Israel securing Cyprus port in fear of war with Hezbollah

Agencies

Jerusalem: Israel is seeking to establish a port in the Mediterranean island country of Cyprus in case the port of Haifa is closed in a war with Hezbollah, Israel Hayom reported on 11 March.

The Ministry of Transport has set a goal to establish another port for Israel in Larnaca within 60 days. The establishment of the port is meant to coincide with US plans to establish a floating port off the coast of Gaza, allegedly to deliver aid to millions of besieged and faminestricken Palestinians.

A delegation from the Israeli Ministry of Transportation and Road Safety, led by the chairman of the Israel Ports Company, Uzi Itzhaki, left for Cyprus on Monday. The port is expected to cost hundreds of millions of shekels, and efforts to establish it will be carried out immediately.The delegation seeks to establish the port in response to security scenarios provided by the ministry's head, Miri Regev.

Establishing a port in Larnaca is an urgent need for Israel to avoid a wartime situation where it is cut off from commercial and military supplies.

Specifically, Israel fears a situation where the Haifa port in northern Israel is closed due to a full-scale war with Hezbollah

The Lebanese resistance movement has some 150,000 rockets and missiles, including those capable of hitting Haifa and even Tel Aviv.

China Protests PM Modi's Visit to Arunachal Pradesh

Press Trust Of India

China on Monday said it lodged a diplomatic protest with India over Prime Minister Narendra Modi's visit to Arunachal Pradesh last week, reiterating its claim over the area by saying India's moves will "only complicate" the boundary question.

Prime Minister Modi on Saturday dedicated to the nation the Sela Tunnel built at an altitude of 13.000 feet in Arunachal Pradesh that will provide all-weather connectivity to strategically located Tawang and is expected to ensure better movement of troops along the frontier region. The Rs 825 crore tunnel, constructed on the road connecting Assam's Tezpur to West Kameng district of Arunachal Pradesh, is being billed as the longest bi-lane road tunnel in the world at such an altitude. The Sela Tunnel will provide for better movement of troops and weaponry to various forward locations along the Line of Actual Control (LAC) with China, according to military officials.

The Lebanese resistance movement has some 150,000 rockets and missiles, including those capable of hitting Haifa and even Tel Aviv.

Contrary to news reports, the main goal in establishing the Cyprus port is not to transfer aid to Gaza.

A source familiar with the matter told Israel Hayom that Israel also intends the Larnaca port to be part of an alternative transportation axis to connect Europe and India through Israel. Israel hopes to estab-

Jerusalem: Palestinians began fasting for Ramadan on Monday as the Muslim holy month arrived with cease-fire talks at a standstill, hunger worsening across the Gaza Strip and no end in sight to the five-month-old war be-

tween Israel and Hamas. Prayers were held outside amid the rubble of demolished buildings late Sunday. Some people hung fairy

lights and decorations in packed tent camps, and a video from a UN-school-turnedshelter showed children dancing and spraying foam as a

man sang into a loudspeaker. But there was little to celebrate after five months of war that has killed over 30,000 Palestinians and left much of Gaza in ruins. Families would ordinarily break the daily fast with holiday feasts, but even where

food is available, there is little beyond canned goods and the prices are too high for many. "You don't see anyone with joy in their eyes," said Sabah al-Hendi, who was shopping for food on Sunday in the southernmost city of

Rafah. "Every family is sad. Every family has a martyr." The United States, Qatar and Egypt had hoped to broker a cease-fire ahead of

President Joe Biden has said an attack on Rafah would be a "red line" for him, but that the United States would continue to provide military aid to Israel.

Biden acknowledged in his annual Ramadan message that the holy month comes "at a moment of intense pain."

"As Muslims gather around the world over the coming days and weeks to break their fast, the suffering of the Palestinian people will be front of mind for many. It is front of mind for me," he said.

The United States and other countries have begun airdropping aid in recent days, but humanitarian groups say such efforts are costly and insufficient.

Dates, Watermelons Flood Markets

Srinagar: The holy month of Ramazan begins today in J&K as the Crescent moon was sighted yesterday night.

Shops and handcart vendors have prominently displayed the dates and watermelons as their sales are expected to pick up with the start of holy month.

For Kashmiris, dates and watermelons have been the preferred food to break the fast with. However, the dealers are surprised that there is not much demand for these products yet.

"Usually, people would start buying dates at least one week before the fasting month begins but this year the sales are not that good," Abdul Rashid, a wholesale supplier of dates, said.

New Delhi: The Centre on Monday implemented the Citizenship contentious (Amendment) Act, 2019, a move that comes four years after the contentious law was passed and paves the way for citizenship to undocumented non-Muslim migrants from Pakistan, Bangladesh and Afghanistan who came to India before December 31, 2014.

The rules were notified days ahead of the expected announcement of the Lok Sabha elections. With this, the Modi government will now start granting Indian nationality to persecuted non-Muslim

Electoral Bonds: SBI Faces Searching Questions

Press Trust Of India

New Delhi:The State Bank of India, which unsuccessfully sought extension of time till June 30 to disclose the details of electoral bonds, on Monday faced searching questions from the Supreme Court which wanted to know about the steps taken to comply with the directions it had issued while scrapping the controversial scheme of anonymous political funding on February 15.

In a landmark verdict, a fivejudge constitution bench had done away with the scheme, calling it "unconstitutional", and ordered disclosure by the Election Commission of donors, the amount donated by them and the recipients by March 13. Ordering the closure of the scheme, the top court had directed the SBI, the authorised financial institution under the scheme, to submit by March 6 the details of the electoral bonds purchased since April 12, 2019 till date to the EC.

Prolonged **Political Void**

he Union Ministry of Home Affairs' briefing to the Election Commission of India (ECI) regarding the security situation for the upcoming Lok Sabha elections brings attention to the broader democratic process in the region. As the ECI contemplates the possibility of simultaneous Assembly and parliament polls in J&K, it becomes evident that restoring elected representation is crucial for the political stability and democratic well-being of Jammu and Kashmir.

The Supreme Court's directive to conduct Assembly polls in Jammu and Kashmir by September 30 adds urgency to the situation. The region has been without an elected government since June 19, 2018, creating a prolonged political vacuum. The absence of elected representatives in Jammu and Kashmir has implications for effective governance and representation of the diverse interests of the region.

The visit of EC officials to assess the security situation and election preparedness is a step in the right direction. The request for 3.4 lakh Central Armed Police Force personnel and the deployment of 635 paramilitary companies signal the challenges posed by the security situation.

Former Chief Minister Ghulam Nabi Azad's call for holding Assembly elections soon after the Lok Sabha polls echoes the sentiment of many people who have been eagerly awaiting a return to democratic governance. Azad's assertion that the people of Jammu and Kashmir cannot wait any longer reflects the frustration caused by the prolonged absence of democracy in the region.

The region's political dynamics have seen changes, with the delimitation exercise completed in May 2023, leading to the creation of a new Assembly with redrawn constituencies. Prime Minister Narendra Modi's recent visit to Srinagar ahead of the Lok Sabha elections went a long way to shore up a degree of hope in Kashmir about the near future. And holding of Assembly elections in J&K is one such step. While the PM inaugurated development projects worth over Rs 6,000 crore, the focus on political stability through Assembly elections cannot be overstated. The political parties in the region, including the BJP, are eyeing a change in the political future of Kashmir, and holding Assembly elections is a crucial step towards achieving that goal.

The urgency for Assembly elections in Jammu and Kashmir is undeniable. These elections are an important step towards political stability, and giving the people of the region a voice in shaping their future.

India's East Asian Outreach

Asad Mirza

'n its latest outreach exercise, India's External Affairs Minister S Jaishankar travelled to S Korea and Japan from March 5 to 8. S Jaishankar travelled to South Korea, first, from March 5-6 where he co-chaired the 10th India-Republic of Korea Joint Commission Meeting (JCM) with his counterpart Cho Tae-yul.

At the JCM, S Jaishankar expressed India's desire to expand its strategic partnership with South Korea into new areas such as critical and emerging technologies, semiconductors, and green hydrogen.

The JCM covered a wide range of topics, including cooperation in defence, science and technology, trade, people-to-people exchange, and cultural cooperation. The two sides also discussed advancing trilateral cooperation and exchanged views on developments in the Indo-Pacific region, as well as regional and global issues of mutual interest.

Stressing expanding cooperation between India and South Korea to new sectors, Mr Jaishankar said that though we have to keep up the momentum in the traditional areas of cooperation, we would be very much interested now in expanding it to new areas to make our ties more contemporary. This statement summarised the new vision, which India has for increasing its bilateral ties with South Korea

India-S Korea Bilateral Trade

The EAM further called for a quick conclusion to the review of India's trade agreement with South Korea, adding that the two countries must work together to find more 'meeting points' and increase their engagement to realise their potential.

Pointing to the long-pending review of CEPA (Comprehensive Economic Partnership Agreement) between India and South Korea, the EAM urged for its up gradation to embrace new and emerging sectors, for which he urged to identify more intersections and meeting points that work for both.

The Comprehensive Economic Partnership Agreement, or CEPA, between India and South Korea came into force in 2010. However, India has said the pact should be more balanced and equitable. Reports say India wants greater ac cess to the South Korean market for certain goods such as steel, rice, and shrimp while Korea is said to want greater access to India in sectors such as auto components and chemicals. India's bilateral trade with South Korea grew 9 percent in 2022-23 to \$27.88 billion, with India having a significant trade deficit.

He said that both countries have seen increasing similarity of views on international forums. He said, "It is important to focus on the Indo-Pacific region." The reference here was obviously to India's increasing role in Quad.

Jaishankar, in this regard, highlighted the Fusion Centre, hosted by India and built as a result of a number of White Shipping agreements with different partners with a common operative picture across the entire Indian Ocean.

Cultural Ties

During his visit to Seoul, Indian External Affairs minister also met with Gimhae City Mayor Hong Tae-yong and discussed greater cultural and educational cooperation with Gimhae City. He highlighted the Gimhae-Ayodhya connect as a testament to the shared cultural heritage and longstanding peopleto-people relations between the two nations, referring to the legendary story of Queen Heo Hwang-ok (Princess Suriratna) from Ayodhya who married King Kim Suro in Korea some 2,000 years ago.

India's East Asian outreach comes at a time when the Indo-Pacific region is facing increasing Chinese belligerence in the region. Pacific region, there are accompanying and strategic consequences, although countries intend to keep relationships stable despite changing dynamics but that has not been the case with China

a sensitive time as Russia holds a major multinational military exercise in its far east, with China and India part

Stating that the world is now more volatile, uncertain, unpredictable, and open-ended, Jaishankar said that it is a "prospect that India and Japan have to confront, both from the national perspectives as well as from the point of view of their own relationship".

Hamada, who held defence talks with Indian MoD Rajnath Singh on March 7, said that bilateral and multinational joint exercises and other defence cooperation have expanded in recent years and will be raised to 'new highs'. He said their first joint fighter jet training is being planned.

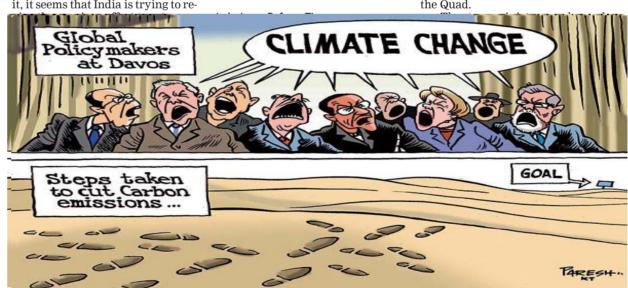

Japan hopes to expand military equipment transfers to back up its feeble defence industry as the country tries to bolster its military capability and spending as deterrence against growing threats from China, Russia and North Korea.

OUAD's Direction

Japan and India, both members of the Quad grouping that also includes the United States and Australia, have rapidly intensified bilateral ties amid shared concern about China's increasingly assertive economic and military activities in the region.

Japan also wants to reaffirm India's support in promoting a "free and open Indo-Pacific vision" that Japan promotes with the United States as part of the Quad framework that also includes Australia as a counter to China's assertiveness in the region, Japanese foreign ministry officials said.

External Affairs Minister S Jaishankar on March 8, speaking at Nikkei Forum on the India-Japan Special Strategic Partnership, said that solutions for India and Japan nationally, as well as regionally and globally, lie there. He further emphasised that India-Japan ties will both draw strength from larger activities together, especially from the Quad.

he decision to build a house instead of renting has often been considered a sound investment. However, when we take into account the skyrocketing land rates and the high returns of other asset classes, it becomes evident that renting a house may actually be the cheaper option. Let's consider an example to illustrate this point.

email n 2003, the value of land was Rs 5 lakh per kanal, and the cost of constructing a house was Rs 25 lakhs, making the total value cost at that time Rs 30 lakhs. Fast forward to today, the selling value of the house with 1 kanal of land is approximately Rs 3.5 crore, which translates to a 13% compounding annual return over the past 20 years. On the other hand, the value of the land shot up to a staggering 45 times, bringing the total value to Rs13.50 crore, equating to a 20.97% compounding annually over 20 years.

Comparing these figures, it becomes clear that the decision to build a house instead of renting has resulted in a significant loss. Over a span of 20 years, the loss incurred by building the house amounts to a staggering 10 crore rupees. This highlights the financial implications of the decision to build a house instead of opting for rental accommodation.

Unfortunately, many individuals have made the same mistake, realizing too late the financial drawbacks of owning a house. This has led to a situation where a large number of Kashmiri people are forced to live in rental accommodations, creating a social trap.

In conclusion, the example provided clearly demonstrates the financial implications of the decision to build a house instead of renting. It is imperative that we learn from these mistakes and start to think strategically about our housing decisions. We must prioritize the future of our society and focus on skill development to ensure a better standard of living for the generations to come. It is time to break free from traditional social pressures and create better living decisions for our society.

Expanding Comprehensive Cooperation

There were fruitful discussions between the two sides on comprehensive cooperation in the fields of defence, science and technology and trade. It is believed that this bonhomie between India and South Korea will cause great tension to N Korea's Kim Jong Un.

In his address at the Korea National Diplomatic Academy Jaishankar also said that trade apart, India and South Korea must recognise the strengths they both brought to the table.

Responding to a question related to India's production-linked ing measures to counter the common adversary i.e. China.

On March 7, addressing the first Raisina Roundtable in Tokyo, S Jaishankar, citing the turbulence in India's relationship with China amid the continuing border stand off, said that it is a cause of concern if a country doesn't observe written agreements with its neighbours

and also raises a question on the said country's intentions. EAM also said that when big power shifts take place in the Indo-

military ties amid growing tension from China and Russia in the region. She also said they agreed to look for possibilities to extend their cooperation to new areas of space and cyber security.

Defence Ties

The meetings between the Japanese Foreign Minister Yoshimasa Havashi and Defence Minister Yasukazu Hamada with their Indian counterparts, S Jaishankar and Rajnath Singh, in Tokyo, comes at to be seen as an equal partner in Quad, to gain the American confidence, as so far it has not been able to achieve the goals, for which it had joined the Quad.

n the last two years, every one in two flyers in India had experienced either their luggages having got lost or damaged as per survey conducted by Local-Circles, India's leading community social media platform. Not only in India, but throughout the world airpassengers getting separated from their luggages has become a routine affair, which is a nightmarish expe-

rience. Mishandling during transfer is one of the major reasons why luggage may be delayed or lost. This can occur when handlers do not have adequate time to transfer bags between flights. Other human errors, such as incorrect tagging or loading can also result in loss of luggages. Passengers lose control over what happens to their luggage once they check in at the airport. While it almost always arrives on the conveyor belt at the other end, we can never be totally sure until it actually arrives. It is all the more painful that lost baggage claims take a long time to be processed, particularly at times when airlines have more to deal with than normal. In the vast expanse of the Indian aviation landscape, passengers can no longer be treated as mere travellers, but as individuals

whose rights must be protected by aviation regulations, including those laid out by the Directorate General of Civil Aviation (DGCA). Improved professionalism can elevate business aviation's reputation by earning the confidence, trust and support of the passengers

Here's How You Can Have a Productive Ramazan

Sarah Koul

Ramazan is the most precious month in the islamic calendar. The gates of hell are shut and gates of heaven are thrown open and every believer is showered with a multitude of blessings for each of their good deeds. At the core, it is the opportunity for each muslim to connect to their spiritual sense by giving up all scripturally forbidden and restricted desires of the world.

When we fast, we do not only refrain from eating but from all forms of materialistic consumption, and what is spirituality if not the lack of desire for worldly ease? We may give up feeding our bodies but we start feeding our soul which relies and thrives upon the remembrance of our creator. This month of barakah which satiates the quench of our soul, must be lived exceptionally by drowning oneself in Ibadah and engaging in good deeds to benefit in this world and the hereafter.

It is the month of spiritual cleansing and purification for us. We should try to increase our worship, good deeds and acts of charity so that we are able to benefit from the immense blessings of Ramazan and seek salvation. Here are some ways you can make your Ramazan more productive and engage more with your deen than duniya.

JOURNALING

Make a journal consisting of goals and aims you want to achieve on a daily basis. For example, list out a few duas you want to repeat throughout the day, or set a goal of how many pages of the Quran you ought to complete. You can list your tasks you want to perform throughout the day and keep a check on your progress through your journal.

MEAL PREP IN ADVANCE

Women mostly have to spend more of their time in the kitchen preparing meals for iftaar and suhoor. You should help or prepare the meals in advance during the morning hours so that you can spend the rest of your day engaged in worship.

COMPLETING THE QURAN WITH TRANSLATION

The main purpose of the Quran is to guide us through every aspect of life. It is not just a book meant to be recited on a daily basis, it preaches us about almost everything encompassing life and hereafter. The Quran is meant to teach how we ought to spend our lives preparing for the hereafter, it is filled with guidance and knowledge and must not only be recited but also understood.

PONDERING OVER HADITH AND MEMORISING

Hadiths are the valuable sayings of our beloved Prophet Muhammad (PBUH) which teach us the noble way of life. They are a major source of religious law and moral guidance, second only to the authority of the Quran, the holy book of Islam. You can spare a few minutes of your time remembering hadits that shape our lives.

START READING SEERAH OF PROPHET (PEACE BE UPON HIM)

The biography of our beloved Prophet Muhammad (PBUH) which contains the history, events, wars, prayers and sayings of the last messenger of Allah and the struggle he has endured to spread islam across the globe and to our households. The Prophet(PBUH)'s character is an excellent example for us to follow, and we can learn this example by studying the seerah. Mohammed (PBUH) was a perfect model as a human being in each and every aspect of his life.Loving the Prophet (pbuh) is a necessity for every Muslim. Learning and reflecting upon his life will definitely increase your love for him. Love of the Prophet is what differentiates the believers in the perfection of belief. You can read about resources available on Prophet's Seerah on Kashmir Observer's article, "Indulge in Milad Spirit"

TAJWEED COURSES

Get enrolled in a tajweed program - so that you inculcate a better understanding of the Arabic language and read the Quran flawlessly without any doubts.

CONNECT AT TAHAJJUD

Pray tahajjud everyday - Praying tahajjud provides us with inner strength and mental peace. "Be vigilant in standing up [in prayer] at night, for it was the practice of the pious before you. It is a means of gaining proximity to Allah Ta'ala, expiation for transgressions and a barrier from sins." (Tirmidhi) Ramazan is the most convenient time to offer your tahajjud prayers, you can wake up minutes prior to suhoor to pray and beg to allah for this part of the night guarantees almighty's mercy and blessings upon you.

She reflects on the hypocrisy of society, its power to judge, the open-air arenas of family, friendship and grief, public image and revelation of the self in solitude.

Suhaiymah encourages the readers to consider the strangest, most exciting possibilities that occur when we surrender to another kind of sight. Submitting to the gaze of the Unseen and the All-Seeing, Manzoor-Khan invites us to close our eyes and discover what it would mean to look with our souls instead. A great book for self-reflection and turning our eyes inwards and towards the relationship between our souls and the One Who created them.

8. SCIENCE AND ISLAM: A HISTORY BY EHSAN MASOOD (ON THE ISLAMIC GOLDEN AGE)

If educational knowledge and Islamic History are what you're looking for, then Ehsan Masood's exploration of the Islamic Golden Age will be perfect for you. Between the 8th and 15th centuries, scholars and researchers working from Samarkand in modernday Uzbekistan to Cordoba in Spain advanced our knowledge of astronomy, chemistry, engineering, mathematics, medicine and philosophy to new heights. These scientists were part of a sophisticated culture and civilization that was based on belief in one God – a picture which helps to debunk the myth of the 'Dark Ages' in which scientific advance faltered.

Ehsan Masood weaves the story of these and other scientists into a compelling narrative, making this non-fiction book an easy read for all.

We hope these books can offer you guidance in moments of reflection, solace and comfort in moments of despair, inspiration when most needed, an illuminated path to follow the Sunnah and a way to deepen your bond with Allah SWT. May this Ramadan be a time of reflection, growth, and spiritual renewal for us all. Happy reading and Ramadan Mubarak!

Health Expert Warns Against Prematurely Ripened Fruit Due to Risks

Agencies

SRINAGAR: Experts have strongly advised against consuming earlyripened fruits, especially watermelon, due to potential adverse health effects. They said consumers can distinguish artificially ripened fruits by their taste, which often lacks the sweetness found in mature fruits.

Dr Mehraj D. Shah, Head of the Research Centre for Residue and Quality Analysis at SKUAST Kashmir said, "Watermelon is not our main crop. Usually, people use ethylene and other chemicals for the quick ripening of the fruit. Any chemical used for earlier ripening isn't good for health, whichever fruit it may be.'

He explained, "The maximum permissible level of pesticides is a limit for exported fruits and vegetables that most countries adhere to. Any consignment that exceeds such limits is rejected upon testing. However, such testing isn't conducted for domestic purposes, and these rules aren't applied for local use. It should be implemented here too."

Dr Shah said every pesticide,

On Prime Minister Narendra Modi's visit to Kashmir last week, Tarigami said it came as a disappointment for many while alleging that people were "forced" to attend his rally.

"The PM came here after a long time, especially after Jammu and Kashmir, and Ladakh suffered a setback. This was an unprecedented setback and there is no example of it in history.

"We did not have much hope (from PM's visit), but some sections were hopeful that there will be relief and some of the things snatched from us will be returned. However, that did not happen," he said.

In his speech, the prime minister only repeated what he has been saying for the last several years, Tarigami said.

"There was nothing new in the speech but for the first time, the administration was active in organising a rally of a political party. Had the PM come for a (official) function, we could understand," he said.

'Exposed' England Will Improve After India Drubbing: McCullum

Agencies

LONDON: England head coach Brendon McCullum said they will have to do some deep thinking about their approach after being "exposed" in the fi-nal four matches in India but is convinced their first series defeat under his watch will make them a better side.

The five-test series was billed as the biggest test of England's swashbuckling approach to test cricket, which is built around an aggressive, fearless brand of batting.

Their bid to hand Rohit Sharma's side their first test series defeat on home soil since 2012 got off to the perfect start with a thrilling win in Hyderabad, where Ollie Pope played arguably the best knock by a touring batter in India. But that was as good as it got for the tourists as India won the next four to prevail 4-1 and deflate the 'Bazball' hype

"Sometimes you can get away

with things, but when you're exposed in the way we have been in the back end of this series in particular, it does require some pretty deep thinking and some adjustment to make sure

we're staying true to what we believe in," McCullum told BBC Sport. "If anything we got more timid as the series went on and that was because of the pressure that was applied to us by the Indian line-up." England's batting was a major

disappointment and they sorely missed Harry Brook, who withdrew from the series due to personal reasons. McCullum said

England would be a better side when they host West Indies for a three-test series in July, followed by another home series against Sri Lanka.

"A lot of good will come out of this tour. I'm 100% positive about that," he added. "We will be a better cricket team for the experience, although it hurts a lot at the moment."

Tom Hartley and Shoaib Bashir were England's top wicket-takers and both impressed in their debut series, which could put Jack Leach under pressure as the team's preferred spinner.

"Jack will understand that himself," McCullum said of the left-arm spinner, who missed the last four tests against India with a knee injury.

"It's a good place to be when you've got depth and different types of options. We've got to embrace that and there will be some challenging selections throughout the summer."

Carey, Cummins Help Australia Sweep NZ Test Series

Talking Points From The Weekend Matches In European Football

Agencies

Talking points from the weekend in European soccer leagues:

FRANCE NICE IN A RUT

Nice's promising start to the season feels like a distant memory as they extended their winless streak to six league matches with a 2-1 loss to Montpellier on Friday.

Manager Francesco Farioli admitted it was a difficult time for the club, which seemed unstoppable just four months ago.

"The efforts the players put in to keep the team at the top of the table for six months required a lot of physical and mental energy," he said.

With Nice in sixth place and 16 points behind runaway leaders Paris St Germain, the dreams of a Ligue 1 title are all but lost.

"Everything we had managed to do at the beginning of the season, has been lost in recent weeks," Farioli added.

Their next match is a clash against PSG in the French Cup quarter-final.

GERMANY

BAYERN TURNAROUND?

Bayern Munich look to have turned a corner this week after qualifying for the Champions League last eight and Saturday's 8-1 demolition of Mainz 05 in the Bundesliga, with coach Thomas Tuchel earning praise.

behind

Tuchel, who will leave at the end of the season a year before the end of

his contract following an earlier bad run by Bayern, now looks to be making all the right moves with the Bavarians and is still in with a shot of silverware. With Harry Kane scoring seemingly at will and the defence that had been leaking goals all season

showing signs of stability, the team looks to be finding form after February's announcement of Tuchel's departure.

While the league title looks to have slipped away with the team 10 points leaders Bayer Leverkusen with nine games left, they still have the Champions League to look forward to.

SPAIN

REAL MADRID CEMENT TOP SPOT Real Madrid maintained their seven-point lead over

second-placed Girona by crushing Celta Vigo 4-0 on Sunday and Carlo Ancelotti's squad are beginning to

look like the title is theirs to lose.

Despite the absence of midfielder Jude Bellingham due to a two-match suspension, Real were dominant against Celta with 19-year-old Arda Guler scoring his first goal for the Spanish side, and Vinicius Jr netting his 10th of the season.

"We have done well, this an important moment of the season, every match can be a trap because you can slip but we are motivated and focused," Ancelotti said.

However, Girona still have hope of challenging for the title after rekindling their campaign with a 2-0

win over Osasuna to put them one point ahead of third-placed Barcelona.

ENGLAND SHOWS **GUARDIOLA RUTHLESS TOUCH**

When Manchester City's Kevin De Bruyne was substituted after 69 minutes of a rip-roaring contest at Anfield with the game locked at 1-1 and top spot up for grabs there was widespread surprise, not least from the Belgian playmaker. De Bruyne, a key component of five Premier League title triumphs,

was not impressed and made his feelings known to manager Pep Guardiola who sent on the more defensively-minded Mateo Kovacic.

City hung on for the draw in the face of a Liverpool onslaught, vindicating Guardiola's decision -- as if anyone would ever doubt the wisdom of the Spanish serial winner. It showed the high standards Guardiola sets and that no player, not even De Bruyne, is bigger than the collective.

He will have a chance in the next game to prove how wrong I was, so next time he'll have it. It's fine," Guardiola said.

"After seeking nine extensions for the notification of the rules, the timing right before the elections is evidently designed to polarise the elections, especially in West Bengal and Assam," the Congress leader said.

Kerala CM Pinaray Vijayan described CAA as a communally divisive law and asserted that it will not be implemented in the state.

According to the Manual on Parliamentary Work, the rules for any legislation should be framed within six months of presidential assent or the government has to seek an extension from the Committees on Subordinate Legislation in Lok Sabha and Rajya Sabha.

Since 2020, the Home Ministry has been taking extensions at regular intervals from the parliamentary committee for framing the rules.

No document will be sought from the applicants, an official said.

Assam and West Bengal, where the issue is politically very sensitive, have been given the powers so far.. With the Centre notifying the rules

of CAA, the demand of relocation of Rohingya refugees settled in Jammu has come to the fore with some political parties and social organisations batting for fulfillment of their demand, while the opposition is calling it a move to polarise the electorate.

According to government data, over 13,700 foreigners, including Rohingya Muslims and Bangladeshi nationals, are settled in the Union Territory (UT) of Jammu and Kashmir, where their population increased by over 6,000 between 2008 and 2016.

"The decision of the government to implement CAA is purely vote bank politics by the BJP. They are trying to get benefit by polarising the electorate," National Conference (NC) leader and former minister Ajay Sadhotra told PTI.

However the BJP welcomed it by saying that it is a relief to the persecuted persons.

"We welcome the decision of the government. It is a good step to grant citizenship to persecuted persons," J-K BJP chief spokesperson Sunil Sethi told PTI.

He said issues like Rohingya refugees settled in Jammu and Kashmir should be addressed by removing them from Jammu as they are a threat to security of the UT.

They are a burden on the resources of this country and they have no reason to reach Jammu from 3,000 kilometers away from the border area they have come from, Sethi said, adding that there is obviously some plan in this.

J&K Congress spokesman Kapil Singh hit out at the BJP government by saying that it is purely a step towards polarisation.

"Prime Minister Narendra Modi and the BJP government are claiming huge development in the country but it is clear that they want to take advantage of polarisation for electoral gains. This is a step towards that," Singh said. The Shiv Sena Dogra Front (SSDF), while welcoming the decision of the government, called for deportation of the Rohingya Muslims and Bangladeshis back to their countries. "We welcome the decision of the government. But we have been batting strongly that Rohingyas and Bangladeshis settled in Jammu should be deported back to their countries. There were huge agitations in this regard," SSDF president Ashok Gupta said.

Cases have been registered against people accused of providing shelter to the foreign immigrants in Satwari, Trikuta Nagar, Bagh-e-Bahu, Channi Himmat, Nowabad, Domana and Nagrota police stations.

During these searches, which were conducted in the presence of the magistrates, the police seized illegally-acquired Indian documents like PAN and Aadhaar cards and bank documents.

'No Citizenship

Parsis and Christians. he law will remove legal barriers to rehabilitation, and according citizenship will give a dignified life to the refugees who have suffered for decades, the sources said.

Many misconceptions have been spread regarding the Citizenship Amendment Act, they said.

This is a law to give citizenship and not take away citizenship of any Indian irrespective of their religion, the official said, adding the act is only for those who have suffered persecution for years and have no other shelter in the world except India. The Constitution of India grants the

government the right to provide citizenship from a humanitarian perspective to refugees who faced religious persecution in their countries.

The officials clarified that the implementation of the Citizenship Amendment Act was delayed due to the Covid pandemic.

The ruling BJP had said in its 2019 Lok Sabha election manifesto that the party is committed to enacting the Citizenship Amendment Bill for the protection of persecuted religious minorities from neighbouring countries.

Today, the Modi government has fulfilled this promise within the spirit of the Constitution, the sources said.

with institutional and non-institutional systems and empower them to contribute to nation building. Children in institutional care are being provided support to facilitate their re-integration into mainstream after attaining 18 years of age, the Lt Governor added.

The Lt Governor asked the Police and security forces to take preemptive measures to ensure that no innocent child falls victim to the adversary's nefarious design.

Those elements responsible for terrorism in J&K are making malicious attempts to lure young boys and girls into unlawful activities. Our Police and Security forces must remain vigilant. 'Don't Touch the Innocent and Don't Spare the Culprit' is our policy, he said.

He also highlighted the important role of stakeholders, volunteers and youth clubs in rehabilitation of the children in conflict with law.

Addressing the inaugural session, the Lt Governor shared the key initiatives taken by the administration towards developing a conducive environment for the care and protection of children in the Union Territory.

Juvenile Justice is an integral part of the nation's development. Juvenile Justice Rules 2021 were issued and the rules were notified under the Commission for Protection of Child Rights Act. Further, the Juvenile Justice Board was reorganized and the rehabilitation policy for children living in street situations was notified, the Lt Governor said.

Speaking on the reforms introduced in the last few years, the Lt Governor said that before 2019, there was no established mechanism for adoption of children in Jammu Kashmir. We have established UT Level Adoption Resource Agency and today 12 Specialized Adoption Agencies, Cradle Baby Reception are operational all over the Union Territory, he added.

He congratulated all the stakeholders on achievements registered in various fields like child care and adoption, and streamlining of the legal adoption process.

Since 2022-23, a total of 34 children have got homes. Also, 47 childcare institutions – 'Palash' and 'Parisha' for boys and girls have been established, he said.

Under the guidance of the Prime Minister, the policy of adopting older children has been simplified. In January 2023, Foster Care Fund was approved under the Juvenile Justice Act, the Lt Governor further added.

On the occasion, the Lt Governor called upon every section of the society to discharge their responsibility to provide support to children in need and to those who lost their parents during the Covid pandemic.

Replying to another question on the INDIA bloc and the People's Alliance for Gupkar Declaration (PAGD) difference, he said, "The PAGD was never an electoral alliance. It was an alliance based on ideology. Those parties who think that PAGD should benefit only from seat-sharing are blaming PAGD for the wrong reasons."

The former chief minister said that neither PAGD nor the INDIA bloc was just about seats for them.

"It was about ideas - it was about a goal. We stand by that goal. Those who feel that the INDIA alliance and the PAGD should only be about seats, this question is for them to answer, not for us," he said. Abdullah said that his party is com-

mitted to the idea of INDIA bloc and the PAGD.

"We have already given three seats to the INDIA alliance. What more do you want from us? Who is saying that we are not in the alliance? We don't have space to give them more seats. We have never broken an alliance. Out of six seats, three seats are already given in alliance," he added.

The former chief minister stated they have never said that they are not part of an alliance or breaking away from the alliance.

"We are always saying that make the INDIA alliance successful in the parliamentary elections and doors are open for the assembly elections," he added.

Reacting to PDP chief Mehbooba Mufti's remarks on seat-sharing, Abdullah said, "The PDP had committed to it. Mehbooba Mufti categorically said in the Mumbai conclave of the INDIA alliance that whatever decision Farooq Abdullah takes with regard to seat distribution for the Parliament in Jammu and Kashmir is acceptable to the PDP. We were all there: Torming Mufti's remarks to context

Terming Mufti's remarks to contest against him as unfortunate, he said that the INDIA bloc was never about personalities.

"It is okay if she wants to damage herself and the alliance. What can I say? First, she does not know whether I am contesting the elections or not. I don't know where I am contesting. If it is decided by my party that I have to contest then whoever wants to contest can do so. Who am I to stop anyone from contesting? Let anyone come and contest the elections, it is democracy," he said.

The NC leader said that he has never taken any election for granted.

"It won't be easy or difficult for me in case Mehbooba Mufti contests. It won't

make any difference for me," he added. **'Azad Was In Rajya**

minister Omar Abdullah said on Monday.

Abdullah, responding to the recent attacks by Azad on the National Conference (NC), asked if the DPAP leader had forgotten all previous "help" provided by the NC.

"I would like the same party (Azad's DPAP) to attack BJP with half the ferocity they attack us. It tells you their agenda. Everyone knows what it means to them when Azad praises the prime minister and criticises Farooq Abdullah sahib.

"Instead, Farooq Abdullah sent him twice to the Rajya Sabha when his own party was not interested in sending him to the Rajya Sabha" Omar told reporters "Let us see how the situation develops. BJP will find itself in its own trap. If J&K is normal, why can't you talk to Pakistan. If you don't talk to Pakistan, it means things aren't normal," he said.

HC Disapproves

The court's Single bench in the order dated 9 October 2015 took into account that the appointment of P Kor had been continued undisturbed for almost 16 years. Consequently, the Single Judge declined to interfere with her appointment at the instance of N A Ganie.

The Single Judge, also considering that N A Ganie was also seeking appointment to the post, had directed his appointment by way of transfer to the Hospitality and Protocol Department in the post for which he possesses the requisite qualifications. It was this order which had been challenged before the Division Bench in this appeal by the Union Territory of J&K.

"While we can understand the invocation of principle of equity to protect the services of a person who has served for a significant long period of time, even if the initial appointment may not be valid in terms of the statutory rules, we however, are unable to accept the second direction issued by the learned Single Judge to appoint the respondent No. 1 (N A Ganie) by way of transfer," the court said, adding, "The learned Single Judge directed the present appellants (government)....to appoint the petitioner (N A Ganie) by way of transfer in the Hospitality and Protocol Department on the post for which he possesses the requisite qualification."

Such direction for appointment by way of transfer may not be in conformity with the rules, inasmuch as, if there is any post in the Hospitality and Protocol Department, it should typically be filled in terms of the prescribed rules, the court said.

Unless there is a provision in the service rules for appointment to such post by way of transfer, the court said, the Writ Court (Single Bench) could not have issued any such direction.

"Under the circumstance, we modify the order dated 09.10.2015 passed by the learned Single Judge only to the extent qua the present respondent No. 1 (N A Ganie) that as and when there is any vacant post in the Hospitality and Protocol Department to which the petitioner is also eligible to be appointed, the Government can consider his appointment to such a post through transfer/ deputation, provided the rules permit, if the respondent No. 1 makes such an application," the Division Bench said, adding, "We have modified this order keeping in mind that it is primarily in the domain of the executive to see in what capacity or manner the post is to be filled up or utilized and if any such direction by the Writ Court dehors the rules, the same may not be permissible in law."

advocate Harish Salve, who was representing the bank, that the plea was "absolutely silent" about the steps taken to comply with its directions.

"Mr Salve, our judgement is dated February 15, 2024. We are now on the 11th of March. In the last 26 days, what extent of matching has been done by you? What steps have you taken in the last 26 days? The application is absolutely silent on that," the CJI said. Salve told the bench, also comprising Justices Sanjiv Khanna, B R Gavai, J B Pardiwala and Manoj Misra, that the bank can file a detailed affidavit on this aspect. "It should have been disclosed in the affidavit," the bench said.

Dharamveer Solanki, a leader of

Pakistani Hindu refugee families in Delhi, told PTI that around 5000 from the community will receive citizenship now.

"I and my family have been waiting for this for over a decade now. We are extremely happy that we will be finally called Indian citizens. I am glad I decided to return to my homeland in 2013," Solanki said.

Over 100 people lost their lives during the anti-CAA protests or police action. On Monday, security was stepped up in Shaheen Bagh, Jamia and other areas of the national capital as well as in various states where anti-CAA protests were held in the past.

On December 27, 2023, Union Home Minister Amit Shah said that no one can stop the implementation of the CAA as it is the law of the land and accused West Bengal Chief Minister Mamata Banerjee of misleading people on the issue.

Addressing a party meeting in Kolkata, Shah said it is the BJP's commitment to implement the CAA.

The TMC, led by Mamata Banerjee, has been opposing the CAA since the beginning.

The promise of implementing the controversial CAA was a major poll plank of the BJP in the last Lok Sabha and Assembly polls in West Bengal. The saffron party's leaders consider it a plausible factor that led to the rise of the BJP in Bengal.

In the last two years, over 30 district magistrates and home secretaries in nine states have been given powers to grant citizenship to Hindus, Sikhs, Buddhists, Jains, Parsis and Christians coming from Afghanistan, Bangladesh and Pakistan under the Citizenship Act, 1955.

According to the annual report of the Ministry of Home Affairs for 2021-22, from April 1, 2021, to December 31, 2021, a total of 1,414 foreigners belonging to these non-Muslim minority communities from the three countries were given Indian citizenship by registration or naturalisation under the Citizenship Act, 1955.

The nine states where Indian citizenship by registration or naturalisation is given under the Citizenship Act, 1955 to non-Muslim minorities from Pakistan, Bangladesh and Afghanistan are Gujarat, Rajasthan, Chhattisgarh, Haryana, Punjab, Madhya Pradesh, Uttar Pradesh, Delhi and Maharashtra.

Authorities of none of the districts of

Rakesh Kumar of Bajrang Dal also welcomed the move and called for immediate shifting of illegal immigrants in Jammu.

The rules for implementation of the contentious Citizenship (Amendment) Act, 2019 (CAA) were notified on Monday, paving the way for granting of citizenship to undocumented non-Muslim migrants from Pakistan, Bangladesh and Afghanistan, officials said.

With the CAA rules being issued, the Modi government will now start granting Indian nationality to persecuted non-Muslim migrants from Bangladesh, Pakistan and Afghanistan who came to India till December 31, 2014. These include Hindus, Sikhs, Jains, Buddhists, Parsis and Christians.

The CAA was passed in December 2019 and subsequently got the president's assent but there were protests in several parts of the country against it.

The law could not come into effect as rules had not been notified till now.

Following massive protests and agitation by most of the political and socioreligious parties in Jammu, the administration and police carried out a massive crackdown against the illegal immigrants in Jammu and Kashmir since 2021 to identify, isolate and put them in lodging centres.

During a verification drive in March 2021, the police found over 270 Rohingya Muslims living illegally in Jammu city and subsequently lodged them in a holding centre inside the Kathua sub-jail.

The arrests were made from Kishtwar, Ramban, Poonch and Rajouri districts, while 100 Rohingya and Bangladeshi nationals were booked, the officials said.

Over 110 FIRs have been lodged against those giving shelter to them and helping them in getting Aadhaar and other cards, they said. booths tailored for disabled individuals, and separate booths designated for youth in every district.

Moreover, specific polling stations will be staffed solely by women polling personnel, while others will be manned exclusively by personnel with disabilities. Additionally, booths will be operated by youth under 25 years who have served in government roles for at least three years. "Stringent training has been pro-

vided to all polling personnel, ranging from District Election Officers to Sub-Divisional Magistrates (SDMs) and police officers, ensuring their preparedness for the electoral process. Training sessions have been conducted in three phases at the district level to equip personnel with the necessary skills and knowledge," CEO said.

It was informed further that with an electorate of 86.39 lakh voters, including 2.31 lakh new voters, across 11,629 polling stations, comprehensive arrangements have been made to ensure the smooth conduct of elections. Notably, 629 new polling centers have been established to accommodate the growing voter base. Additionally, measures such as the provision of reserve Electronic Voting Machines (EVMs) and Voter Verified Paper Audit Trail (VVPAT) machines have been put in place to address any technical contingencies.

Furthermore, the possibility of installing GPS devices on election vehicles is being explored, enabling real-time tracking and monitoring of their movements. "This initiative aims to enhance logistical efficiency and ensure the timely transportation of essential election equipment, including EVM machines," officials said. (KNO)

the Lok Sabha elections," he told reporters here in reply to a question about whether the National Conference (NC) will meet the Election Commission of India team, scheduled to visit Jammu and Kashmir.

Abdullah said that his party leaders would meet the team and raise this demand.

"I won't meet them (ECI team). Our party leaders will meet them. The provincial presidents of Jammu and Kashmir regions, along with the leaders, will meet the ECI team in Jammu and Srinagar, respectively," Abdullah said.

The former chief minister said if the Lok Sabha elections can be held in Jammu and Kashmir then why can't the assembly elections be held simultaneously. "It will be unfair to people if the elec-

tions to the assembly are not held along with the Lok Sabha polls to save the BJP. If the situation is conducive to holding the Lok Sabha polls and getting employees to take part in the PM's rally in Srinagar then assembly elections are also possible," he said.

Replying to a question about the Congress leaders' remarks that they wanted to give one seat to the PDP, the NC leader hit out at them and said, "Who is the Congress to give away seats. If the Congress is interested in giving a seat to the PDP, they better their seats. They have three seats. They have Jammu, Udhampur and Ladakh seats. Who is stopping them? Let them give."

He further said the NC is open to seatsharing on three seats but blamed for rigidity.

rigidity. "It is fifty per cent. Show me any state in which seat sharing has a 50 per cent ratio," he said.

Abdullah said there is very little scope for the PDP to win on three seats in

here in response to Azad's remarks on the NC and the Peoples Democratic Party (PDP) during his election rallies.

Taking another dig at him, Omar questioned Azad whether he had forgotten the time when he used to call to remove PDP's Mufti Mohammad Sayeed in 2005. Azad enjoyed power with us, the NC vice president said.

"He reached the Rajya Sabha because of our members. How his wife Shameema Ji wept while calling Dr Farooq Abdullah sahib that you gave a new lease of life in politics to Azad sahib. Has he forgotten everything? Time has changed. He has also changed," he said.

Omar said that Azad should not forget that he was in the Rajya Sabha for 12 years due to the NC. "He is enjoying the house in which he lives today because of us," the NC leader said.

On the central government's plans to implement the Citizenship Amendment Act before the general elections, Omar asked, "Why have they not brought it till now. What are they waiting for? Why don't they come out with the notification on the reservation of Paharis too? We want to know how you are going to implement it. Who are you including in Paharis? What you are saying in terms of reservation won't benefit Paharis. It is to deceive them before elections to get their votes."

He made the remarks shortly before the Union Home Ministry notified rules for the CAA on Monday.

To a question on the electoral bonds issue, the former chief minister said those who have "control" over the SBI are being "protected".

"Who has taken the highest electoral bonds? Who is to be saved? They will not protect those who have taken the lowest bonds. They don't want to inform people how many bonds have been taken by a particular party. Who has control over SBI. I and the INDIA alliance do not have that control," he said.

"The good thing is that the Supreme Court has rejected their argument. They have told them to submit information by March 12. We will also come to know who has got what. We got very little. We have not even come on the list of ECI," he said.

When asked about resumption of dialogue with Pakistan, Omar said it was "not just up to India but also on the other side" to start talks. Justice Khanna observed that the SBI is the number one bank of the country and the court expects that it will be able to handle the issue.

During the hearing, the CJI observed that an assistant general manager of the bank has filed an affidavit in support of the application moved in the top court for modification of an order of a constitution bench.

"It is serious matter when you ask for modification of an order of the constitution bench," Justice Chandrachud said.

When Salve argued the SBI's "big concern" was that it cannot make a mistake in this as it may get sued by the donors, Justice Gavai told him, "Whatever you are doing, you are doing under the directions of the highest court of the country. Where is the question of you being sued?"

The senior advocate said if the bank makes a mistake in a hurry to give the numbers, it might create havoc.

Salve told the bench that as per the apex court's February 15 direction, the SBI has stopped issuance of electoral bonds.

"Even your FAQs (frequently asked question), which were shown to us during the hearing, indicate that for every purchase, you have to have a separate KYC (know your customer)," the bench said, adding, "Therefore, it is very clear that every time somebody made a purchase, a KYC was mandated".

Salve said the bank have full details of who purchased the bonds and this detail is put in one silo of information.

He said the SBI has complete details of which political parties tendered how many electoral bonds and who has been paid how much.

While asking the SBI to disclose the details of electoral bonds to the EC on March 12, the bench directed the poll panel to publish the details shared by the bank on its official website by 5 pm on March 15.

It also put the SBI on notice that the top court may be inclined to proceed against it for "wilful disobedience" of its February 15 verdict if the bank failed to comply

On Oscars carpet, red pins worn to call for cease-fire in Gaza Strip

Agenceis

Singer Billie Eilish and actor Mark Ruffalo were among the attendees of the Academy Awards on Sunday night who wore red pins calling for a cease-fire in the Israel-Hamas war, a notable exception to an awards season in which many Hollywood stars have been reluctant to draw attention to the conflict.

The pins were provided by Artists4Ceasefire, a group of celebrities and members of the entertainment industry who signed an open letter urging President Joe Biden to call for a cease-fire. The nearly 400 signatories include Bradley Cooper and America Ferrera, who were Oscar nominees this year, as well as Cate Blanchett, Drake and Jennifer Lopez.

tive support for an immediate and permanent cease-fire, the release of all of the hostages and for the urgent delivery of humanitarian aid to civilians in Gaza," Artists4Ceasefire said in a news release. "Compassion must

opportunity to call for a cease-

fire. "This isn't about political strategy, this isn't about going tit-for-tat," he said Sunday. "It's about something really simple, which is just: Hey, let's stop killing kids." The Israel-Hamas war has

been a relatively minor presence on red carpets since the Golden Globe Awards in January, when stars including "Succession" actress J. Smith-Cameron wore yellow ribbons to signal solidarity with hostages being held by Hamas.

The Artists4Ceasefire pins have made intermittent appearances at events leading up to the Oscars.

Members of indie rock trio boygenius attached the pins to the lapels of their white Thom Browne suits at the Grammy Awards last month, and actors Tony Shalhoub and Ebon Moss-Bachrach wore the pins on the red carpet at the Screen Actors Guild Awards soon after.

Ruffalo, who was nominated for the Oscar for best supporting actor for his role as a slick suitor in "Poor Things," also wore one of the red pins to the Directors Guild of America Awards in February.

"We're not going to bomb our way to peace, and all we're saying is, what's wrong with giving a cease-fire a chance?" Ruffalo told Deadline on the DGA red carpet.

More than 30,000 people have been in killed in the Gaza Strip in the war, according to Gaza officials, and about 1,200 people

attack on Oct 7.

Award show red carpets have offered ample opportunities for stars to draw attention to issues of their choosing, although those gestures have sometimes been criticized as hollow. Blue ribbons were the accessory of choice at the 2023 Oscars to voice support for refugees. Women in Hollywood wore black to the Golden Globes in 2018 in solidarity with victims of sexual harassment, and Natalie Portman wore a cape embroidered with the names of female directors to the 2020 Oscars.

As Hollywood stars have become increasingly vocal about political leaders, abortion rights and racial inequality on award show stages, many have remained comparatively quiet regarding the war in the Middle East. That changed slightly at the Grammy Awards last month, where Annie Lennox shouted a call for a cease-fire at the end of her musical tribute to singer Sinead O'Connor.

The Los Angeles Police Department said it was anticipating possible protests related to the Israel-Hamas war on the day of the Oscars, and that it would ramp up security around the Dolby Theater, where the award show is held.

Youssef said that artists played a special role in encouraging viewers to engage with humanitarian issues. "There's that term 'talking heads' - I think artists are talking hearts," he said. "We're appealing on an emotional level.

Iran's Hamadan designated as Asian Capital of Tourism in 2024

Agenceis

Asian Mayors Forum has designated the Iranian western city of Hamadan as the Asian Capital of Tourism in 2024.

The significant announcement, marking Hamadan as the nucleus of tourism in Asia, was made on Wednesday by the Asian Mayors Forum (AMF), which is an international nongovernmental organization that seeks to expand and exalt the relations and cooperation between mayors and city managers in Asia.

Separately on Wednesday, Hamadan's Mayor Masoud Hosseini, while announcing the news at a press conference, hailed the efforts made by the Hamadan City Council to introduce the city's tourism potential

to the world. He also praised activities undertaken by the city's Municipal Tourism Headquarters in urban tourism, saying that the center has so far taken significant steps toward introducing the city's tourism potential.

Hosseini also expressed hope that with the close cooperation of Hamadan's municipality and the AMF, the city can introduce its tourism capacities more than before.

Believed to be among the oldest Iranian cities, Hamadan (or Hamedan) is the capital city of an eponymous province in western Iran, offering an enormous wealth of tourist attractions, including Ali-Sadr Cave, Tomb of Abu Ali Sina, Ganjnameh Ancient Inscriptions, and Alaviyan Dome, which guarantee a rewarding visit.

In its announcement on Wednesday, the AMF also designated the Iranian southern city of Shiraz as the Asian Capital of Environment in 2024.

NEW YORK: Dozens of Muslim worshippers gathered in New York's Times Square Sunday to mark the start of the holy month of Ramadan, with some displaying Palestinian flags in solidarity with people in Gaza. They performed Taraweeh, special Ramadan night prayers,

against the backdrop of the bright LED advertising billboards that illuminate the Manhattan landmark. "It's good to come here as

Muslims. I saw Muslims from everywhere - I was surprised, it's my first time here. I wanted to come and see the community," said one of the worshippers, Salman Al-Hanafy, 20, a forklift operator from Cairo who wore a pristine white thobe.

More than 100 faithful gathered for the prayer meeting despite cold, windy conditions, with a vocalist chanting Nasheeds, and children reciting from the Qur'an, copies of which were offered to both Muslims and curious passersby. "A lot of people are interested in the Qur'an, we have almost

run out of French ones. It explains the importance of fasting during Ramadan," said Ahmad Yasar, 20, an IT student in New York as a mound of donuts were delivered to him and his team handing out the holy books. Observant Muslims refrain

from eating and drinking from dawn to dusk during Ramadan and gather with family and friends to break the fast in the evening. It is also a month of prayers during which Muslims traditionally converge in large numbers at mosques, especially at night.

Organizers projected prayers from the Qur'an onto a white sheet that was buffeted by the wind as giant ads for Broadway musicals and candy glowed overhead.

Yasar said that communal prayer meetings were important to "raise awareness and show people what's going around the world" - including in Gaza.

Nearby a speaker had the red, white, green and black colors of the Palestinian flag emblazoned on his hat, while a young boy in an electric wheelchair flew the banner.
