundation on which to build a diversified, knowledge-based economy and enhance the competitiveness of our country.

our country.

However, the reality is that access continues to be a key barrier for entry to STEM careers in the UAE. According to 3M's State of Science Index, released late last year, 73 per cent of those who responded in the UAE say that despite wanting to pursue careers in these fields, there is a lack of access to STEM programmes and initiatives, including too few STEM educators/teachers.

How do we bridge this gap between understanding the importance of STEM, and young people making careers in these fields?

these fields?
Industrial players like Etihad Rail have a significant opportunity and responsibility to take the lead in providing what young people are asking for as they consider their STEM career options. Experienced practitioners in companies like ours can offer a wealth of information and insights. As a result, these companies are front and centre as role models that young people would like to engage with to better understand employment options, not just within our organisation, but also at universities and vocational schools, sharing their expertise with prospective rail

practitioners.

Another strong motivation is on-thejob training. At Etihad Rail, we take this responsibility seriously, launching the first of its kind railway diploma in the UAE, a three-year program, in collaboration with ADVETI, Abu Dhabi's Vocational Education and Training Institute, in 2017 to enhance the UAE's rail industry and further create opportunities for young Emirati students to specialise in professions including train

captain, train controller, rolling stock technician, system technician, on track equipment operator, and track maintenance operative.

These programmes have, for example, nurtured the UAE's first Emirati

male and female Train Captains and Train Controller – who are an inspiration to young Emiratis in this emerging industry and will pave the path forward for the new generation of young and talented female Emirati engineers.

Students on the cusp of making career choices can also benefit from unique work experiences, as it offers them a glimpse into the real-life benefits of a challenging yet rewarding job in industrials. In addition to our internal training, we have created partnerships with a broad range of organisations with whom we work on arranging regular training programs and workshops led by industry experts, contributing to the quality of their work experience and career development. This includes overseas trips and placements with partners allowing our employees to benefit from world-leading expertise.

We are actively using these examples to recruit Emirati graduates, offering them ample opportunities to develop their technical and business skills in a modern, commercially driven pioneering organization. This exposure is key to correct possible misconceptions about STEM careers and broadens students' perceptions about their options – providing some insight into the breadth of STEM work.

While these measures may seem common sense, there is a need to do more of this as an industry and a country. As industrial players, we must redouble our efforts to encourage young people into STEM careers, to show what it means to be a professional in a science, technology, engineering, or mathematics field. In that way, we are fulfilling our obligation to the nation.

New Study Shows Smoking Can Make You Age Faster

If you want to stay young and healthy for long, then quit smoking as it might not only harm your lungs and overall health, but can also make you age faster, according to a study of nearly 500,000 people

The study, presented at the European Respiratory Society International Congress in Milan, Italy, showed that smoking shortens the end fragments of chromosomes in the white blood cells of our immune systems.

The length of these end fragments, called telomeres, is an indicator of how quickly we age and our cells' ability to repair and regenerate.

"Our study shows that smoking status and cigarette quantity can result in the shortening of leukocyte telomere length, which is an indicator of tissue self-repair, regeneration and ageing. In other words, smoking can accelerate the process of ageing, while quitting may considerably decrease the related risk," said Siyu Dai, Assistant Professor in the School of Clinical

Medicine at Hangzhou Normal University in China. Telomeres are lengths of repetitive DNA sequences that protect the ends of chromosomes.

Each time a cell divides, the telomeres become slightly shorter, eventually becoming so short that the cell can no longer divide successfully, and it dies. This is

part of the ageing process. Telomere length in white blood cells (called leukocytes) has been linked previously to smoking, but, until now, there has been little research into whether smoking status and the quantity of cigarettes smoked actually caused the shortening in telomere length.

The researchers used genomic data from 472,174 UK Biobank participants, related to current smokers, those who never smoked, and for people who had smoked previously.

They found that current smoking status was statistically significantly associated with shorter leukocyte telomere length, whereas previous smokers and people who had never smoked didn't show significantly shorter leukocyte telomere length.

Among people who used to smoke, there was a trend to-

wards shorter telomere length, but this was not statistically significant. People who smoked the greater number of cigarettes had significantly shorter leukocyte telomere length.

"In summary, smoking may cause the shortening of leukocyte telomere length, and the more cigarettes smoked, the stronger the shortening effect," said Dai.

"In recent years, observational studies have linked shortened leukocyte telomere length with many diseases, such as cardiovascular disease, diabetes and muscle loss. This means that the effect of smoking on telomere length probably plays a critical role in these diseases, although more research is needed to understand the underlying mechanisms.

"Our study adds to the evidence that smoking causes ageing. As there are clear health benefits of smoking cessation, it is time to include cessation support as well as treatment into daily clinical management to help us to create a smoke-free environment for the next generation," Dai added.

SRI PRATAP COLLEGE

M. A. Road, Srinagar, J&K-190001

Ref. No.: SPC/2133

Dated: 11-09-2023 ADVERTISEMENT FOR THE POST OF JRF

Applications are invited from interested and motivated candidates for the post of Junior Research Fellow (JRF) in a time bound research project for a temporary period, purely on contract basis as per the following details.

Position	Junior Research Fellow (JRF)
Number of Vacancy	01
Project Title	Synthesis Of Carbon Quantum Dots From Apricot Shell For Decoration Ap-
	plications
Department	Post-graduate Department of Physics
Project Tenure	03 Years
Job description	To work on synthesis of carbon quantum dots for decoration applications.
Essential Qualification	M. Sc. (Physics/Nanotechnology/Matcrial Science) 1 B.E./B.Tech. (Nanotech-
	nology/ Materials Science) or equivalent degree, with 55% marks and passing
	of NET-LS/GATE test.
Age Limit	28 Yrs
Age Relaxation	The upper age limit is relax-able up-to 5 years in case of candidates belong- ing to schedule castes/tnbes/OBC, women and physically handicapped candidates
Fellowship	Rs. 31,000/- pm+18% HRA (as per institute norms) in 1st & 2nd years Rs
	35000/'- pm +18% HRA (as per institute norms) in 3rd year upon upgradation.
Funding agency	Council for Scientific and Industrial Research-Human Resource Development Group (CSIR-HRDG), CSIR Complex, Pusa, New Delhi-12.

The eligible candidates should apply by filling the Google form https://forms. gle/8tH9GzAAwTaiR6Jb8. Applications along with attested copies of all certificates.documents indicating qualification, percentage of marks in qualifying examination, age, and details of any research or other experience, if any. should also be send to the principal investigator via email: drkhursheda@gmail.com as a single PDF file within 10 days from the publication of this advertisement notice. Furthermore, the position is purely temporary and co-terminus with the project.

The date of interview will be communicated via email to the eligible candidates. No TA/DA will be paid for attending the interview Prof. (Dr.)Gh Jeelanl Qureshi

(Principal) DIPK-8771/23 DATED: 13-09-2023 Dr Khurshed Ahmad Shah (Principal Investigator

General 9149447198

Govt of Jammu and Kashmir **Department of Sheep Husbandry**

Office Of The District Sheep Husbandry Officer Budgam

(Phone No 01951-255229 Email Id:-budgamdsho@gmail.com

Notification No 7 Dated:- 30-8-23

Subject: Provisional selection list of beneficiaries under different income generating Schemes for the year 2023-24.

Ref No:- 1 NO: DSHOB/Tech/2023-24/1268-75,dated 21.6.23

2 NO: DSHOB/Tech/2023-24/1236-51, dated 20.6.23

Whereas applications for establishment of Sheep/shearing units under different schemes for the year 23-24 were invited vide this office advertisement Nos mentioned above

Whereas in response to this, good number of applications were received from all CD Blocks under all schemes. The details of applications received under different schemes are as under

Statistics of Application Forms received under different Schemes & their status

S.NO	SCHEME/Component	Applications recieved
1	RKVY/ISDS Retrival	2217
2	ISDS Participatory mode 10 Ewes	1456
3	ISDS Subsidy 20 Éwes	1891
4	ISDS Shearing units	255
5	Infrastructure for the welfare of tribals	165
	Total	5984

Whereas selection of beneficiaries under all the above mentioned schemes was carried out by the designated District Level selection Committee at District Sheep Husbandry Office Budgam on 29-8-2023 by Draw of Lots in response to this office No DSHOB/Tech/Units/2023-24/1826-44, dated 19.8.23 The selection list of beneficiaries is hereby enclosed as Annexue A

Note: -The selection of applicants is purely on provisional basis and is subject to the following conditions: -

- 1. Fulfilment of all the codal formalities as detailed in the operational guidelines of the scheme
- Submission of all the relevant documents for established of the unit. 3. Establishment of 01 unit per household (Ration card).
- 4. Submission of the final techno feasibility by the concerned committee.

Govt Earmarks Rs 1,650 Cr For Additional 75 Lakh LPG **Connections Under Ujjwala**

Press Trust Of India

NEW DELHI: The government on Wednesday allocated Rs 1,650 crore towards the release of an additional 75 lakh free LPG connections under the Pradhan Mantri Ujjwala Yojana (PMUY) over three years ending March 2026.

As per the existing modalities of Ujjawala 2.0, the first refill and stove will also be provided free of cost to Ujjwala beneficiaries, Information and Broadcasting Minister Anurag Thakur told reporters after the meeting of the Union Cabinet.

He said Cabinet, chaired by Prime Minister Narendra Modi approved the extension of PMUY for the release of 75 lakh LPG connections over three years from Financial Year 2023-24 to 2025-26.

The total financial implication will be Rs 1,650 crore.

A targeted subsidy of Rs 200 per 14.2 kg LPG cylinder for up to 12 refills per year is being provided to PMUY consumers.

With the release of an additional 75 lakh connections, the number of PMUY beneficiaries will go up to 10.35 crore.

The total financial implication will be Rs 1,650 crore. This includes Rs 2,200 per connection (14.2 kg single bottle connection/ 5 kg double bottle connection), and Rs 1,300 per connection (5 kg single bottle connection).

An official release on the Cabinet decision said some eligible households still do not have LPG connections.

This is due to multiple reasons new households are formed every year as a result of rising population, marriages, migration, nuclearisation of families, leftover households, extremely remote locations etc.

Return Property Papers To Borrowers Within 30 Days Of Repayment Or Pay Rs 5k/Day For **Delay, RBI To Banks**

Press Trust Of India

MUMBAI: The Reserve Bank on Wednesday directed banks and financial institutions to release all original movable or immovable property documents and remove charges registered with any registry within 30 days after full repayment of a loan by the borrower.

Failing to comply with the direction, Regulated Entities (REs) would compensate the borrower at the rate of Rs 5,000 for each day of delay, RBI said in a notification.

RBI noted that REs follow divergent practices in release of such movable or immovable property documents leading to customer grievances and disputes.
As part of Fair Practices

Code and to make things uniform, RBI asked "REs to release all the original movable/ immovable property documents and remove charges registered with any registry within a period of 30 days after full repayment/settlement of the loan account."

In case of delay in doing so, it said, the RE would communicate to the borrower rea-

sons for such delay.

The borrower shall be given the option of collecting the original movable/ immovable property documents either from the banking outlet/ branch where the loan account was serviced or any other office of the RE where the documents are available, as per her/his preference, it said.

The timeline and place of return of original movable/immovable property documents will be mentioned in the loan sanction letters issued on or after the effective date, it said.

In order to address the contingent event of demise of the sole borrower or joint borrowers, RBI said, REs shall have a well laid out procedure for return of original mov-

able/immovable documents to the legal heirs. Such procedure would be displayed on the website of REs along with other similar policies and procedures for

customer information, it said. With regard to loss/damage to original movable/immovable property documents, the notification said, REs would assist the borrower in obtaining duplicate/certified copies of such documents and would bear the associated costs, in addition to paying compensation.

"However, in such cases, an additional time of 30 days will be available to REs to complete this procedure and the delayed period penalty will be calculated thereafter (i.e., after a total period of 60 days)," it said.

The compensation provided under these directions would be without prejudice to the rights of a borrower to get any other compensation as per any applicable law, it said.

These directions would be applicable to all cases where release of original movable/ immovable property documents falls due on or after December 1, 2023, RBI said.

Won't Make 6 Airbags Mandatory For Cars, Says Nitin Gadkari

Press Trust Of India

NEW DELHI: The government will not make six airbags mandatory for cars, Union Road Transport and Highways Minister Nitin Gadkari said on Wednesday.

"We don't want to make six airbags rule for cars mandatory," Gadkari said at the ACMA annual session here.

Last year on September 29, the government deferred the implementation of the proposal to make six airbags mandatory in passenger cars by one year to October 1, 2023.

The government had earlier planned to make six airbags mandatory in eight-seater vehicles for enhanced safety of occupants from October 1, 2022.

"Considering the global supply chain constraints being faced by the auto industry and its impact on the macroeconomic scenario, it has been decided to implement the proposal mandating a minimum of 6 Airbags in Passenger Cars (M-1 Category) w.e.f 01st October 2023," Gadkari had said in

a tweet. The minister had further asserted that the safety of all passengers travelling in motor vehicles irrespective of their cost and variants is the foremost priority.

An airbag is a vehicle occupant-restraint system which interferes between the occupant and the vehicle's body during a collision, thereby preventing serious injuries.

Vehicles Catching Fire A Matter Of Concern, Kerala Forms Panel

Press Trust Of India

THIRUVANANTHAPURAM: The frequent incidents of vehicles catching fire in Kerala in recent days is a matter of concern and a committee has been constituted to study the reasons for the same, the state government said in the assembly on Wednesday.

State Transport Minister Antony Raju said the decision to constitute a committee comprising experts from the road safety commission, police and other officials was taken subsequent to an urgent meeting held on the issue by him on August 17.

The panel, constituted on August 28, has been asked to submit a report within two months, he said.

The minister was responding to UDF MLA Anoop Jacob calling attention to the issue of catching fire in the state and the deaths as a result of that. Jacob said there should be a

proper study on what kind of vehicles -- diesel, petrol, LPG, CNG or electric -- are catching fire and the reasons for the same.

Raju said that in the meeting of experts in the transportation sector, transport department officials, vehicle manufacturers, insurance surveyors and car dealers, several causes were identified as being the reasons for the fire. These causes ranged from man-made issues -- like illegal fittings, electronic failures and electrical circuit problems, he said.

The minister said illegal fitrings to make a low variant vehicle into a high variant, was identified as one of the major causes for the fire.

Govt Exploring Legal Options Against Electric 2-Wheeler Cos For Not Complying With FAME II Norms

Press Trust Of India

NEW DELHI- The government is exploring legal options against electric two-wheeler companies for not complying with the FAME II scheme norms, according to a senior government official.

The Centre has sought Rs 469 crore from seven electric two-wheeler makers claiming incentives while not complying with the Faster Adoption and Manufacturing of Electric Vehicles (FAME II) scheme norms. government

is seeking a refund of incentives from Hero Electric, Okinawa Autotech, Ampere EV, Revolt Motors, Benling India, Amo Mobility, and Lohia Auto.

As per the official, notices have been sent to the companies, and so far, only Revolt Motors has offered to refund the amount.

"We have sent them notic-

es. So far, only Revolt has offered to pay...others have not responded," the official said.

He noted that the deadline is almost over, and next week, the government will be making some decisions.

"We are examining legal options," he said when asked about action being

considered by the government.

An investigation by the has revealed that these companies have availed fiscal incentives under the scheme by violating the norms.

As per the rules of the scheme, incentives were allowed to produce electric vehicles by using made-in-India components, but in the investigation, it was found that these seven firms allegedly used imported components.

The ministry conducted the investigation after receiving anonymous emails alleging that several EV makers were claiming subsidies without complying with the Phased Manufacturing Plan (PMP)

rules to boost domestic manufacturing of these electric vehi-

After that, the ministry delayed the distribution of subsidies last financial year.

The seven electric twowheeler makers have urged the government to look at the possibility of asking customers to pay back excess rebates availed by them on the purchase of the vehicles.

'India's First Electric **Highway's Pilot Project In** Nagpur': Gadkari

Press Trust Of India

NEW DELHI: The government is working on developing electric highways as it is economically viable, Union Road Transport and Highways Minister Nitin Gadkari said on Wednesday. Nitin Gadkari has earlier said

that making India's first electric highway between Delhi and Jaipur is his dream.

"My idea about the electric highway is that NHAI will give right of way...Today, I had a discussion with the Power Ministry, I am trying to get electricity at the rate of ₹3.50 per unit, otherwise, the commercial power rate is ₹11 per unit," Nitin Gadkari said at the ACMA annual session here.

"Electric highway is very very economically viable...I will give all the rights to private sector investors who are going to invest (in the electric high way project)," he added.

Nitin Gadkari further said that electric cable construction

will be executed by private investors and NHAI will charge an electric tariff just like toll.

Electric highways cater to electric traction for vehicles in the same manner as is done for railways. This is based on prevalent technology in a large number of countries like Sweden and Norway.

This involves the provision of power cables, which can be utilised by a vehicle which caters to this type of technology. The vehicle will utilise the power from this cable for its traction. At present, the ministry is evaluating various technolo

"We are making the first electric highway pilot project in Nagpur," he said.

Div Com Jammu Reviews Land Issues Of Industries Department

DCs asked to resolve bottlenecks, facilitate development of Industrial Estates

Observer News Service

JAMMU: Divisional Commissioner Jammu Ramesh Kumar Wednesday reviewed the establishment of Industrial Estates in the Districts and the land related issues of the Industries & Commerce Department.

The Div Com reviewed in detail the land acquisition for industrial Estates in Kathua, Samba, Jammu and Udhampur districts and bottlenecks being confronted by the stakeholder Departments.

The meeting was attended by MD SIDCO/SICOP, Inderjeet; MD JPDCL, Shivanant Tayal; Chief Conservator of Forest, B Mohan Dass; Regional Director Pollution Control Board, Sat Paul; besides Chief Engineers of JPDCL, Assistant Commissioner central, Angrej Singh; while Director Industries, Deputy Commissioners of Kathua, Samba, Jammu and Udhampur along with other concerned officers attended the meeting through video conferencing.

Threadbare discussions were held regarding augmentation of existing and development of new Estates, besides the progress made in resolving the land related issues of the Industries Department pending in the dis-

The concerned Deputy Commissioner apprised the Div Com about the current status of each case. It was informed that most of the issues have been resolved and those pending

would be resolved soon. The Div Com instructed DCs to cooperate with the Industries Department in sorting out the pending land issues. The functionaries of the Industries Department were also asked to stay in touch with DCs and revenue officers to seek coordination for re-

solving the issues on time. The Div Com instructed DC Samba, Kathua, Jammu and Udhampur DCs to demarcate the identified land and hand over the same to the Industries and Commerce Department for establishment of Industrial Estates. The DCs were also instructed to resolve the land issues for approach roads to the sites.

Meanwhile, the Div Com also reviewed the power supply, water supply, roads to industrial estates. He instructed concerned DCs to ensure that all the facilities are available to industrial estates.

MD JPDCL was asked to resolve issues of power supply to existing industrial estates and explore provisions for providing sufficient supply to new industrial estates.

The Div Com called for proactive anticipation of District Administration and concerned departments to develop a favorable ecosystem for setting up more industries.

'Naya Kashmir'

feasible," the document reads.

According to the document, a copy of which lies with Kashmir Observer, the government is planning to construct as many as 100 ropeways to provide connectivity to many of the habitations which are still unconnected and construction of roads involves cutting of huge numbers of trees in thick forests.

"The development of logistics hubs and allied facilities is likely to boost regional infrastructure and have a positive impact on skill development in the field of software, warehousing, cold storage, cargo handling, and customs clearances etc and also provision for value added services such as packing, repacking, labeling etc," the vision document reads.

The vision document further reads that for building connectivity of UT with the rest of the country with adjoining states/ UTs and within the State, the UT contemplates using all the three modes Air transport, Railways and Roads to strengthen the connectivity.

"The UT shall be connected to Baramulla with rail link. Airport shall be made modern and National highways shall be made of National/ International standards," it says, adding that in transportation, metros and hyper-loops shall steer the Mass Rapid Transport System. Electric and green vehicles shall replace fuel based vehicles."

shall replace fuel based vehicles,"

The government also says that the highways, flyovers and rural roads will be upgraded. Airports will be of international standards and domestic airlines and chopper services will be added over time. Railway will be connected to the last corner of the LIT.

"For developing commercial activities, logistic policy shall take care of storage, handling & transportation of materials & goods by creating infrastructure like storage houses, cold stores, Air cargo stations, truck terminals, grand trunk roads for trucks, easing business policies and procedures, creation of trade facilitation centers, building capacities & institutional framework for logistic handling etc,"

Pak Pushing

at Jagti on the outskirts of Jammu city. He said that in 2022, over 1.88 crore tourists visited Jammu and Kashmir. "Our efforts are to have 2.25 crore tourists this year. They are trying to stop this journey of progress but we will not allow them to succeed", he said.

Replying to another question about the Rajouri encounter, he said that in Poonch and Rajouri "we tried to neutralise foreign terrorists on Line of Control (LoC) itself".

"But some come via Punjab and Nepal by road and try to do some acts here. We have done good action in this recent encounter. One of jawan was martyred", he said.

On the death of sniffer dog Kent in gunfire by ultras, he said, "Our Kent laid down his life to save his handler. He attacked the terrorist by moving ahead first."

by moving ahead first."

Two terrorists were killed in an encounter

An Army personnel and Kent, a six-year-old female Labrador of the Army's dog unit, also died while three security personnel were injured in the gunfight.

HC Upholds Life

in the remote Narla village.

appellant/convict stands upheld and confirmed."

Ex Cop Gives

and other top rank officers, Himayun's father paid floral tributes to his slain son Wednesday evening amid tears and sobs.

Bhat after laying the floral tributes gave the "last salute" to his son here at District Police Lines Srinagar.

Reports said, Himayun had entered into wedlock a year and a half ago and he became a father of a baby son only a month ago.

However, the death has devastated the family as the joy of celebrating the arrival of new born has come to an end with the untimely death of Himayun.

My First Duty

healthcare to every citizen.

"We have developed robust public health infrastructure in J&K and Universal Health Insurance Coverage, Digital health services have ensured an improved public health delivery system." he said

livery system," he said.

He said the use of modern technology has positively impacted diagnosis, treatment and patient monitoring systems.

The LG called upon the health officials and all stakeholders to actively participate in the Ayushman Bhav Campaign and the upcoming Seva Pakhwada.

He also directed for convergence of the campaign with the celebration of Gandhi Jayanti and to promote the values of selfless service towards the people, especially the needy, poor and marginalized sections of the society.

"Swachhta Abhiyan should be carried out at Health Facilities across the UT," he said.

The launch of 'Ayushman Bhav' campaign was followed by a UT-level programme organized by the J&K administration. The LG expressed his gratitude to the President of India for the launch of the nationwide campaign which aims to saturate critical health care services in every village.

"The guidance of the President will motivate stakeholders to achieve the target of Health for All," he added.

Sinha said the three components of Ayushman Bhav campaign - Ayushman Apke Dwar, Ayushman Melas at Health & Wellness Centres, Community Health Centres and Ayushman Sabhas will enhance awareness and saturate health schemes in urban and rural areas.

On the occasion, the LG awarded Shopian, Pulwama, Ganderbal, Anantnag, Kathua, and Pulwama as best performing districts in ABHA ID generation, Golden Cards creation & distribution, NCD screening, examination & Diagnosis, registration in Ni-kshay mitras and distribution of Kits to TB patients, respectively. He honoured the Aarafah Food and Spices for adopting TB patients.

The LG also distributed Nutrition Kits to TB patients and urged the people and the community leaders to register themselves as Ni-

Several events were organized at various levels across the UT to mark the launch of the Ayushman Bhav campaign and more than 1.22 lakh people, including ULB & PRI members from J&K were connected during the

programme.
Ayushman Apke Dwar 3.0 aims to provide Ayushman cards to remaining eligible beneficiaries enrolled under the PM-JAY scheme, ensuring that more individuals have access to essential health services.

Ayushman Melas at HWCs and CHCs will facilitate the creation of ABHA IDs (Health IDs) and issuance of Ayushman Bharat Cards. They will also offer early diagnosis, comprehensive primary health care services, teleconsultation with specialists, and appropriate referrals. The above activities will start from 17th September and will continue till 31st December 2023.

Encounter In Anantnag

bereaved families.

Bhat, father of a two-month-old daughter and son of retired Inspector General of Jammu and Kashmir Police Ghulam Hasan Bhat, died due to heavy blood loss, they added.

The banned Resistance Front, believed to be a shadow group of Pakistan-based Lashker-e-Taiba, has claimed responsibility for the attack.

Officials believe that it is the same set of terrorists who had carried out the attack on army personnel on August 4 killing three jawans in the higher reaches of the Halan forest area of Kulgam district.

The operation against the terrorists began on Tuesday evening in Garol area but was called off during the night.

This morning, the hunt for the terrorists resumed after information started trickling that they were spotted at a hideout, the officials said.

Colonel Singh, leading his team from the front, attacked the terrorists. However, he was critically injured in the bullets fired by the terrorists

Singh, who belonged to 12th Sikh LI, was a recipient of Sena medal. Dhonack belonged to

15th Sikh LI.

Dhonack and Bhat were also hit by bullets resulting in critical injuries, the officials said. Senior army and police officers, GoC 15 Corps Lt General Rajiv Ghai and including DGP Dilbag Singh rushed to the spot to assess

the situation.

Earlier Jammu and Kashmir Police had posted on social media handle that an "encounter has started in #Kokernag area of #Anantnag. Officers from Army and JKP instant Post in the Month of the Month o

jured. Details shall follow".

Kashmir-based XV corps also gave details that "based on specific intelligence on presence of terrorists a Joint Operation was launched by #IndianArmy & @JmuKmrPolice on the intervening night of 12-13 Sep in Area Garol, Anantnag.

"Contact established and firefight ensued. Two Army personnel and one J&K Police personnel injured. Operation in progress."

In the evening, Director General of Police Dilbag Singh, Additional Director General of Police (Kashmir) Vijay Kumar along with other senior officers paid floral tributes to the slain DvSP

J&K Lieutenant Governor, Manoj Sinha also paid tributes to the fallen soldiers.

"Paid tributes to the failer solders."

"Paid tributes to JKP's DySP Humayun Bhat, who laid down his life in an anti-terror operation in Anantnag. I salute the indomitable courage and supreme sacrifice of Col Manpreet Singh & Major Ashish Dhonack. Entire nation stands firmly with their families in this hour of grief," Sinha posted on X.

The attack comes a day after an Army

The attack comes a day after an Army personnel and Kent, a six-year-old female Labrador of the Army's dog unit, were killed and three security personnel injured in the gunfight in South of Pir Panjal at Rajouri in Jammu region. Two terrorists were killed in an encounter in the remote Narla village.

Several leaders, including Union Finance Minister Nirmala Sitharaman and former chief ministers of Jammu and Kashmir, Omar Abdullah and Mehbooba Mufti offered their condolences to the bereaved families.

Union Finance Minister Nirmala Sitharaman wished strength to family and friends of those killed in action

killed in action.
"Two army officers and a police officer have lost their lives in a counter-terror operation in #Anantnag, J&K. They have sacrificed themselves to keep us safe. These martyrs have served Bharat with utmost dedication and bravery. My prayers to the Almighty to give strength for their families and friends to bear

Congress President Mallikarjun Kharge also took to X (formerly known as Twitter) and extended his deepest condolences to the families of the bravehearts.

with this loss," she tweeted.

"Our brave Army personnel and a DSP have made the supreme sacrifice fighting terrorists in an encounter at Anantnag in Jammu & Kashmir. We are extremely saddened by their loss. Our deepest condolences to the families of our bravehearts. India stands united against terrorism," he tweeted.

NC Vice-President and former Chief Minister, Omar Abdullah wrote "Terrible terrible news from J&K. An army colonel, a major and a J&K Police DYSP gave the ultimate sacrifice in an encounter in Kokernag area of South Kashmir today. DySP Humayan Bhat, Major Ashish Dhonack, and Colonel Manpreet Singh laid down their lives in an encounter with terrorists. May their souls rest in peace & may their loved ones find strength at this difficult time."

PDP president Mehbooba Mufti while offering condolences to the bereaved families said there was no place for such acts of

People's Conference chairman Sajad Gani Lone also condoled the death of the bravehearts. Paying tributes to the three fallen officers, BJP leader Altaf Thakur said the security forces are committee to root out terror from Jammu and Kashmir.

Second Terrorist

another terrorist was killed in Wednesday's encounter.

Despite bad weather, security forces laid a strong cordon around the area, 75 kilometres from Rajouri town, throughout the night and extended the search to nearby areas in the morning, officials said.

Intermittent firing was reported during the night, creating fear among locals who demanded permanent security posts, they said.

The security forces launched a cordon and search operation in the forested Patrada area on Monday and fired a few rounds after noticing the suspicious movement of two people, the officials said.

However, both the suspects managed to escape under the cover of darkness and the thick foliage. They left behind a rucksack and some clothes and other articles that were recovered by the search parties.

A wreath-laying ceremony was held for Ravi Kumar, the slain rifleman from Kishtwar district, at the Army garrison in Rajouri early on Wednesday

on Wednesday.
Jammu and Kashmir Lieutenant Governor,
Manoj Sinha expressed heartfelt condolences
to the family of the fallen soldier.

Taking to X (formerly known as Twitter), Jammu and Kashmir Lieutenant Governor Manoj Sinha wrote, "I salute the courage and supreme sacrifice of Army's braveheart Rifleman Ravi who laid down his life in the line of duty in Rajouri. His selfless service to the nation will always be remembered. My heartfelt condolences to the family of the martyr".

Deputy Commissioner (Rajouri) Vikas Kundal and senior Army officers along with those from other ranks laid wreaths on Kumar's coffin. His body is being airlifted to his hometown for last rites with full military honours.

"White Knight Corps salutes the supreme sacrifice of Rifleman Ravi during 'Op Sujaligala' in the highest traditions of the Indian Army. His unwavering dedication and service to our nation will always be remembered," the Kammu-based XVI Corps said in a post on X.

A defence spokesperson said a brave Army dog lost her life while saving her handler during Tuesday's gunfight.

"The Army dog, Kent, was at the forefront of Operation Sujaligala. Kent was leading a column of soldiers on the trail of the fleeing terrorists. She came down under heavy hostile fire. While shielding her handler, she laid down her own life in the best traditions of the Indian Army," the spokesperson said.

On September 4, a terrorist was killed and two security personnel were injured in nearby Gali Sohab village in the Chassana area of Reasi district.

The border districts of Rajouri and Poonch have witnessed several encounters this year, resulting in the deaths of about 26 terrorists

and 10 security personnel.

Most of the terrorists were killed while attempting to sneak into this side from across the border, the officials said.

HC Again Refuses

charge-sheeted by the agency in the case on November 12 last year and was termed as the main accused and kingpin.

Kohli said that the petitioner is the kingpin of the recruitment scam. He not only played with the careers and aspirations of aspirants but also brought a bad name to the selection body — JKSSB — and to the Jammu and Kashmir government, Kholi, who is an additional advocate general, said.

The petitioner during the period of one month for which a short bail had been granted by the sessions court, except managing certificates or prescriptions for his different ailments, did not receive any treatment, she said.

This is "evident from the prescriptions which had been made a part of the petition, and hospitalisation of the petitioner on the very date when he surrendered after expiry of short bail on July 15, there being no complicacy in the period of one month of his being on bail", Kohli said.

The petitioner has been moving repeated applications for grant of bail just to defeat the process of law, she said.

Kohli said as in case of bail being granted, he being the kingpin and the main conspirator of the paper leakage scam shall make all efforts to tamper with the prosecution evidence which is yet to be produced before the court for determination.

Justice Chowdhary said the apprehension of tampering with the prosecution evidence

cannot be ruled out in view of the mindset of the petitioner and in case of grant of bail, he may attempt to tamper with the prosecution evidence so as to screen himself from the charge.

"The treatment to the petitioner with regard to his various ailments can be provided to him in custody and in case he requires any specialised consultation or any surgery that can also be got conducted, which being in custody," he said.

In July, the Jammu and Kashmir administration headed Lt Governor Manoj Sinha cancelled the selected list of 1,200 police sub-inspectors, 1,300 junior engineers and 1,000 finance account assistants following allegations of paper leak and malpractices.

Traders Upset

noted that both Afghanistan and India are members of the South Asian Free Trade Zone (SAFTA) and hence they do not impose duty on imports from each other. However, Iran is not part of SAFTA but apples from there reach India via Afghanistan, bypassing import duties and taking the benefit from it.

"We were yet to convince the government to ban import of Iranian apples now this has happened," Fayaz Ahmad Malik, president of Sopore Fruit Mandi, told Kashmir Observer.

He said, every year the orchardists and the traders have to face the challenges in one way or another.

In May this year, the central Government introduced Minimum Important Price (MIP) for apples—which barred apples from other countries without tax. However, the relaxation of customs duty on U.S products has left orchardists in the Kashmir Valley in deep anxiety.

Manzoor Ahmad Mir, an apple grower from North Kashmir's Sopore told Kashmir Observer that the American apple growers are provided huge subsidies by the government while the growers from Kashmir don't have such options.

"I think they (Govt) wants to cripple the apple industry in Kashmir,"

Growers Meet

Manoj Sinha has assured them to take up the issue of 20 percent slash in the import tariff on the apples imported from United States, with the government of India. The distressed growers urged the government to implement a market intervention scheme (MIS) in J&K so that the C category apples from Kashmir are sold at competitive prices. They said the unexpected weather conditions, such as hailstorm and a prolonged dry spell, have already classified Kashmiri apples in the C category.

Addressing a press conference here after meeting J&K LG Manoj Sinha at Raj Bhawan, President, Apple Farmers of J&K, Zahoor Ahmad said they presented a memorandum to the LG and urged him to get the additional 20 percent retaliatory import duty on apples imported from US re-imposed.

"We presented a memorandum to the J&K LG during our meeting with him at the Raj Bhawan and would like to extend our gratitude to the latter for giving us a patient hearing and assuring us that demands highlighted in the memorandum will be discussed at the federal level." he said.

Ahmad said the delegation also appealed to the LG to introduce a market intervention scheme in J&K so that the farmers are not forced to make distress sales of their produce and that the perishable horticulture commodities in the event of fall in market prices are purchased by the government.

Besides, he said, the delegation requested the LG to restore shuttered processing units in J&K so that the farmers avail maximum benefits out of such facilities, while expansion of cold apple cold storages was also brought into the notice of the LG.

"We also discussed the issue of overcharging by transporters and urged him to limit transportation costs so that the farmers could ship their goods to any location in India and sell them at good prices," he added.

Besides, he said the LG was also apprised about the drought conditions of J&K, which he said has incurred huge losses to the horticulture industry.

Gill No. 2 In ODI Batters Chart; Rohit, Kohli In Top 10

Press Trust of India

DUBAI: Opener Shubman Gill has achieved a careerbest second position and is the highest-ranked among three Indian batters, who are now in the top 10 of the ICC Men's ODI rankings issued on Wednesday. The other two Indians in the top-10 are skipper Rohit Sharma (8th) and the peerless Virat Kohli (9th).

Last time, three Indian batters were in ODI's top-10 list, it was way back in January

At that time, Rohit, Kohli and out-of-favour veteran Shikhar Dhawan were the three batters. Gill, who had scored 58 and figured in a 121-run opening partner-ship with Rohit Sharma in the Asia Cup match against Pakistan, has moved up one spot while Indian skipper and Kohli have gained two places each in the latest

chart released by the global cricket body.

Rohit has scored three successive half-centuries so far in the ongoing Asia Cup while Kohli advanced, thanks to his unbeaten 122 against Pakistan.

Pakistan also have three batters in the top-10 with less than a month to go for the start of the ICC men's ODI World Cup. Captain Babar Azam is at the top and enjoys a lead of more than 100 rating points over Gill, while Imamul-Haq and Fakhar Zaman are in fifth and 10 positions, re-

spectively. The latest weekly update,

that also considers performances in three matches of the South Africa-Australia series and two matches of the England-New Zealand series, saw South Africa's Temba Bavuma closing in on a top-10 place after striking three centuries and two half-centuries in his last eight ODIs. He has advanced 21 places to 11th position while his previous best was 25th.

Australia players Davis Warner (up one place to fourth), Travis Head (up six places to 20th) and Marnus Labuschagne (up 24 places to 45th) have made significant progress as has the Indian pair of KL Rahul (up 10 places to 37th) and Ishan Kishan (up two places to 22nd).

Aiden Markram, Sadeera Samarawickrama, Liam Livingstone, Daryl Mitchell and Devon Conway are among others to gain in the latest

Asia Cup: PoK-Born Pacer Zaman To **Make ODI Debut For Pakistan**

Press Trust of India

LAHORE: Pakistan Occupied Kashmir-born cricketer Zaman Khan is all set to make his ODI debut against Sri Lanka in the must-win Asia Cup match in Colombo on Thursday. Zaman, a young fast bowler who has had a typical rag to riches story, belongs to a poor family from Mirpur in PoK. He played first for Rawlakot Hawks in the Kashmir League and has now appeared in T20 leagues in Canada and Sri Lanka.

Zaman has not played any first class game but has represented Pakistan in six T20 Internationals against Afghanistan and New Zealand. He is set to replace injured Naseem Shah, who has been ruled out of the remainder of the tournament due to a shoulder injury.

The playing eleven an-nounced by the Pakistan team management on Wednesday also confirmed that fast bowler Haris Rauf would sit out of the match with an injury.

The PCB had earlier announced the inclusion of Zaman in the Pakistan squad in place of Naseem. Pakistan med-

in the Pakistan Super League. Yet to play any first class game, Zaman took just two wickets in six games for Manchester Invincibles in the recent Hundred tournament in England but is rated highly by former pacers, including Pakistan's team director, Mickey Arthur.

Zaman played for English county side Derbyshire where Arthur is the head coach.

Baramulla Wins U-17 Inter **District Handball Competition**

Observer News Service

BARAMULLA: On Wednesday, Baramulla emerged Under-17 champions in the week-long Inter District Provincial Level Handball competition.

A total of 10 districts from Kashmir participated in the competition, with Baramulla, Bandipora, Ganderbal and Kupwara earning a spot in the semi-finals after intense battles on the field.

In the semi-finals, Baramulla triumphed over Kupwara, securing their spot in the final, while Bandipora secured their place by defeating Ganderbal in a fiercely contested match.

The final match between Baramulla and Bandipora was a true spectacle, with Baramulla emerging as champions with a remarkable 19 goals to Bandipora's 8.

During the prize ceremony winners and runners-up were given trophies and certificates.

Meanwhile, the championship will continue today With the Under-19 boys' competition set to take place at the same venue.

JKSC Secretary Holds Kashmir Division Staff Meet

Observer News Service

SRINAGAR: Secretary J&K Sports Council, Nuzhat Gull, on Wednesday convened a meeting of all the managers, coaches, instructors and mentors of Kashmir division to devise plans for further expansion of the 'My Youth My Pride' and other sports activities in the

The meeting was also attended by Muzaffar Hussain Wani, Divisional Sports Officer (K) and Sheikh Riyaz Ahmad, Administrative Officer.

In her inaugural address, Nuzhat Gull emphasized on participation of all and provided them an opportunity to show-

case their talent and chisel it further. While applauding the efforts of her team, Nuzhat Gull said that the Sports Council has taken a giant leap in in-

creasing the participation of masses in

sports across the J&K. Addressing the participants, Nuzhat Gull said that she is proud of the efforts

The Secretary sought a detailed report of the ongoing sports activities and advised all the concerned to percolate the programs under special activities to each block in the division.

Meanwhile, Nuzhat Gull also visited the S.K Indoor Hall Complex and interacted with the athletes.

J&K To Host 67th National **School Games In 4 Disciplines**

ical team is also closely moni-

toring the progress of Rauf,

who is feeling discomfort in his

right flank after pulling out of

the match against India. The

biggest surprise has been the

rise of Zaman in the Pakistan

cricket ranks as the 22-year-

old only appeared on the scene

when he played in the Kashmir

League in 2021 and was then

picked up by Lahore Qalandars

SRINAGAR: J&K is set to host Football, Volleyball, Judo and Fencing competitions of the 67th National School Games. A preliminary meeting regarding the event was convened by the Director Youth Services & Sports on Wednesday here.

The Department of Youth Services and Sports under the aegis of School Games Federation of India shall host these four National Level events in Football for Under-19 Boys and Volleyball for Under-17 Boys at

Simultaneously, Jammu will host Judo for U-14 Boys/Girls and Fencing for U-19 Boys/ Girls at Jammu, as per the calendar of School Games Federation of India (SGFI).

Teams from all the 44 SGFI affiliated units from different

states/UTs and organisations are expected to participate in each discipline.

"The Department of Youth Services and Sports J&K has geared up its manpower and machinery for the successful conduct of the event. Around 4000 participants across the country are going to participate in these

IKFA To Hold Santosh Trophy Trials From Sept. 15

Observer News Service

SRINAGAR: The Jammu & Kashmir Football Association on Wednesday announced that it will hold selection trials for Senior Men's National Championship, Santosh Trophy, from September 15 to 17, at Srinagar and Jammu.

In Srinagar, the open selection

TRC at 9:30 AM. In Jammu, the trials will be held at Mini Stadium Prade at the same date and time.

Players selected in the threeday trials will compete in the final selection, which is set to be held in Srinagar from September 19 to 20.

The trials will be organised by JKFA in collaboration with J&K Sports Council.

Mattan & Srigufwara Win U-14 & U-17 Cricket Tournaments

Observer News Service

ANANTNAG: Zone Mattan and Zone Srigufwara emerged winners in Under-14 and Under-17 Inter Zonal District Level Cricket Tournaments organised by District Youth Services and Sports Officer Anantnag.

The grand finales were played between Zone Mat-

tan and Zone Biibehara (U-14) and Zone Bijbehara and Zone Srigufwara (U-17)

on Wednesday at Sports Ground Jablipora, Bijbeĥara.

In U-14, Bijbehara while

batting first set the target of 101 runs. In reply, Zone Mattan also scored 100 runs in allotted overs and the match was decided by super over in which Mattan set 10 runs as target. In reply, Bijbehara failed to chase and lost the match by 2 runs.

In U-17, batting first Bijbehara set the target of 104 runs and in reply Zone Srigufwara chased down the target with five wickets in hand. The post match presentation ceremony saw field officials of DYSSO Anantnag give trophies to winners and runner up teams. Suhaib Nazir from Mattan Zone was adjudged as Man of the Tournament, scoring 280 runs which included two hundreds. He also took four

wickets in the tournament.

trials will be held at Synthetic Turf

England Midfielder Jude Bellingham On The Rise In Europe Post-Messi & Ronaldo Era

The Associated Press

MANCHESTER: Jude Bellingham is already proving that he has what it takes to help fill the gigantic void left by Lionel Messi and Cristiano Ronaldo.

With those two superstars off to new territories, Bellingham has become one of the elite players in Europe, alongside the likes of Kylian Mbappe, Erling Haaland and Vinicius Jr.

On Tuesday, the 20-year-old England midfielder added another goal to the five he has scored in four games this season for Real Madrid. While the 3-1 win over Scotland was only a friendly, Bellingham has had an outstanding start to the season. He even set up another for Harry Kane on Tuesday in Glasgow.

'For a young man to have that kind of football brain, I love watching him," said former Liverpool great Graeme Souness, now a TV commentator. "Jude Bellingham is the real deal."

Bellingham joined Madrid from Borussia Dortmund in June

for a fee that could reach \$139 million. His goals have helped make up for the loss of Karim Benzema, who was part of the exodus of star players who headed for Saudi Arabia in recent months.

At a time when Messi and Ronaldo have moved to the United States and Saudi Arabia, respectively, Bellingham is among the group of players establishing themselves as the new generation of global icons.

Harry Maguire, however, seems to be going in the opposite direction.

Still the most expensive defender in the history of the sport after Manchester United paid 80 million pounds (then \$97 million) for him in 2019, Maguire has reached a crisis point in his

He has been dropped by Manchester United manager Erik ten Hag and stripped of the captaincy as his form has plummeted over the past year. Maguire was widely expected to change clubs during the recent transfer win-

dow, but an expected move to West Ham fell through, meaning he likely faces another season on the sidelines.

That is a concern for England coach Gareth Southgate, who has stuck by the center back throughout his troubles, and needs his players to be in regular action leading up to next year's European Championship. On Tuesday, Maguire scored an own-goal against Scotland.

Maguire has become a figure of ridicule among some supporters, while Southgate is also unhappy about the treatment he has received in sections of the media. He was mocked by Scotland fans in an intense atmosphere in the friendly at Hampden Park as the two sides resumed the oldest rivalry in international soccer, which dates back to 1872.

"From a Scotland fan's point

of view, I get it and I have absolutely no complaints with what they did," Southgate said. "It is a consequence of ridiculous treatment of him for a long period of time, frankly.

"I've never known a player treated the way he is - not by the Scottish fans, by our own commentators, pundits, whatever it is. They've created something that's beyond anything I've ever seen.'

Despite the loss on Tuesday, Scotland is on a high after winning its opening five games in Euro 2024 qualifying. The Scots need only two points from their remaining three matches to secure a place in the tournament in Germany.

Scotland will next play Spain, which routed Georgia 7-1 and Cyprus 6-0. Teenager Lamine Yamal made history by becoming the youngest player to score in a European Championship qualifier at 16 years, 57 days against Georgia.

France, Portugal, Belgium and Austria are also on the brink of

qualification.

Under coach Roberto Martinez, Portugal has made its best start to a European qualifying campaign with a 100% record after six games and recorded its biggest-ever win in a competitive match in a 9-0 rout of Luxembourg.

Germany, meanwhile, can only be thankful that it has automatic entry to the tournament as the host nation. Hansi Flick was fired as coach after a 4-1 loss to Japan in a friendly.

Flick was already under pressure after the Germans were eliminated in the group stage of last year's World Cup — the second straight time the four-time champions had gone out in the first round

The loss to Japan extended a five-game winless streak and prompted jeers from the home crowd in Wolfsburg. But there was an immediate reaction to Flick's departure as Germany beat World Cup finalist France 2-1 in another friendly on

Mental Illness No Bar For Medical Degree, Medical Council Tells Court

New Delhi: The National Medical Council told the Supreme Court on Tuesday that diagnosis of mental illness can no longer be a bar for pursuing MBBS course and such aspirants may be considered for quota benefits in future after "better methods of disability assessment" are devised.

On May 18, the NMC, which regulates medical education in the country, was asked by the top court to set up a panel of domain experts to examine a plea for evolving modes of disability assessment of students having mental illnesses, special learning disorder and autism spectrum disorder for quota in admission to MBBS course.

A bench comprising Chief Justice DY Chandrachud and Justices JB Pardiwala and Manoj Misra took note of the submissions of lawyer Gaurav Kumar Bansal, appearing for a MBBS aspirant, that several countries are not only permitting persons having mental illnesses to pursue medical education but also granting reservation in admissions.

The court permitted Mr Bansal to amend the petition to challenge the fresh guidelines of the NMC on the issue of admissions of persons with mental illness in MBBS course and non-grant of quota to them for the time being under the Rights of Persons with Disabilities Act.

The bench, however, acknowledged that the NMC set up the committee of domain experts and came out with some guidelines after examining the issue.

An eight-member expert panel discussed the issue of admission in MBBS course under the disabilities law in case of special learning disability, autistic specified disorder and mental illness, the counsel for the NMC said.

"On thorough consideration of the recommendations received from the expert members in... meetings, the Under Graduate Medical Education Board reaches to a conclusion that in respect of mental illness, 'the diagnosis of Mental Illness can no longer be a bar for eligibility to pursue medical education (MBBS) provided the candidate falls in the merit list in competitive entrance examination ie, NEET-UG'," the NMC said in its report.

"Since the benefits of reservation/quota are not determinable under the present available methods of assessment, hence the quoted italic statement in the earlier disability notification dated May 13, 2019 -- 'However the benefit of reservation quota may be considered in future after developing better methods of disability assessment' -- shall remain valid," the council said.

The NMC said such candidates claiming to have been suffering from mental illness are being considered under "Non-PwD" (outside the disabilities law) category for the purpose of taking admission in MBBS course.

Taking the report on record, the bench said it will consider the issue after four weeks.

The top court was hearing the petition by Vishal Gupta, who was denied reservation in admission to MBBS course under the Rights of Persons with Disabilities Act on the ground that his mental disability was 55 per cent rendering him ineligible for securing admission in a medical college.

Tropical Storms of Asian Rivers to Intensify by 20 Percent by 2050: Study

Srinagar: Fewer yet more intense tropical storms are predicted for Asian rivers, including India's Ganga, according to a new modelling study.

By the 2050s, tropical storms in the Ganga could intensify by nearly 20 per cent, the study led by the Newcastle University, UK, projected after performing storm modelling studies on high-resolution data under a high emissions scenario.

The storms are, however, projected to become less frequent by over 50 per cent by the same time across both the low-lying delta river basins of Ganga and Mekong, the study published in the journal Geophysical Research Letters said.

The Mekong river runs from the Himalayan Plateau, its source, through Myanmar, Laos, Thailand, Cambodia, and southern Vietnam and falls into the South China Sea.

Due to their limited adaptive capacity and preparedness, low-lying delta systems on the east coast of India and those in Bangladesh and Vietnam are vulnerable not only to the massive damage and losses to life and property caused by tropical storms, but also to the impacts of climate change, including changes in precipitation patterns, extreme weather events, and sea-level rise, previous studies have found.

The study findings could thus help in assessing the resilience of critical infrastructure on these densely populated basins to tropical storms, in

addition to informing climate adaptation strategies to safeguard communities, the researchers said.

Tropical storms, formed when water vapour from tropical oceans leads to disturbances, can sustain wind speeds of over 60 kilometres an hour (kmph) and cause intense rainfall. Nearly 90 such storms form worldwide every year, with most of them resulting in major disasters upon making landfall.

Tropical cyclones, sustaining wind speeds of over 120 kmph and originating in the North Indian Ocean (NIO), account for about 7 per cent of cyclones globally with most of them forming in the Bay of Bengal rather than the Arabian Sea.

"Our results are consistent

with those found for tropical storms and tropical cyclones in the Atlantic Basin, where they also project an overall decline in frequency but an increase in the frequency of the most intense tropical cyclones.

"These systems cause massive impacts on society from high winds, rainfall and storm surges causing flooding. Quantifying these changes will allow us to better plan for future events," said study author Hayley Fowler, professor of Climate Change Impacts at the university.

"Knowledge of changes to tropical storms activity under climate change can be helpful in developing better disaster risk mitigation and for climate adaptation," said lead author, Haider Ali.

Apple's New iPhones Get Faster Chips, Better Cameras And New Charging Ports

Agencei

pple on Tuesday unveiled its next generation of iPhones — a line-up that will boast better cameras, faster processors, a new charging system and a price hike for the fanciest model. The showcase at Apple's headquarters in Cupertino, California, comes

as the company tries to reverse a mild slump that has seen its sales drop from last year in three consecutive quarters.

The malaise is a key reason Apple's stock price has dipped by nearly 10 per cent since mid-July, dropping the company's market value below the USD 3 trillion threshold it reached for the first time earlier this summer.

FATEHA

With profound grief and sorrow it is informed that Mohammad Maqbool Wani S/O Late Mohammad Sultan Wani R/O Buchwara (near CD Hospital) passed away on Tuesday Morning 12th of September, 2023. His "Fateha" will be

performed on Friday, 15th of September at 2.30 pm at the family graveyard, Malateng (near Church/CD Hospital).

Allah (SWT) marhoom ko jannatul firdous atta karay (Aamen).
